INDEPENDENT AUDITORS' REPORT

To the Participants and Plan Administrator of the
First Choice Health Centers, Inc. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the First Choice Health Centers, Inc. 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

FIRST CHOICE HEALTH CENTERS, INC.
401(K) PROFIT SHARING PLAN

Notes to the Financial Statements

December 31, 2025 and 2024

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the First Choice Health Centers, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document and amendments for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan established by First Choice Health Centers, Inc. (the "Company" or "Employer") under the provisions of Section 401(a) of the Internal Revenue Code ("IRC") covering all employees of the Company who elect to participate and have completed six months of service and obtained the age of 21. In addition, long-term, part-time employees who complete two consecutive 12-month periods, each with at least 500 hours of service, are given the opportunity to participate in the employee deferral component of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Contributions - Each year, participants may contribute a percent of pretax annual compensation, as allowed by the Plan and IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans ("rollover"). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan provides for non-discretionary Employer matching contributions for contributing employees. The Employer's safe harbor matching contribution is equal to 100 percent of the first 3 percent and 50 percent of the subsequent 2 percent of salary deferrals of eligible compensation for the year ended December 31, 2025. The Company may also make discretionary non-elective contributions to the Plan, as defined by the Plan, in an amount that the Company determines each Plan year.

Participant Accounts - Each participant's account is credited with the participant's contribution, as well as allocations of the Company's discretionary and non-discretionary contributions and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are vested immediately in their contributions and the Employer's safe harbor matching contribution plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts is based on years of continuous service. After two years of service, as defined, a participant is 20 percent vested. For each subsequent year, a participant is vested an additional 20 percent. A participant is fully vested in the Company's discretionary contributions after 6 years of credited service.

NOTE 1 – DESCRIPTION OF THE PLAN *(CONTINUED)*

Payment of Benefits - On termination of service due to death, disability, retirement, or other reasons, a participant can elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. On termination, participants with vested account balances totaling less than $5,000 receive an automatic distribution in accordance with the terms of the Plan. The Plan also provides for in-service withdrawals by participants who have attained the age of 59 ½. Withdrawals from a participant's pre-tax deferral accounts may also be made in the event of a financial hardship or under other certain circumstances, in accordance with the provisions specified in the Plan.

Forfeited Accounts - Forfeited accounts are non-vested Company discretionary contributions forfeited by employees who terminate their employment or withdraw from the Plan. These accounts may be used to reduce future Employer contributions or pay Plan expenses. At December 31, 2025 and 2024, there were no forfeited non-vested accounts. During 2025, no forfeited non-vested accounts were used to reduce Plan expenses or Employer contributions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value, except for the insurance company general account, which was reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisors and the custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits - Benefits are recorded when paid.

Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation/depreciation in fair value of investments.

Subsequent Events - The Plan has monitored and evaluated any subsequent events for footnote disclosures or adjustments required in its financial statements for the year ended December 31, 2025 through October 12, 2026, the date on which financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the input to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available.

There are no plan assets requiring the use of Level 2 or 3 inputs for the periods presented and there were no changes in the methods used to measure fair value at December 31, 2025 and 2024.

Level 1 Fair Value Measurements - The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value ("NAV") and transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Investments measured at NAV - The Plan invests in a common/collective trust fund for which quoted prices are not available in active markets for identical instruments. The Plan utilizes the NAV provided by the trustee as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the common/collective trust fund, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations would be carried out in an orderly business manner. The common/collective trust fund is not required to be classified within a level on the fair value hierarchy.

There were no participant redemption restrictions for the common/collective trusts; the redemption notice period was only applicable to the Plan. As of December 31, 2025 and 2024, there were no unfunded commitments, daily redemption restrictions and a 12-month redemption notice period.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31,:

	Assets at Fair Value at December 31, 2025				
	Level 1	Level 2	Level 3	Total	
Registered investment companies (mutual funds)	$ 5,501,370	$ -	$ -	$ 5,501,370	
Total investments within the fair value hierarchy	5,501,370	-	-	5,501,370	
Common/collective trusts				73,860	
Total investments, at fair value	$ 5,501,370	$ -	$ -	$ 5,575,230	(a)

	Assets at Fair Value at December 31, 2024				
	Level 1	Level 2	Level 3	Total	
Registered investment companies (mutual funds)	$ 4,876,355	$ -	$ -	$ 4,876,355	
Total investments within the fair value hierarchy	4,876,355	-	-	4,876,355	
Common/collective trusts				32,003	
Total investments, at fair value	$ 4,876,355	$ -	$ -	$ 4,908,358	(a)

NOTE 3 – FAIR VALUE MEASUREMENTS *(CONTINUED)*

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

NOTE 4 – BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan offered an insurance company general account totaling $46,507 as of December 31, 2024, which carried a benefit-responsiveness feature that allowed Plan participants to make exchanges or request benefit payments at contract value. Voya Retirement Insurance and Annuity Company ("Voya") maintained the contributions to the investment in a fixed account. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The insurance company general account investment issuers were contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the insurance company general account has a benefit-responsiveness feature, contract value is the relevant measurement attributable for that portion of the net assets available for benefits. Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawals or transfer of all or a portion of their investment at contract value.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including partial or complete Plan termination or merger with another Plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures, or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such events, which would limit the Plan's ability to transact at contract value with participants, is probable.

NOTE 5 – TAX STATUS

The Plan is a prototype pre-approved plan. The Internal Revenue Service ("IRS") has informed ADP, LLC by a letter dated October 6, 2020, that the form of the prototype plan is acceptable under section 401(a) of the IRC. As such, the Plan is exempt from federal income tax, and amounts contributed by the Employer will not be taxed to the participant until the participant receives a qualifying distribution from the Plan. The Plan has been amended since ADP, LLC received the opinion letter, but the Employer believes that the Plan is operating in accordance with the applicable sections of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 – RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by ADP Retirement Trust Services, LLC ("ADP") and Reliance Trust Company ("Reliance"). ADP served as the trustee of the Plan's assets and recordkeeper of the Plan during 2025, and Reliance served in those capacities during 2024. Accordingly, transactions involving these entities qualify as party-in-interest transactions. ADP, Reliance, and other parties-in-interest perform certain administrative, advisory, and recordkeeping services for the Plan. Fees paid by the Plan to these firms totaled $29,435 for the year ended December 31, 2025.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 8 – CERTIFIED INFORMATION

Information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including all investments held at December 31, 2025 and 2024, and net appreciation in fair value of investments for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by ADP as of and for the year ended December 31, 2025 and Reliance Trust Company as of December 31, 2024, the trustees of the Plan.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan provides various investment options. The underlying investments held by the registered investment companies may include stocks, bonds, fixed income securities and other investment securities. Such investments are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
