INDEPENDENT AUDITOR'S REPORT

To the Retirement Committee
MaxUS Operations, LLC and Affiliates 401(k) Plan
Elkhorn, WI

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of MaxUS Operations, LLC and Affiliates 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of [December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of MaxUS Operations, LLC and Affiliates 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note B to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of MaxUS Operations, LLC and Affiliates 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about MaxUS Operations, LLC and Affiliates 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of MaxUS Operations, LLC and Affiliates 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about MaxUS Operations, LLC and Affiliates 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A -- Description of the plan and significant accounting policies

The following description of the MaxUS Operations, LLC and Affiliates 401(k) Plan ("the plan") provides only general information. Participants should refer to the plan document for a more complete description of the plan's provisions. The employer, as described below, has adopted the Associated Trust Company, N.A. Non-standardized Profit Sharing.401(k) Plan, effective September 11, 2024. The plan has an original effective date of January 1, 1987.

General

The plan is a defined contribution plan covering all eligible employees of MaxUS Operations, LLC, Max Pax, LLC, MaxPax 1140, LLC and US Packaging, LLC (herein referred to as "the company or employer") who have completed at least 500 continuous hours of service in a six month period of employment or the completion of one year of service and are age twenty-one or older. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Retirement Committee is responsible for overseeing governance of the plan, determines the appropriateness of the plan's investment offerings and monitors investment performance.

The Plan's federal identification number is 46-2715562 and the plan's number is 001.

Contributions

Each year, participants may contribute up to the maximum amount allowed by law. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined-benefit or defined-contribution plans. Participants direct the investment of their contributions into various investment options offered by the plan. The employer contributes 50% of the first 4% of eligible compensation as a discretionary matching contribution. The employer also has the right to make additional contributions to be allocated to participants pro rata based on compensation. No additional discretionary contributions were made in 2025. Annual contributions from all sources are subject to certain limitations defined by the Internal Revenue Service (IRS).

Participant accounts and "rollovers"

Each participant's account is credited with the participant's contribution and allocations of (a) the employer's matching and discretionary contributions, (b) plan earnings and (c) charged with an allocation of administrative expenses. Allocations of plan earnings are based on participant account balances, as defined, and allocation of company contributions are based on participants' compensation, as provided in the plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The plan permits the transfer of funds from other qualified plans to a separate participant's rollover account.

NOTE A -- Description of the plan and significant accounting policies (Continued)

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the employer's contribution portion of their accounts is based on years of continuous service. A participant vests over a six year period at a rate of 20% starting in year two. Participants who leave the plan because of death, disability, or reaching early retirement age, as defined in the plan, are considered 100% vested in all amounts.

Participant loans

Participants may not borrow from their fund accounts.

Benefits

On termination of service due to death, disability, retirement (age 65), or termination of service due to other reasons, a participant with an account valued at less than $1,000 shall receive a lump sum distribution. An automatic rollover of a participant's account to an IRA will occur if the account is valued between $1,000 and $5,000. For accounts exceeding $5,000 the participant may elect a distribution in the form of a lump-sum, partial distributions to satisfy required minimum distribution rules, or may elect to defer such distribution to any valuation date subsequent to his/her termination but no later than the valuation date of his/her normal retirement date; or the participant may elect to rollover the distribution to another qualified plan. The plan permits hardship distributions if certain criteria are met. The plan permits in-service distributions at age 59 ½.

Forfeited accounts

At December 31, 2025 and 2024, forfeited nonvested accounts totaled $0 and $1,514, respectively. These accounts can be used to reduce employer contributions, allocated as additional employer contributions, or used to pay plan expenses. In 2025, plan expenses were reduced by $10,159 from forfeited nonvested accounts.

A summary of significant accounting policies follows:

Basis of accounting

The financial statements of the plan are prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") under the accrual method of accounting.

Cash

The Plan maintains its cash in a bank deposit account, which, at times, may exceed federally insured limits. The Plan has not experienced any losses in such accounts. Management believes it is not exposed to any significant risk on cash.

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE A -- Description of the plan and significant accounting policies (Continued)

Investment valuation and income recognition

The plan's investments are stated at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Retirement Committee determines the plan's valuation policies utilizing information provided by the investment advisors, custodians and insurance company. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions from Plan participants and the matching contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation.

Contributions receivable are written off when they are determined to be uncollectible. The allowance for credit losses is estimated based on expected credit losses considering the plan's historical losses, existing economic conditions, and the financial stability of the company.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

The company pays some of the administrative expenses of the plan which are excluded from the financial statements. The major administrative expenses are recordkeeping and investment fees.

Excess contributions payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions and adjustment to net appreciation in fair value of investments. The Plan distributed the 2025 and 2024 excess contributions to the applicable participants prior to March 15, 2026 and 2025, respectively.

Subsequent events

These financial statements have not been updated for subsequent events occurring after July 28, 2026, which is the date these financial statements were available to be issued. The plan has no responsibility to update these financial statements for events and circumstances occurring after this date.

NOTE B -- Information certified by the asset custodian

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including cash and investments held at December 31, 2025 and 2024, and net appreciation and interest and dividends for the year ended December 31, 2025, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Associated Trust Company ("Associated"), the asset custodian of the plan.

NOTE C -- Fair value measurements

The plan's investments are reported at fair value in the accompanying Statements of Net Assets Available for Benefits.

	Fair value measurements at reporting date using:			
	December 31, 2025		December 31, 2024	
	Fair value	Quoted prices in active markets for identical assets (level 1)	Fair value	Quoted prices in active markets for identical assets (level 1)
Registered investment companies	$ 3,528,967	$ 3,528,967	$ 2,838,836	$ 2,838,836
Total assets in the fair value hierarchy	3,528,967	3,528,967	2,838,836	2,838,836
Investments measured at net asset value [1]	0	0	1,570	0
Investments at fair value	$ 3,528,967	$ 3,528,967	$ 2,840,406	$ 2,838,836

[1] In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

U.S. GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. There are no plan assets requiring the use of Level 2 or Level 3 inputs for the periods presented.

NOTE C -- Fair value measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

- Registered investments companies. Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

- Common/collective trust funds. Valued based on net asset values of the shares held by the plan at year end. While the majority of the underlying asset values are based on quoted prices, the net asset value of the collective trust funds are not publicly quoted. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value.

Gains and losses (realized and unrealized) included in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2025 are reported in net appreciation in fair value of investments.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2024. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the plan.

December 31, 2024	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common/collective trust funds	$1,570	n/a	Daily	Daily

NOTE D -- Party-in-interest transactions

Associated is the trustee and asset custodian of the plan, and are therefore designated as a fiduciary and party-in-interest. The plan regularly invested in funds for which Associated or its affiliates were the issuing party. The party-in-interest transactions occurred in the course of ordinary business and were exempt transactions.

NOTE E -- Plan termination

Although it has not expressed any intent to do so, the company has the right under the plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their employer contributions.

NOTE F -- Tax status

The Associated Trust Company, N.A. Non-Standardized Profit Sharing/401(k) Plan, that the plan adopted effective September 11, 2024 obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the prototype plan, as then designed, was acceptable under Section 401 of the Internal Revenue Code ("IRC") for use by employers for the benefit of their employees. The plan administrator and the plan's tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the plan was qualified and the related trust was tax-exempt as of the financial statement date.

NOTE G -- Concentration of market risks

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE H -- Excess contributions payable

The Plan failed the discrimination test for the years ended December 31, 2025 and 2024. Excess contributions amounting to $58,534 and $35,856 for the years ended December 31, 2025 and 2024, respectively, are recorded as a liability in the accompanying Statements of Net Assets Available for Benefits and as a reduction of employee and employer contributions and net appreciation in fair value of investments for each year. The Plan has reimbursed these excess contributions to its participants during March 2026 and 2025, respectively. For purposes of the Form 5500, these excess contributions are not recorded until the year paid.

NOTE I -- Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2025 and 2024 to form 5500:

	2025	2024
Net assets available for benefits per the financial statements	$ 3,473,059	$ 2,804,677
Excess contributions payable	58,534	35,856
Administrative expense payable	7,300	0
Net assets available for benefits per the Form 5500	$ 3,538,893	$ 2,840,533

The following is a reconciliation of the increase in net assets available for benefits per the financial statements for the year ended December 31, 2025 to form 5500:

Changes in net assets available for benefits per the financial statements	$ 668,382
Current years excess contributions payable	58,534
Current years administrative expense payable	7,300
Prior years excess contributions payable	(35,856)
Net income per the Form 5500	$ 698,360

NOTE J -- Subsequent event

Effective January 1, 2026, the plan was amended and the following items of the plan were changed:

- The plan was changed to a Profit Sharing and Safe Harbor 401(k) Plan
- The safe harbor matching contribution formula is 100% of salary deferrals up to the first 3% of Plan Compensation, plus 50% of Salary Deferrals up to the next 2% of Plan Compensation
- Employees are allowed to make hardship distributions from the following contribution types:
    - Qualitied Nonelective Contribution (“QNEC”) accounts
    - Qualitied Matching Contribution (“QMAC”) accounts
    - Safe Harbor Employer Match Contribution accounts
    - QACA Safe Harbor Employer Contribution accounts
    - QACA Safe Harbo Matching Contribution accounts
    - The available amounts available for hardship distributions include earnings on all available sources
- If the participant requests a hardship distribution from any of the accounts, the participants is no longer required to obtain all nontaxable loans available under the Plan and all of the other plans maintained by the employer
- If the participant takes a hardship distribution as permitted under the Plan, the participant was not suspended from making salary deferrals (and after-tax employee contributions, if applicable) for any period of time after the receipt of the hardship distribution
