INDEPENDENT AUDITOR'S REPORT

To the Retirement Plan Investment Committee of RS Utility Structures Inc. 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of RS Utility Structures Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company and Empower Trust Company, LLC, qualified institutions, as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A – DESCRIPTION OF PLAN

The following description of the RS Utility Structures Inc. (the Company) 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. *General*

The Plan is a defined contribution plan covering all employees of the Company who have over three months of service and who have attained the age of 18. Following July 16, 2025, employees may participate in the Plan immediately following the satisfaction of these eligibility requirements. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Retirement Plan Investment Committee is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Company's Board of Directors.

The Plan was amended and restated, effective January 1, 2024, as part of the Post Pension Protection Act cycle to reflect recent law changes and adopted plan amendments.

Additionally, effective January 1, 2024, the Plan was amended to increase the deferred rate of eligible compensation for all automatically enrolled participants from 3 percent to 4 percent.

Additionally, effective January 1, 2024, the Plan was amended to exclude commissions from the definition of eligible compensation for all contribution calculations.

Additionally, effective January 1, 2025, the Plan was amended to modify the Employer matching contribution provisions. Prior to the amendment, the Employer contributed a discretionary matching contribution equal to a percentage of compensation for all eligible participants in the Plan, as determined by the Board of Directors. As a result of the amendment, the Employer matching contribution will now be contributed in accordance with safe harbor provisions. These provisions include, but are not limited to, an updated matching contribution percentage equal to the enhanced matching formula elected by the Plan sponsor, which is 100 percent of the first 4 percent of compensation that a participant contributes to the Plan.

Additionally, effective July 16, 2025, the Plan was amended and restated to reflect the transition to a new Trustee, Custodian, and record keeper. Following the aforementioned date, Empower Trust Company, LLC (ETC) assumed responsibility as the Trustee and Custodian of the Plan's investment assets. The IRS has determined and informed the Plan by an advisory opinion letter dated November 14, 2022, that the non-standardized pre-approved profit sharing plan adopted by the Plan sponsor, for the Plan and related trust adopted as part of the change in Trustees and Custodians is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Additionally, as a result of this transition, the Company terminated their group annuity contract with Principal Life

Insurance Company (PLI), discussed in further detail at Note G below, with an effective liquidation date of July 14, 2025. The Plan sponsor elected to terminate the group annuity contract using the Immediate Payout method, which liquidated the Plan's interest in the contract on July 14, 2025 and was subject to a 5% surrender charge. The Plan sponsor paid the surrender charge on behalf of the Plan by electronic fund transfer to PLI. The Plan sponsor agreed to enter into a new guaranteed income fund, valued at contract value, on March 19, 2025, which was offered by the Plan once ETC assumed responsibility as the Trustee and Custodian of the Plan (see Note F below for more information).

Additionally, effective July 16, 2025, the Plan was amended and restated to modify the plan entry provisions. Prior to the amendment, employees that satisfied the eligibility requirements could participate in the Plan on the first day of the month following their third month of employment. Following the amendment, employees could participate in the Plan immediately following the satisfaction of the eligibility requirements.

Additionally, effective July 16, 2025, the Plan was amended and restated to permit discretionary non-elective contributions by the Employer. These contributions are subject to vesting provisions. More specifically, these contributions vest in accordance with a six-year graded schedule (see Note A[5] below for more information).

Additionally, effective July 16, 2025, the Plan was amended and restated to modify the provisions related to loan administration. More specifically, the permitted number of outstanding loans at one time, loan term for a principal residence, and interest rate benchmarks (see Note A[7] below for more information).

The Plan was amended on July 31, 2026, which had retroactive effective dates to modify certain plan provisions to align with the legislation set forth by the SECURE Act 2.0. The following includes the changes that were made as a result of the plan amendment:

- Effective for distributions made on or after July 16, 2025, the maximum vested account balance subject to involuntary force out was increased from $5,000 to $7,000.
- Effective July 16, 2025, the Plan was amended to permit an in-service distribution to be characterized as a Terminally Ill Individual Distribution (TIID) if the criteria stated in the plan documents are met.
- Effective January 1, 2025, the Plan was amended to permit statutory catch-up limits ("super catch-up" contributions). As a result of this amendment, participants who have attained age 60 to 63 before the end of the Plan year are eligible to make catch-up contributions up to 150% of the limit that would otherwise apply.

2. *Participants' Contributions*

Each year, participants may contribute up to 100 percent of pre-tax and post-tax annual compensation, as defined in the Plan, subject to the maximum elective deferral amount of $23,500. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions up to $7,500. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans

(rollover). Salary deferral contributions can be changed or stopped at any time. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferred rate set at 4 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Plan currently offers various mutual funds, a collective trust fund, and a group annuity contract as investment options for participants. Employee contributions are subject to certain Internal Revenue Service (IRS) limitations.

3. *Employer Contributions*

The Employer contributes a safe harbor matching contribution of 100 percent of the first 4 percent of compensation that a participant contributes to the Plan. The Employer may also elect to make discretionary non-elective contributions to the Plan equal to an amount determined by the Board of Directors. There were no discretionary non-elective contributions made for the Plan year ended December 31, 2025. Participants direct the Company contributions into various investment options offered by the Plan. Employer contributions are subject to certain IRS limitations.

4. *Participant Accounts*

Each participant's account is credited with the participant's contributions and Company safe harbor matching and discretionary non-elective contributions, as well as allocations of other Company contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

5. *Vesting*

Participants are vested immediately in their contributions and Company safe harbor and discretionary matching contributions plus actual earnings thereon. Effective July 16, 2025, vesting in the Company's discretionary non-elective portion of their accounts in based on years of continuous service. These contributions are subject to a six-year graded vesting schedule under which participants become 20 percent vested after two years of service, increasing by 20 percent for each additional year of service until becoming 100 percent vested after six years of credited service.

6. *Forfeited and Asset Holding Accounts*

The forfeiture account comprises non-vested portions of distributed terminated participants' accounts, which may be used to reduce future employer contributions or pay plan expenses, as permitted by the Plan. Additionally, the plan expense account is an asset holding account maintained at the Plan level, which accumulates and disburses unallocated plan assets for the payment of plan expenses.

As of December 31, 2025 and 2024, there was no balance in the forfeiture or asset holding accounts. For the years ended December 31, 2025 and 2024, administrative expenses of $5,922 and $6,598, respectively, were paid from the plan expense account. For the years then ended, there were no amounts used from the forfeiture account.

7. *Notes Receivable From Participants*

Participants may borrow from their fund accounts a minimum of $1,000 and up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. Principal and interest are paid ratably through semimonthly and biweekly payroll deductions. The loans are secured by the vested balance in the participant's account.

For the period July 16, 2025 to December 31, 2025, interest rates on participant notes range from 8.00% to 10.50%. Participants may have up to two outstanding loans at any given time. Loans are required to be repaid within five years except if the note is made for the purchase of the participant's principal residence, in which case it may be no longer than 15 years. The interest rate for these notes is set at the time the loan is made at one percentage point higher than the prime lending rate.

For the period January 1, 2025 to July 15, 2025, and for the year ended December 31, 2024, interest rates on participant notes range from 9.50% to 10.50% and 9.75% to 10.50%, respectively, which is commensurate with prevailing rates at the time of loan origination, determined by the loan administrator. Participants may only have up to one outstanding loan at any given time. Loans are required to be repaid within five years.

8. *Payment of Benefits*

On termination of service due to death, disability, or retirement, a participant may elect to receive a lump sum amount or installment payments equal any portion of the participant's vested interest in his or her account or roll over the account balance to an IRA or to another qualified retirement plan. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution or roll over the account balance to an IRA or to another qualified retirement plan. Accounts for terminated participants with balances in excess of $7,000 are maintained in the Plan until the participant requests a distribution. As of December 31, 2025 and 2024, no amounts were required to be allocated to accounts of persons who had elected to withdraw from the Plan, but had not yet been paid. In-service withdrawals are permitted upon the attainment of age 59 ½ or if called to active duty as a qualified reservist. In addition, in-service hardship distributions are permitted if certain criteria are met.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. *Basis of Accounting*

The financial statements of the Plan are prepared on the accrual basis of accounting.

2. *Use of Estimates*

   The preparation of financial statements in accordance with U.S. generally accepted accounting principles (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

3. *Investment Valuation and Income Recognition*

   Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Retirement Plan Investment Committee determines the Plan's valuation policies by utilizing information provided by the Investment Advisor and Trustee/Custodians. See Note E for discussion of fair value measurements.

   Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

4. *Contributions*

   Contributions from plan participants and the matching contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation.

5. *Notes Receivable From Participants*

   Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expense and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant's loan to be in default, the participant's loan balance is reduced and a benefit payment is recorded.

6. *Payment of Benefits*

   Benefits are recorded when paid.

7. *Administrative Expense*

   Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid directly by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in

administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

8. *Contributions Receivable and Current Expected Credit Losses*

Historical write-off rates continue to be the basis for the Company's allowance for current expected credit losses. To calculate the reserve, the Company considered the processes surrounding the contributions receivable since the inception of the Plan. The Company has not historically written off the contributions receivables that were accrued at Plan year-end. The Company expects business conditions for the Plan year ended December 31, 2026, the collection period for the contributions receivables, to remain consistent with current conditions. As a result, the Company has recorded expected credit losses of $0 as of December 31, 2025 and 2024.

9. *Subsequent Events*

The Plan has evaluated subsequent events through October 15, 2026, the date the financial statements were available to be issued.

Additionally, the Plan was amended on July 16, 2025, with a prospective effective date of January 1, 2026, to include bonuses, commissions, and overtime in the definition of eligible compensation for all contribution calculations.

Additionally, the Plan was amended on July 16, 2025, with a prospective effective date of January 1, 2026, to exclude residents of Puerto Rico as eligible employees.

The Plan was amended on July 31, 2026, with a prospective effective date of January 1, 2026, to require that catch-up contributions made by participants whose prior-year FICA compensation exceeds $150,000 (the inflation-adjusted 2026 threshold under Code §414(v)(7)(E), with a $145,000 statutory base), be designated as Roth contributions in accordance with SECURE Act 2.0. Participants subject to this provision will be required to make any eligible catch-up contributions on a Roth basis.

Additionally, the Plan was amended on November 24, 2025, with a prospective effective date of March 1, 2026, to modify the safe harbor Employer matching provision. Prior to the amendment, the Employer match formula was 100 percent of the first 4 percent of compensation that a participant contributes to the Plan. Following the amendment, the Employer match formula is now 100 percent of the first 5 percent of compensation that a participant contributes to the Plan.

Additionally, the Plan was amended on February 9, 2026, which had a retroactive effective date of January 1, 2026, to modify the eligibility requirements to participate in the Plan, specifically as it relates to the service requirement. Prior to the amendment, participants were required to obtain three months of credited service. Following the amendment, the service requirement was removed and employees gain eligibility once attaining the applicable age requirement. The age requirement for eligibility was not modified as a result of this amendment.

Additionally, the Plan was amended on March 13, 2026, which had a retroactive effective date of January 1, 2026, to increase the deferral rate for automatically enrolled participants from 4 percent to 5 percent.

There were no other material events noted in the subsequent period that would have impacted results reported herein or require disclosure.

NOTE C – SUMMARY OF INFORMATION CERTIFIED BY TRUSTEE/CUSTODIANS

The following information, which is included in the financial statements and ERISA-supplemental schedule, has been certified as complete and accurate by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (PTC) (the Custodian of the Plan) as of December 31, 2024, and for the period January 1, 2025 to July 15, 2025, and by ETC as of December 31, 2025 and for the period July 16, 2025 to December 31, 2025, and has not been audited:

NOTE D – PARTY IN INTEREST TRANSACTIONS

Following the change in Custodian/Recordkeeper during the 2025 Plan year, ETC became the Trustee and Custodian of the Plan's assets and Empower Annuity Insurance Company of America (EAICA) became the Recordkeeper as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

EAICA provides certain administrative services to the Plan pursuant to an Administrative Services Agreement between the Company and EAICA. Fees paid by the Plan for recordkeeping services provided by PLI amounted to $9,023 for the period July 16, 2025 to December 31, 2025, are included in administrative expenses. The Plan or Plan sponsor may make a payment to EAICA for administrative expenses not covered by the participants.

The Plan uses the services of Cannon Capital Management, Inc. (Cannon Capital) to assist in reviewing the performance of the Plan investment options provided to participants and other investment advisory services. As a service provider to the Plan, fees paid for these services from Plan assets qualify as party-in-interest transactions. Fees are paid for these services are debited from the trust or paid by the client monthly, which amounted to $5,922 for the period

July 16, 2025 to December 31, 2025, and are included in administrative expenses. The Plan or Plan sponsor may make a payment to Cannon Capital for expenses not covered by the participants.

PTC and PLI are members of the Principal Financial Group. Prior to the change in Custodian/Recordkeeper during the 2025 Plan year, PTC was the Custodian and PLI was the Recordkeeper as defined by the Plan and, therefore, these transactions qualified as party-in-interest transactions.

PLI provided certain administrative services to the Plan pursuant to a Plan Expense Agreement between the Company and PLI. Fees paid by the Plan for recordkeeping services provided by PLI amounted to $37,790 for the period January 1, 2025 to July 15, 2025, and are included in administrative expenses.

NOTE E – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust fund: Valued at fair value based on the investment's net asset value per unit. In accordance with fair value measurements and disclosure guidance, the collective trust fund is reported at the net asset value per unit as a practical expedient. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
	Level 1	**Level 2**	**Level 3**	**Total Fair Value**
Mutual funds	$ 4,094,019	—	—	$ 4,094,019

*In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

NOTE F – GROUP ANNUITY CONTRACT WITH EAICA

The Plan offers an investment in the Guaranteed Income Fund through a traditional fully benefit-responsive group annuity contract issued by EAICA. Amounts invested in the Guaranteed Income Fund are maintained in the insurer's general account and are credited with interest under the terms of the contract. The Guaranteed Income Fund issuer is contractually obligated to repay principal and interest credited at a declared interest rate ("declared rate") that is guaranteed to the Plan for each six-month crediting period.

The declared rate is established semi-annually, effective January 1 and July 1, and is guaranteed for the applicable six-month period. Under the contract, the declared interest rate may not be less than 1.5% before the deduction of applicable contract-related expenses. Under the terms of the contract, the insurer may assess asset charges that reduce the declared rate. No asset charge was assessed against the Guaranteed Income Fund during 2025.

The crediting rate applicable to the investment was 4.00% as of December 31, 2025. The contract value of the investment is comprised of assets invested under the contract, which amounted to $13,313 as of December 31, 2025.

Because the Guaranteed Income Fund meets the fully benefit-responsive investment contract criteria, the Guaranteed Income Fund is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by EAICA, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due under the fully benefit-responsive investment contract is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events might limit the ability of the Plan to transact at contract value with the issuer, including the complete termination of the Plan, a merger of the Plan with another plan, or a contract termination that results in aggregate Guaranteed Income Fund pool withdrawals exceeding contractual limits. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring. The Plan has no intention of terminating the contract as of December 31, 2025.

Participant-directed transfers from the Guaranteed Income Fund to certain competing investment options are subject to an equity-wash provision. Generally, amounts must first be transferred to a noncompeting investment option and remain invested in that option for at least 90 days before being transferred to a competing fund. The Plan may not offer a prohibited competing fund, including certain money market funds or other principal-guaranteed investments, without the insurer's prior written consent.

The contract also permits the insurer, under specified circumstances, to limit or defer certain distributions or termination disbursements when aggregate annual outflows from the applicable Guaranteed Income Fund pool exceed 10% of the pool's January 1 balance. Participant distributions arising from retirement, termination of employment, death, disability, hardship, or required minimum distributions generally continue to be paid as provided under the contract. Participant-directed transfers permitted by the Plan also continue while the pool limitation is in effect.

If the contract is terminated, the Guaranteed Income Account will ordinarily be distributed in a single lump sum if the applicable pool-level limitation is not exceeded. If the limitation is exceeded and the insurer exercises its contractual right, payment may be made in installments, with interest continuing to be credited to the unpaid balance at a contractually determined rate. Alternative annual installment payments over a period not exceeding ten years may also be elected in writing.

The issuer may terminate the contract if the Plan fails to comply with the contract's terms or if the issuer determines that the class of business covered by the contract is no longer commercially feasible. Upon termination, contract assets are generally distributable at contract value, subject to the contract's withdrawal and installment payment provisions.

NOTE G – GROUP ANNUITY CONTRACT WITH PLI

The Plan has entered into a traditional fully benefit-responsive guaranteed investment contract with PLI, which was liquidated on July 14, 2025. Assets totaling $1,855 as of December 31, 2024, were invested under the contract. PLI maintains the contributions in a general account. The account was credited with earnings or (losses) on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer was contractually obligated to repay the principle and a specified interest rate that is guaranteed to the Plan. The crediting rate was reviewed on a quarterly basis for resetting.

This contract met the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by PLI, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet is contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options, (3) Plan sponsor events that cause a significant withdrawal from the Plan, or (4) premature termination of the contract. There were events identified that occurred in 2025

that limited the ability of the Plan to transact at contract value with the contract issuers and that also limited the ability of the Plan to transact at contract value with participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include: (1) a failure to provide advance written notice of contract termination, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer. Additionally, either party to the Contract may, upon twelve months advance written notice to the other party, declare a contract termination date.

This contract was terminated on July 14, 2025. See Note A[1] above for more information.

NOTE H – TAX STATUS

The IRS has determined and informed the Plan by an advisory opinion letter dated November 14, 2022, that the non-standardized pre-approved profit sharing plan adopted by the Plan sponsor, for the Plan and related trust is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. Thus, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Federal and State of Utah taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE I – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE J – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE K – PLAN ASSET TRANSFER

On July 16, 2025, the Plan was amended and restated to reflect the transition to a new Trustee, Custodian, and Recordkeeper, EAICA. As a result, the Plan initiated a transfer of net assets from the previous Recordkeeper, PLI. The transfer resulted in a blackout period during the month of July 2025. An aggregate of $4,303,217 was transferred between the Recordkeepers during the year ended December 31, 2025. This transaction did not have a material impact on the Statement of Changes in Net Assets Available for Benefits for the year then ended.

NOTE L – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

There is no difference in the net assets available for benefits per the financial statements as of December 31, 2025, to Form 5500.

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31, 2024, to Form 5500:

		2024
Net assets available for benefits per the financial statements	$	3,741,961
Add: classification difference related to deemed distributions		58
Net assets available for benefits per the Form 5500	$	3,742,019

The following is a reconciliation of the increase in net assets available for benefits per the financial statements for the year ended December 31, 2025, to Form 5500:

		2025
Increase in net assets available for benefits per the financial statements	$	1,506,077
Less: reversal of prior recordkeeper classification difference related to deemed distributions		(58)
Increase in net assets available for benefits per the Form 5500	$	1,506,019
