INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Banner Quality Management Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Banner Quality Management Inc. 401(k) Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024 and the related statement of changes in net assets available for benefits for the year ended December 31, 2025 and the related notes to those financial statements.

Management, having determined that it is permissible under the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information about assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the investment information are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA

Management has obtained certification from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to the assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United of America (GAAS). Our responsibilities under these standards are further described in Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(C)(3) audit opinion.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives under GAAS are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion.

Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud

is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we

- exercise professional judgment and maintain professional skepticism throughout the audit.

- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements.

- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion.

- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are also required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures related to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Other Matters – Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is required by the

Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or, derived from the certified investment information, has been subjected to the auditing procedures applied in our audit and certain additional procedures including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information that agreed to or derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified financial institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BANNER QUALITY MANAGEMENT INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2025 AND 2024

1. DESCRIPTION OF PLAN:

The following description of Banner Quality Management Inc. 401(K) Plan (Plan) is provided for general purposes only. Participants should refer to the Plan document and adoption agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all full-time employees of Banner Quality Management Inc. (Company) as defined in the Plan document. The Plan is subject to the requirements of the Employee Retirement Income Security Act (ERISA) of 1974. Administrative expenses, excluding auditing fees, are generally paid out of the Plan.

Effective January 1, 2023, the Plan was adopted by Banner Quality Management Inc. Plan investments are in the custody of ADP Retirement Trust Services, LLC (Trustee). Furthermore, effective November 1, 2025, the Plan was restated.

Contributions

Each year, participants may defer a percentage of their annual compensation as defined in the Plan document and within limits set by the IRS (generally up to $23,500 for 2025).

Also, participants may contribute amounts representing distributions from other qualified plans and the Company shall make matching contributions as further described in the Plan document.

Total contributions, both participant and employer, are subject to certain limits as described in the Plan document and Internal Revenue Code (IRC) section 415. Furthermore, contributions of certain highly compensated participants may also be limited based on the nondiscrimination tests described in IRC sections 401(k) and 401(m).

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeited balances may be used to reduce Company contributions or pay Plan expenses. As of December 31, 2025 and 2024, remaining unused forfeitures totaled $3,352 and $10, respectively.

Participant Accounts and Vesting

Each participant's account is credited with amounts withheld from compensation pursuant to salary deferral elections together with 1) allocations of Company contributions, and 2) Plan investment earnings.

Participants are immediately vested in all contributions arising from their respective salary deferral elections together with earnings thereon. Vesting in Company contributions plus earnings thereon is based on years of continuous service as described in the Plan document. Participants are 100 percent vested after five years.

Payment of Benefits

In general, distributions are not permitted before age 59 ½ or termination of employment, as described in the Plan document. Also, participants may defer distribution of their benefits beyond their normal retirement age.

The form of payment is lump sum, substantially equivalent or partial withdrawal.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting

The financial statements of the Plan are prepared under accounting principles generally accepted in the United States of America (U.S. GAAP) which require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from these estimates.

Investment Contracts / Valuation

The transactions between Trustee and the Plan qualify as exempt party-in-interest transactions. As agreed to by the Trustee and the Company, each participant shall be permitted to direct the investment of his/her individual account balance among those available investment options (i.e., the Plan is intended to qualify as a participant-directed plan under section 404(c) of ERISA).

The Plan's investments are generally stated at fair value. Mutual funds are valued at the quoted net asset value of shares held by the Plan as of yearend (i.e., these funds are deemed to be actively traded); collective investment trust funds are valued based on the net asset values (NAV) of the underlying investments. For the stable value option, the investment is reported at contract value without consideration of a withdrawal (surrender) charge.

The use of NAV of the underlying assets for the collective investment trust funds is an allowable practical expedient for measuring fair value as long as it is not probable that the fund will sell the investment for an amount different than the reported NAV (i.e., such investments must be redeemable at the measurement date for the reported NAV). The Trustee reports that these investments can be redeemed on a daily basis, without being subject to any withdrawal limitation (i.e., such are redeemable as of the measurement date).

ASC 820, *Fair Value Measurement*, establishes a framework for measuring fair value and provides for a three-level hierarchy that distinguishes between market participant assumptions developed based on market data obtained from sources independent of the reporting entity (observable inputs) and the reporting entity's own assumptions about market participant assumptions (unobservable inputs – Level 3). Furthermore, observable inputs have been further separated between unadjusted quoted prices (Level 1) versus inputs that are other than quoted prices (Level 2).

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest based on annual interest rates ranging from 8.0 – 10.50 percent. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

Under ASC 962, *Plan Accounting – Defined Contribution Plans*, participant loans are considered notes receivable and not part of investments. However, Form 5500 continues to consider these loans as part of investments.

Payment of Benefits

Benefits are generally reported when paid for purposes of preparing the financial statements. Amounts allocated to accounts for terminated participants (distributions which were not yet payable) totaled $2,725,280 and $468,735 at December 31, 2025 and 2024, respectively.

Subsequent Events

The Plan administrator has evaluated subsequent events for potential disclosure or recognition through October 13, 2026, the date these financial statements were available to be issued.

3. INVESTMENTS:

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024.

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 5,678,563	$ -	$ -	$ 5,678,563
Investments measured at NAV expedient				1,035,164
Investments at fair value				$ 6,713,727

Note: Consistent with ASC 820-10, investments measured at fair value using the NAV practical expedient are no longer included in the fair value hierarchy table. The fair value amounts reported for these investments are included above as a reconciling item, in support of the totals reported in the statement of net assets available for plan benefits.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025.

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 8,203,112	$ -	$ -	$ 8,203,112
Investments measured at NAV expedient				-
Investments at fair value				$ 8,203,112

Note: Consistent with ASC 820-10, investments measured at fair value using the NAV practical expedient are no longer included in the fair value hierarchy table. The fair value amounts reported for these investments are included above as a reconciling item, in support of the totals reported in the statement of net assets available for plan benefits.

The following table summarizes investments for which fair value is measured using the NAV practical expedient as of December 31, 2024:

Category of Investment	Fair Value	Unfunded Commitments	Redemption Frequency	Notice Period
Collective Investment Trusts	$ 1,035,164	n/a	Daily*	1 Day

* *Withdrawals are generally permitted on any valuation date; however, withdrawals may be subject to certain restrictions (e.g., securities listed on foreign market exchanges may be less liquid, and as a consequence, dispositions of these securities by the underlying investment fund may be inhibited). All*

withdrawal requests received in good order on a valuation date are processed at the unit price calculated at the end of that day.

The following table summarizes investments for which fair value is measured using the NAV practical expedient as of December 31, 2025:

Category of Investment	Fair Value	Unfunded Commitments	Redemption Frequency	Notice Period
Collective Investment Trusts	$ -	n/a	Daily*	1 Day

* *Withdrawals are generally permitted on any valuation date; however, withdrawals may be subject to certain restrictions (e.g., securities listed on foreign market exchanges may be less liquid, and as a consequence, dispositions of these securities by the underlying investment fund may be inhibited). All withdrawal requests received in good order on a valuation date are processed at the unit price calculated at the end of that day.*

For 2024, the collective trust investments are principally represented by State Street S&P 500 Index IX. These funds are not mutual funds and, as such, are not registered with the U.S. Securities and Exchange Commission. These funds generally invest in mutual funds and other collective trusts.

Investment securities are exposed to various risks such as interest rate, market and credit risks (certain funds' investments in emerging markets can also be subject to social and political uncertainties resulting in extreme volatility). As such, it is at least reasonably possible that changes in values will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits.

Fully Benefit-Responsive Investment

Consistent with ASC 962, the Plan reports fully benefit-responsive investments, such as the Invesco Stable Asset option (the Plan's only fully benefit-responsive investment), at contract value. Participants ordinarily withdraw or transfer their investment at contract value – which is considered a relevant measurement attribute.

Contract value represents the aggregation of contributions, plus crediting interest, less withdrawals. The crediting interest rate will never be less than the guaranteed minimum (which is no less than zero percent). Key factors that influence future crediting rates could include the level of market rates, the amount and timing of participant contributions, transfers and withdrawals; and the duration of the underlying investments.

Certain events may limit the ability of the Plan to transact at contract value including the Plan's failure to qualify under IRC section 401(a), the sale or spin-off of a subsidiary or division of the

sponsor, or any early group layoff or facility closing. The Plan administrator does not believe such events are probable as of December 31, 2024 or as of the date these financial statements were available to be issued. As of December 31, 2025, there are no fully benefit-responsive investments (i.e., all were registered investment companies).

4. RECONCILIATION WITH FORM 5500:

The following reconciles net assets and the change in net assets available for plan benefits as of December 31, 2025 with Form 5500:

Net Assets Available for Plan Benefits per Audited Financial Statements	$ 8,304,781
Less: Contributions receivable	(42,553)
Add: Accrual for Excess Contributions to be Refunded	11,415
Net Assets per Form 5500	$ 8,273,643
Net Increase in Net Assets Available for Plan Benefits per Audited Financial Statements	$ 1,129,995
Less: Contributions receivable as of December 31, 2025	(42,553)
Accrual for Excess Contributions to be Refunded as of December 31, 2024	(9,477)
Add: Contributions receivable as of December 31, 2024	54,231
Accrual for Excess Contributions to be Refunded as of December 31, 2025	11,415
Net Income per Form 5500	$ 1,143,611

5. TAX STATUS:

The Trust's most recent IRS opinion letter, dated October 6, 2020, states that the form of the Non-standardized Profit Sharing Plan with CODA is acceptable under section 401 of the IRC. The opinion letter also states that an employer adopting this plan may rely on this letter with respect to the qualifications of its plan under section 401(a) of the IRC. The Plan administrator believes that the Plan, both for the period ended December 31, 2025 and as currently designed and operated, is in compliance with all applicable IRC requirements.

U.S. GAAP requires management to evaluate tax positions taken by the Plan and recognize a liability (or asset) if the Plan has taken an uncertain tax position as defined by ASC 740, *Income Taxes*. While the Plan is subject to routine audits by taxing authorities, management is not aware of any audits currently in process.
