Independent Auditor's Report

Plan Administrator
Apex Fintech Services 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Apex Fintech Services 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

RSM US LLP is the U.S. member firm of RSM International, a global network of independent assurance, tax, and consulting firms.
Visit rsmus.com/aboutus for more information regarding RSM US LLP and RSM International.

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA
The supplemental schedule of delinquent participant contributions for the year ended December 31, 2025, and the schedule of assets (held at end of year) as of December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

1. PLAN DESCRIPTION

The following description of the Apex Fintech Services 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Apex Fintech Services LLC (the "Company" or the "Plan Administrator") who are 18 years of age or older, except for temporary employees and interns who must be 21 years of age or older and complete 1,000 hours of service during an eligibility computation period. Eligible employees are able to begin participating in the Plan the first day of the month following the later of their date of hire or meeting eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Inspira Financial Trust, LLC. ("Inspira Financial") is the Plan's trustee and custodian, and Betterment for Business, LLC ("Betterment"), an affiliate of Inspira Financial, is the Plan's recordkeeper, effective February 5, 2025. Prior to February 5, Fidelity Management Trust Company ("FMTC") was Plan's trustee and custodian, and Fidelity Workplace Services LLC ("FWS") was the Plan's recordkeeper.

Contributions

The Plan is designed as a qualified cash deferred arrangement pursuant to Section 401(k) of the Internal Revenue Code ("IRC") and provides for the following contributions.

Participant contributions

Each year, participants may contribute a portion of total pretax or after-tax compensation, as defined in the Plan, not to exceed certain Internal Revenue Service ("IRS") limitations. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts disbursed or transferred from another qualified plan ("rollovers"). Participants who do not affirmatively decline to participate in the Plan will be automatically enrolled in the Plan. Automatically enrolled participants have their deferral rate set at 6% of their eligible compensation and their contributions invested pursuant to a default strategy (the "Default Strategy"), which takes into account the participant's Social Security full retirement aged and current age. The Default Strategy is intended to offer a diversified portfolio within a single fund that adjusts its underlying asset.

Company matching contributions

The Company may make an annual discretionary matching contribution based on compensation that a participant contributes to the Plan, in an amount and allocation formula determined by the Company in its sole discretion. Participants must be employed at year-end and have completed at least 1,000 hours of service during the plan year in order to receive the discretionary matching contribution, if any. For the year ended December 31, 2025, the Company made a matching contribution in the amount of $2,872,010, of which $569,444 was paid using forfeited funds.

Participant accounts

Each participant's account is credited with the participant's contributions and allocations of the Company matching contribution, if any, plan earnings and losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment options

Upon enrollment in the Plan, a participant may direct the investment of their contributions into various shares of registered investment companies, including money market funds, and common/collective trusts, as more fully

described in the Plan document. Participants may change their investment options daily, subject to certain limitations.

Vesting

Participants are immediately vested in their contributions and rollover contributions plus actual earnings thereon. Participants in the Plan receive vesting credit for the Company's matching contributions based upon years of service, beginning with the date of employment with the Company, as follows:

Years of Vesting Service	After October 1, 2012	Before October 1, 2012
One Year but less than Two Years	10 %	20 %
Two Years but less than Three Years	20 %	40 %
Three Years but less than Four Years	40 %	50 %
Four Years but less than Five Years	60 %	80 %
Five or More Years	100 %	100 %

Participants are automatically fully vested upon normal retirement, death, permanent disability, or termination of the Plan.

The Plan document includes and defines different vesting schedules for certain situations, such as for employees who had been participants in other specific plans and transferred into this plan.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum amount of $1,000 up to a maximum equal to the lesser of 50% of their vested account balance or $50,000, reduced by the highest outstanding loan balance during the prior 12-month period. Note terms are limited to 10 years for a purchase of a primary residence or to five years otherwise. Upon termination of employment, the entire outstanding principal and accrued interest shall be immediately due and payable. However, if the termination of employment results from a corporate action on the part of the Company and the participant remains performing the same job after that corporate action, within 60 days of termination of employment, the participant may request that the Plan Administrator roll over a participant loan to a new employer's retirement plan (if such new plan will accept a loan rollover). Unless the loan is rolled over to a new plan, any default in the repayment to the Plan will result in the treating of the balance due as a taxable distribution from the Plan. The notes are secured by the balance in the participant's account and bear interest ranging from 4.25% to 9.50% as of December 31, 2025, which are commensurate with local prevailing rates at note origination, as determined by the Plan Administrator. Principal and interest are paid ratably through bimonthly payroll deductions.

Payment of benefits and withdrawals

A distribution can be made to a participant upon request due to disability, retirement, or termination of employment. A participant's beneficiary or beneficiaries may request a distribution of any vested account balance in the event of a participant's death. Distribution may be deferred until a later date. However, distribution cannot be postponed on any vested account balance that is $5,000 or less in which case the Plan Administrator will direct the trustee that any amount exceeding $1,000 be distributed to an individual retirement account or annuity ("IRA") for the participant's benefit. Any vested account balance that is $1,000 or less will be distributed as a lump-sum distribution. Prior to such distribution a participant still has the right to request that the amount be distributed directly to the participant in the form of a lump-sum payment or to request that it be rolled over to a different IRA provider or another retirement plan eligible to receive rollover contributions. Additionally, the Plan provides in-service distributions related to hardships and obtaining age 59 ½.

Forfeited accounts

As of December 31, 2025 and 2024, forfeited non-vested accounts totaled $535,598 and $354,532, respectively. Forfeitures are invested in a money market fund and may be, at the Company's discretion, applied to cover the Plan's administrative expenses or to reduce future Company contributions. As of December 31, 2025 and 2024, the Company contribution receivable was recorded net of the respective forfeiture balance.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Accounting policies

The Plan follows generally accepted accounting principles ("GAAP"), as established by the Financial Accounting Standards Board (the "FASB"), to ensure consistent reporting of financial condition.

Use of estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a detailed discussion of fair value measurements. Investments in the common/collective trusts are valued at net asset value ("NAV"). NAV is used as a practical expedient for estimating fair value of common/collective trusts.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions from Plan participants are recorded in the period in which the participant contributions are withheld from compensation and deposited with the Plan. In a Plan year in which there is a discretionary matching contribution from the Company, such contribution is funded subsequent to the applicable plan year end but is recorded in the year in which the contribution pertains to.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes are recorded as distributions based upon the terms of the Plan document. No loans were deemed uncollectible as of December 31, 2025 and 2024.

Payment of benefits

Benefits are recorded when paid.

Plan administration

Investment-related expenses of the Plan are paid by the Plan as provided in the Plan document and are included in net appreciation in fair value of investments in the statement of changes in net assets available for benefits. Administrative expenses include loan initiation and maintenance, overnight delivery fees that are charged by the

current Trustee and former Trustee directly to the account balance of the applicable participants. For the year ended December 31, 2025, the Plan was charged recordkeeping fees in the amounts of $1,229 and $52,096 by FWS and Betterment, respectively. All other significant costs related to plan administration and professional services are paid by the Company and excluded from these financial statements.

Recent accounting pronouncement

The Plan has determined that there have been no recently issued accounting standards that had, or will have, a material impact on the financial statements.

Subsequent events

The Plan Administrator has evaluated subsequent events through October 15, 2026, the date the financial statements were available to be issued, noting no other events that would require adjustment to, or disclosure in, the Plan's financial statements.

During May 2026, the Company deposited the lost earnings related to the delinquent participant contributions. See Note 10.

3. INFORMATION CERTIFIED OR PROVIDED BY THE TRUSTEE

The following is a summary of the Plan's asset information as of December 31, 2025, and income information for the year ended December 31, 2025, included throughout the Plan's financial statements and supplemental schedules. The Plan's asset information was prepared by or derived from information certified or provided by Inspira Financial, the current trustee, and furnished to the Plan Administrator. The Plan's income information for the year ended December 31, 2025 was derived from combing the information certified or provided by Inspira Financial, the current trustee, and furnished to the Plan Administrator for the period from January 1, 2025 through December 31, 2025 and information certified or provided by FMTC, the former trustee, for the period January 1, 2025 through February 5, 2025.

The summary of the Plan's asset information as of December 31, 2024, included throughout the Plan's financial statements and supplemental schedules that were prepared by or derived from information certified or provided by FMTC, the former trustee, and furnished to the Plan Administrator. Effective February 5, 2025, the trustee of the Plan was changed from FMTC to Inspira Financial.

The Plan Administrator has obtained certifications from the current trustee and former trustee that the information provided to the Plan Administrator by the current trustee and former trustee related to the following assets and income is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL's") Rules and Regulations for Reporting and Disclosure under ERISA, the Plan's Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedule related to the following assets and income:

	2025	2024
Shares of registered investment companies	$ 85,448,741	$ 73,354,658
Money market fund	5,003,517	5,290,899
Common/collective trusts	217,609	355,388
Cash	558,016	—
Notes receivable from participants	866,304	797,758
Net appreciation in fair value of investments	8,844,533	
Interest income and dividends	3,312,798	
Interest income on notes receivable from participants	70,058	

4. FAIR VALUE OF FINANCIAL INSTRUMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured on a recurring basis at fair value. There have been no changes in the methodologies used as of December 31, 2025 and 2024.

Shares of registered investment companies

Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The funds held by the Plan are deemed to be actively traded and have readily determinable fair values.

Money market fund

Valued at quoted market prices of shares held by the Plan at year-end.

Common/collective trusts

The Plan's interests in these trusts are valued based on the NAV of the collective trust. The NAV, as provided by the fund manager, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

The following tables set forth a summary of the Plan's investments measured at fair value on a recurring basis as of December 31, 2025 and 2024:

	December 31, 2025	
	Level 1	Total
Shares of registered investment companies	$ 85,448,741	$ 85,448,741
Money market fund	5,003,517	5,003,517
Total investments in the fair value	**$ 90,452,258**	**$ 90,452,258**
Common/collective trust measured at NAV [1]		217,609
Total investments		**$ 90,669,867**

	December 31, 2024	
	Level 1	Total
Shares of registered investment companies	$ 73,354,658	$ 73,354,658
Money market fund	5,290,899	5,290,899
Total investments in the fair value	**$ 78,645,557**	**$ 78,645,557**
Common/collective trust measured at NAV [1]		355,388
Total investments		**$ 79,000,945**

1 In accordance with GAAP, investments measured at NAV as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented are intended to permit reconciliation to the amount presented in the statements of net assets available for benefits.

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2025, there were no transfers in or out of Level 3.

5. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. Parties-in-interest include the Company, the current Trustee of the Plan assets, Inspira Financial, and the Plan's recordkeeper, Betterment. Transactions involving funds managed by the current Trustee and recordkeeper are considered party-in-interest transactions.

Certain employees have outstanding loans with the Plan as of December 31, 2025 and 2024. These loans are considered party-in-interest transactions allowable under ERISA.

The Plan invests in shares of registered investment companies managed by an affiliate of FMTC. FMTC served as the trustee as defined by the Plan and until February 5, 2025, therefore, these transactions qualify as party-in-interest transactions.

Certain employees of the Company provide trustee and administrative services to the Plan. These employees do not receive any compensation from the Plan for their services.

Apex Clearing Corporation, an affiliate of the Company, provides services to Betterment. Apex Clearing Corporation is a party-in-interest.

The plan recordkeeper may receive revenue sharing payments from mutual funds in which the plan assets are invested. The administrative services agreement between the Plan and its recordkeeper provides that to the extent revenue sharing payments received by the recordkeeper exceed administrative fees charged to the Plan by the recordkeeper, the excess will be credited to the Plan and can be used to pay future other administrative expenses of the Plan or be allocated to participants at the discretion of the Company.

See Note 2 for more information on Plan fees and expenses.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

7. TAX STATUS

The Plan has adopted a non-standardized pre-approved profit sharing plan with cash or deferred arrangement ("CODA") plan, sponsored by CCH Incorporated DBA FTWilliam COM ("FTWilliam"). FTWilliam has received an opinion letter from the Internal Revenue Service ("IRS") dated June 30, 2020, which stated that the IRS opined that the form of this pre-approved plan is acceptable under Internal Revenue Code Section 401 for use by employers for the benefit of their employees. The Plan's Administrator believes that the Plan, as amended, is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, it believes that the Plan is qualified, and the related trust is tax-exempt as of the financial statement date.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. Plan management has analyzed the tax positions taken by the Plan and has concluded that through December 31, 2025, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions. However, there are currently no audits for any tax periods in progress. The current and prior three tax years remain subject to income tax examination.

8. NET ASSET VALUE PER SHARE PRACTICAL EXPEDIENT

The following table sets forth a summary of the Plan's investments reported at NAV.

	Fair value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
December 31, 2025				
Putman Large Cap Value Trust I	$ 217,609	$ —	Daily	None
December 31, 2024				
Putman Large Cap Value Trust I	$ 355,388	$ —	Daily	None

The Putnam Large Cap Value Trust I is a common/collective trust which invests in equity securities of companies consistent with their investment objectives. Investments are stated at the NAV of shares held by the Plan as of December 31, 2025 and 2024.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. DELINQUENT PARTICIPANT CONTRIBUTIONS AND LOAN PAYMENTS

During 2023 and 2022, the Company did not remit certain participant contributions and participant loan repayments to the Plan on a timely basis as defined by the DOL's Rules and Regulations for Reporting and Delinquent Participant Contributions Disclosure under ERISA. Untimely remittances identified on the Schedule of Delinquent Participant Contributions, totaled $51 and $5,080, respectively. The Company intends to deposit lost earnings into the Plan during 2026. The correction will be made from the Company's assets and not from assets of the Plan.

11. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

	December 31,	
	2025	2024
