Independent Auditors' Report

Plan Administrator
Metric Engineering Savings and Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have audited the accompanying financial statements of **Metric Engineering Savings and Retirement Plan** (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of **Metric Engineering Savings and Retirement Plan's** financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").

- the information in the financial statements referred to above, related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of **Metric Engineering Savings and Retirement Plan** and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about **Metric Engineering Savings and Retirement Plan's** ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if

there is a substantial likelihood that individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of **Metric Engineering Savings and Retirement Plan's** internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about **Metric Engineering Savings and Retirement Plan's** ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule H, Part IV, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2025 and the Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, (referred to as the "supplemental schedules") are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain

additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note A. Description of the Plan

The following description of the Metric Engineering Savings and Retirement Plan (the "Plan") provides general information regarding the Plan. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Metric Engineering, Inc. (the "Company") covering eligible employees of the Company and its participating employer, Metric Consulting, LLC.

Empower Trust Company, LLC and Empower Annuity Insurance Company of America, collectively, are the trustees of the Plan and serve as the Plan's custodians. Empower Annuity Insurance Company of America is the recordkeeper of the Plan. Management of the Company controls and manages the operation and administration of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Contributions

Eligible employees may participate in the Plan upon commencement of employment and enter the Plan on the first day of the month coinciding with or the next following their eligibility date, subject to the exclusions and other provisions contained in the Plan document.

The Plan includes an automatic contribution arrangement under which certain eligible employees are automatically enrolled at 3% of base compensation unless they elect a different contribution rate or elect not to participate. The automatic deferral rate increases by 1% each Plan year to a maximum of 5%.

Participants may elect to defer up to 75% of base compensation on a pre-tax or Roth basis, subject to limitations established by the Internal Revenue Code (the "Code"). The maximum allowable elective deferral was $23,500 and $23,000 for the years ended December 31, 2025 and 2024, respectively. Participants who attained age 50 before the end of the applicable Plan year were eligible to make catch-up contributions of up to $7,500 in both 2025 and 2024. Certain participants who attained ages 60 through 63 during 2025 were eligible to make increased catch-up contributions of up to $11,250, subject to the applicable provisions of the Plan and the Code. Participants may also contribute eligible rollover amounts from other qualified retirement plans.

During 2025 and 2024, the Company contributed 50% of the first 6% of base compensation that a participant contributed to the Plan. Participants direct the investment of their accounts among the investment options offered by the Plan.

Note A. Description of the Plan – continued

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions and allocations of Company contributions and Plan earnings or losses, and is charged with applicable administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service, beginning at 20% after two years and increasing 20% per year through four years, with participants reaching 100% vesting after five years of service. Upon termination of employment, a participant's non-vested amounts are forfeited in accordance with the Plan document.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative fees and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024.

Participants may borrow a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance, subject to the additional limitations in the Plan loan policy. A participant may have one loan outstanding at a time. General-purpose loans bear interest at a fixed rate of 6% and are repayable over a period of 12 to 60 months. Loans used to purchase a principal residence bear interest at a fixed rate of 6% and are repayable over a period of 61 to 120 months. Principal and interest loan repayments are made through payroll deductions for current employees. The Plan recordkeeper administers notes receivable from participants.

Payment of Benefits

Upon termination of employment, a participant may elect to receive the vested portion of the participant's account in a lump-sum payment, installments, or partial distributions, subject to the applicable Plan provisions. Upon a participant's death, the participant's vested account balance is payable to the participant's beneficiary in accordance with the Plan document.

In-Service Distributions

The Plan permits certain in-service distributions upon attainment of age 59½ or financial hardship and permits distributions from rollover accounts, subject to the applicable contribution source, vesting requirements, and other provisions of the Plan. Except for hardship and deemed-severance distributions, a participant must be 100% vested in the account from which an in-service distribution is made.

Note A. Description of the Plan – continued

Forfeited Accounts

If a participant terminates employment before becoming fully vested, the non-vested portion of the participant's account is forfeited in accordance with the Plan document. Forfeitures of non-vested employer contributions during the years ended December 31, 2025 and 2024 amounted to $106,451 and $51,443, respectively. Forfeitures may be used to pay reasonable Plan expenses or allocated as additional discretionary matching or nonelective contributions.

At December 31, 2025 and 2024, forfeited non-vested accounts totaled $222,047 and $119,709, respectively. Forfeitures applied toward Company matching contributions during the years ended December 31, 2025 and 2024 were $6,537 and $150,225, respectively.

Note B. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for the fully benefit-responsive guaranteed investment contract, which is reported at contract value as described in Note H. Mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end. Collective trusts and pooled separate accounts are valued using net asset value per share or unit as a practical expedient. See Note D for additional information regarding fair value measurements.

The Plan presents in the Statement of Changes in Net Assets Available for Benefits net appreciation (depreciation) in the fair value of its investments, which consist of realized gains or losses, represented as an excess (shortfall) over market values at the beginning of the year, and unrealized appreciation (depreciation) on investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note B. Summary of Significant Accounting Policies – continued

Excess Contributions Payable

During 2025 and 2024, there were excess employee contributions of $15,072 and $48,245, respectively. The Plan distributed the 2025 and 2024 excess contributions to the applicable participants prior to March 15th of the following year.

Payments of Benefits
Benefits payments to participants are recorded when paid.

Note C. Information Certified by the Plan's Trustee

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Trust Company, LLC, and Empower Annuity Insurance Company of America, the Trustees for the Plan, have certified as to the completeness and accuracy of all the investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024, the supplemental Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, and the related investment activity reflected in the Statement of Changes in Net Assets Available for Benefits for the years ended December 31, 2025 and 2024.

The Plan holds a fully benefit-responsive guaranteed investment contract. The total contract value, including $222,047 and $119,709 of unallocated forfeitures, was $1,809,535 and $1,695,615 at December 31, 2025 and 2024, respectively.

The Plan's investments in pooled separate accounts were $2,266,365 and $2,125,062 at December 31, 2025 and 2024, respectively.

The Plan's investments in collective trusts were $15,226,273 and $12,308,555 at December 31, 2025 and 2024, respectively.

During 2025 and 2024, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $4,166,926 and $3,332,764, respectively.

Note D. Fair Value Measurements

The FASB has established a framework for measuring fair value in ASC 820, Fair Value Measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Note D. Fair Value Measurements – continued

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies for assets measured at fair value. There have been no changes in methodologies used at December 31, 2025 and 2024.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year-end. The mutual funds held by the Plan are deemed to be actively traded and have a readily determinable fair value.

Collective trusts: Valued as determined by the custodian based on net asset values and recent transaction prices. Net asset values per share are generally obtained directly from the fund house or other investment provider.

Pooled Separate accounts: Pooled separate accounts (PSAs) are valued at the net asset value of the units held. The NAV is based on the fair value of the underlying investments held by the PSA less its liabilities. The fair value of the underlying investments, which can consist of a single mutual fund or multiple securities, is determined using market quotations or prices obtained from independent pricing sources. The NAV, as provided by Empower Trust Company, LLC is used as a practical

Note D. Fair Value Measurements – continued

expedient to estimate fair value. NAV would not be used if it was probable that the investment would not be traded at NAV. The PSAs provide for daily redemptions by the Plan at reported NAV with no advance notice. There are no unfunded commitments related to these investments. These are direct filing entities.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	As of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Registered investment companies (Mutual Funds)	$ 16,988,043	$ -	$ -	$ 16,988,043

Common-collective trusts	$ 12,308,555	N/A	Daily	None

Note E. Plan Amendment or Termination

Although they have not expressed any intent to do so, the Company and its participating employer have the right under the Plan to discontinue contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. The employer has the right to amend the Plan at any time.

Note F. Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of the statements of net assets available for benefits at December 31, 2025 and 2024, and the statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024 to the Form 5500:

	2025	2024
Net assets available for benefits per financial statements	$ 36,822,078	$ 32,084,482

Note G. Tax Status

The underlying non-standardized prototype plan has received an opinion letter dated November 14, 2022, stating that the written form of the underlying prototype document is qualified under Section 401 of the Code. Therefore, the related trust is tax-exempt. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. As described in Note L, management identified certain eligibility and automatic-enrollment operational errors and is evaluating the required corrective action. Management believes that any corrective action required under applicable IRS and Department of Labor correction programs will be sufficient to preserve the Plan's qualified status and that the related trust will continue to be tax-exempt.

Note G. Tax Status – continued

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdiction; however, there are currently no audits for any tax periods in progress.

Note H. Guaranteed Investment Contract

The Plan has entered into a group annuity contract with Empower Annuity Insurance Company of America. The total contract value of the guaranteed investment contract, including unallocated forfeitures, was $1,809,535 and $1,695,615 at December 31, 2025 and 2024, respectively. The contract meets the fully benefit-responsive investment contract criteria and is therefore reported at contract value.

The contract is credited with participant contributions and earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The crediting rate is compounded daily to the effective annual interest rate. The crediting rate is based on the earnings of the issuer's underlying general account portfolio, is reset quarterly, and will not be less than the contractual minimum.

Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan’s ability to receive amounts due is dependent on the issuer’s ability to meet its financial obligations. The issuer’s ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) bankruptcy of the Plan’s sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan, (3) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transactions exemption under ERISA or (4) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan’s investment guidelines, (2) breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuer.

Note I. Related Party and Party-in-Interest Transactions

The Plan invests in shares of mutual funds and a guaranteed investment contract, as included in the supplemental information in Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year). Empower Trust Company, LLC and Empower Annuity Insurance Company of America are parties-in-interest to the Plan and, therefore, these transactions qualify as party-in-interest transactions.

As of December 31, 2025 and 2024, notes receivable from participants amounting to $430,794 and $406,771, respectively, also qualify as party-in-interest transactions. During the years ended December 31, 2025 and 2024, the Plan paid $95,175 and $96,377, respectively, in administrative expenses, of which $23,922 and $10,250 were for recordkeeping services to Empower in 2025 and 2024, respectively.

Note J. Contingencies

Except for the operational matters described in Note L, there were no other unusual or infrequent events or transactions that might significantly affect the usefulness of the financial statements in assessing the Plan's present and future ability to pay benefits.

Note K. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note L – Prohibited Transactions and Operational Compliance Matters

Late Remittance of Participant Contributions

During the year ended December 31, 2024, participant salary deferrals totaling $1,740 related to two payroll periods were not remitted to the Plan on the earliest date on which such amounts could reasonably be segregated from the assets of the Company. Under Department of Labor ("DOL") regulations, participant contributions become plan assets on the earliest date they can reasonably be segregated from the employer's general assets. Accordingly, the delayed remittances constituted nonexempt prohibited transactions under ERISA and the Internal Revenue Code.

The delinquent participant contributions were remitted to the Plan during 2024. In November 2025, lost earnings of $5.80 were deposited to the affected participants' accounts for one of the two payroll periods. As of October 15, 2026, lost earnings associated with the remaining payroll period had not been deposited and the related excise tax had not been paid. Accordingly, a portion of the prohibited transaction remained uncorrected as of the date the financial statements were available to be issued. See the accompanying Schedule H, Part IV, Line 4a - Schedule of Delinquent Participant Contributions.

Note L – Prohibited Transactions and Operational Compliance Matters – continued

Correction of Missed Deferral Election Errors

During 2024 and 2025, the final paychecks of certain terminated participants were processed without applying the elective deferral elections on file. The Company corrected the failure under the Internal Revenue Service ("IRS") Employee Plans Compliance Resolution System ("EPCRS"). In 2024, the Company deposited qualified nonelective contributions of $179,284 to correct missed deferrals for affected participants. In November 2025, the Company deposited qualified nonelective contributions of $8,438 related to pay dates from January 2024 through October 2025 and allocated corrective matching contributions of $6,531. Earnings of $1,095 were credited to the affected participants' accounts on November 20, 2025. The qualified nonelective contributions are included in employer contributions in the accompanying Statements of Changes in Net Assets Available for Benefits.

Eligibility and Automatic Enrollment Operational Failure

The Plan document does not exclude employees from participation solely on the basis of part-time or temporary employment status. Beginning in 2018, no elective deferrals were withheld from the compensation of certain part-time and temporary employees who were otherwise eligible and subject to the Plan's automatic contribution arrangement. Management is evaluating the underlying data and the circumstances that led to the failure to determine the appropriate course of action.

As of October 15, 2026, management had not completed its review, including the determination of the affected employee population or the amount, if any, of corrective contributions. Because the amount was not reasonably estimable and the Company had not committed to fund any corrective contributions as of December 31, 2025, no contribution receivable has been recorded in the accompanying financial statements.

Note M. Subsequent Events

Plan management evaluated subsequent events for potential recognition and disclosure through October 15, 2026, the date the financial statements were available to be issued. As described in Note L, management continued to evaluate the eligibility and automatic-enrollment operational failure affecting certain part-time and temporary employees. As of October 15, 2026, the affected population and the amount of the corrective contributions had not been determined. Because the amount was not determinable and the Company had not committed to make the contributions as of December 31, 2025, no contributions receivable were recorded in the accompanying financial statements. No other subsequent events or transactions were identified that require recognition or disclosure in the financial statements.
