INDEPENDENT AUDITORS' REPORT

Plan Sponsor
OWN, Inc. 401(k) & Employee Stock Ownership Plan and Trust
Springfield, Missouri

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the financial statements of the OWN, Inc. 401(k) & Employee Stock Ownership Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of OWN, Inc. 401(k) & Employee Stock Ownership Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all

material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the OWN, Inc. 401(k) & Employee Stock Ownership Plan and Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the OWN, Inc. 401(k) & Employee Stock Ownership Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial

likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the OWN, Inc. 401(k) & Employee Stock Ownership Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the OWN, Inc. 401(k) & Employee Stock Ownership Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified in the audit.

Emphasis of Matter – Significant Concentration
As disclosed in Note 6 to the financial statements, the fair value of the Plan's investment in Rise ESOP Collective, Incorporated common stock as of December 31, 2025, and OWN, Inc. common stock as of December 31, 2024, representing approximately 54% and 58%, respectively, of the Plan's assets, has been determined by an independent appraiser in the absence of a readily determinable fair value. Because of the inherent uncertainty of valuation, the value may differ significantly from the value that would have been used had a ready market for

the investments existed, and the differences could be material. Our opinion is not modified with respect to this matter.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule H, line 4i - schedule of assets held for investment purposes as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the information in the supplemental schedule, other than the information agreed to or derived from the certified investment information, is presented, including the form and content, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

OWN, INC.

401(k) & EMPLOYEE STOCK OWNERSHIP PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2025 and 2024

NOTE 1: PLAN DESCRIPTION AND BASIS OF PRESENTATION

The following description of the OWN, Inc. 401(k) & Employee Stock Ownership Plan and Trust (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – OWN, Inc. (OWN), formerly Anderson Engineering, Inc., established the Plan covering substantially all of its employees effective September 26, 1992. Effective January 1, 2025, the Plan was amended and restated, and Rise ESOP Collective, Incorporated (Rise) assumed sponsorship of the Plan. OWN participates in the Plan as a participating employer. Rise and OWN are referred to collectively as the Company. The Plan is a defined contribution plan with a 401(k) feature, operates as an employee stock ownership plan (ESOP), and is designed to comply with the Internal Revenue Code (Code). It is also subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Trevor D. Monnig of Acumen Advisory Services, LLC serves as trustee of the ESOP component, and Delaware Charter Guarantee & Trust Company, d/b/a Principal Trust Company, serves as trustee of the 401(k) component.

Effective January 1, 2025, the Plan contributed all 47,000 outstanding shares of OWN common stock to Rise, a newly formed holding company, in exchange for 47,000 shares of Rise voting common stock, representing all of Rise's issued and outstanding stock. As a result, the Plan owns 100% of Rise, and OWN is a wholly owned subsidiary of Rise.

Plan assets consist of Rise common stock (Employer Stock) and participant-directed 401(k) investment accounts. Before the reorganization, Employer Stock consisted of OWN common stock. During the year ended December 31, 1992, to establish the ESOP, the Plan purchased OWN common stock using the proceeds of an internal borrowing from OWN, and the Plan holds the stock in a trust.

In December 2025, the Plan distributed 2,584.127473 shares of Employer Stock to certain terminated participants, who sold the shares to Rise. On December 23, 2025, the Plan purchased those shares from Rise for $764,256 ($295.75 per share), financed by an internal loan from Rise. The loan bears interest at 4.55% and is payable in 20 equal annual installments of principal and interest beginning December 31, 2026, with final maturity on December 31, 2045. Rise is obligated to make contributions to the Plan, or distributions on the pledged shares, sufficient to pay the loan as it comes due.

The loan is collateralized by the unallocated shares purchased with its proceeds. Rise has no recourse against Plan assets other than the unallocated shares and the contributions and earnings held to repay the loan. As the Plan makes each payment, shares are released from collateral and allocated to eligible participants' accounts based on

NOTE 1: PLAN DESCRIPTION AND BASIS OF PRESENTATION – CONTINUED

General - continued – principal and interest paid, in accordance with applicable regulations under the Code.

Rise is obligated to repurchase shares of Employer Stock from terminated participants after certain conditions have been satisfied (see Payment of benefits and Put option below).

Because a portion of the Employer Stock is held as collateral for the loan, the financial statements of the Plan as of December 31, 2025 and 2024, and for the years then ended, present separately the assets and liabilities and changes therein pertaining to:

a) the accounts of employees with vested and non-vested rights in allocated Employer Stock (allocated);
b) Employer Stock not yet allocated to employees (unallocated);
c) participant-directed 401(k) investment accounts.

There was no unallocated Employer Stock at December 31, 2024.

Eligibility – Employees are allowed to participate in the Plan by making elective deferrals and receiving safe harbor contributions after three consecutive months of service.

Only eligible participants who have completed a year of service during the plan year and are actively employed on the last day of the plan year shall be eligible to share in any matching or discretionary contributions for the plan year.

Notwithstanding the foregoing, eligible participants who are not actively employed on the last day of the plan year due to normal retirement, total and permanent disability or death in the current plan year shall share in the allocation of any matching or discretionary contributions for that plan year.

Contributions – Each plan year, the Employer makes a nonelective safe harbor contribution equal to 3% of each eligible participant's eligible compensation, as defined. Effective for plan years beginning on or after January 1, 2025, the safe harbor contribution is made in cash to the participant-directed 401(k) investment accounts and is invested at the direction of the participant. For the 2024 plan year, the safe harbor contribution was made to participants' nonparticipant-directed Employer Stock accounts. Safe harbor contributions were $557,165 for 2025 and $533,000 for 2024.

NOTE 1: PLAN DESCRIPTION AND BASIS OF PRESENTATION – CONTINUED

Contributions - continued – The Company may also make matching and/or discretionary contributions. Only those participants who are eligible employees of the Company as of the last day of the plan year receive an allocation of such contributions. Employer matching and discretionary contributions are allocated to each participant's account based upon the relation of the participant's eligible compensation to total eligible compensation for the plan year. Plan earnings are allocated to each participant's account based on the ratio of the participant's beginning of the year account balance less distributions since the preceding allocation date to all participants' beginning of the year account balances less all distributions since the preceding allocation date.

The Plan participants in the participant-directed 401(k) investment accounts are allowed to voluntarily contribute from their salaries under the provisions of the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined contribution plans (rollover).

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation, increasing 1% per year to a maximum of 7%, and their contributions are invested in a designated balanced fund until changed by the participant. Participants may withdraw automatic contributions within 90 days of the first automatic deferral. Contributions are subject to certain IRS limitations.

Participant accounts – The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's Employer Stock account is credited as of the last day of each plan year with an allocation of the Employer's nonelective (discretionary) contributions, shares released from the loan suspense account, and forfeitures of terminated participants' non-vested accounts. For the 2024 plan year, Employer Stock accounts were also credited with the Employer's safe harbor contribution. The Employer Stock accounts are nonparticipant-directed.

Participant-directed 401(k) investment accounts are credited with the participant's elective deferrals, rollover contributions, and, beginning with the 2025 plan year, the Employer's safe harbor contribution, as well as Plan earnings thereon.

NOTE 1: PLAN DESCRIPTION AND BASIS OF PRESENTATION – CONTINUED

Notes receivable from participants – Participants may borrow from their 401(k) funds, a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates of 4.75%-10.50%, which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through monthly payroll deductions.

Vesting – Participants are immediately vested in their individual contributions and company safe harbor contributions, plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of participant accounts, plus actual earnings thereon, is based on years of continuous service. Participants vest under a six-year graded schedule (20% after two years of service, increasing 20% per year to 100% after six years). Participants whose employment with the Company ends on account of retirement, death, or permanent disability, will be fully vested in their account.

Payment of benefits – If a participant ceases to be an employee of the Company and his or her account balance does not exceed $1,000, the entire vested account balance may be payable to the participant or his or her beneficiaries in a single lump-sum payment. Balances greater than $1,000 but do not exceed $7,000 may be rolled over to an individual retirement account, as designated by the Plan, absent an election by the participant. Terminated participant balances in excess of $7,000 may remain in the Plan until such time the participant elects to receive a distribution. For participant directed 401(k) investment accounts, a participant may elect to receive a lump sum amount. In-service distributions are allowed for hardships, qualified births and adoptions, and once a participant reaches age 59 ½.

Distributions of Employer Stock are made by lump sum (for vested accounts $100,000 or less) or in substantially equal payments over a period of five years or less. Under the provisions of the Plan, the Company is obligated to repurchase Employer Stock that has been distributed to participants, as long as the shares are not publicly traded or are subject to trading limitations. In addition, shares of Employer Stock held in the accounts of inactive participants are exchanged for cash held in the accounts of active participants, as described below. During 2025 and 2024, 1,200.0000 and 4,890.5933 shares, respectively, were repurchased within the Plan in this manner at prices determined from the independent appraisal.

NOTE 1: PLAN DESCRIPTION AND BASIS OF PRESENTATION – CONTINUED

Payment of benefits - continued – Effective January 1, 2025, the Plan provides for the annual reshuffling of Employer Stock. As soon as administratively practicable after the Trustee receives the annual appraisal, the Administrator exchanges, pro rata, cash and other liquid assets held in the other investment accounts of active participants (non-401(k) accounts) for the shares of Employer Stock held in the accounts of vested or partially vested participants who have terminated employment (inactive participants) and of alternate payees who are not employees. Exchanges are based on the value of Employer Stock as of the immediately preceding valuation date. If active participants' accounts do not hold sufficient cash or liquid assets to complete the exchanges, the exchanges are made pro rata based on the assets available, and the Trustee, at the direction of the Administrator, may sell the remaining shares to the Employer to the extent the Employer offers to purchase them. Cash resulting from the exchanges is credited to segregated accounts for the inactive participants and alternate payees, which no longer share in the gains or losses of Employer Stock. If an inactive participant is reemployed, the segregated account is reinvested in Employer Stock in the proportion held when the account was segregated. Shares previously diversified are not subject to reshuffling. Prior to 2025, the Plan applied a similar redemption process under which inactive participants' stock accounts were converted to other investments in order of termination date.

Investment options – Participants direct the investment of their 401(k) contributions into various investment options offered by the Plan. The plan currently offers various collective investment trusts, pooled separate accounts, mutual funds, and a guaranteed investment contract as investment options for participants.

Forfeitures – If a participant resigns or is dismissed from employment before completing the vesting period as previously described, the non-vested amounts are forfeited at the earlier of distribution of the vested balance or five consecutive one-year breaks in service. If the participant returns to employment after a one-year break in service but prior to five consecutive one-year breaks in service, then the amount initially forfeited will be restored to the participant’s account. Forfeited shares are reallocated to participants. Forfeited and reallocated shares were 128.8956 in 2025 and 299.5837 in 2024. There were no unallocated forfeitures at December 31, 2025 or 2024.

Put option – Under Federal income tax regulations, Employer Stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock. The Company can pay for the purchase with interest over a period of five years.

NOTE 1: PLAN DESCRIPTION AND BASIS OF PRESENTATION – CONTINUED

Put option - continued – The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Voting rights – Shares of Employer Stock allocated to individual participants are to be voted by the participants on corporate matters involving approval or disapproval of any corporate merger or consolidation, recapitalization, liquidation, dissolution or sale of substantially all assets of a trade or business or similar transaction as the Department of Treasury may prescribe in regulations. The Trustee shall vote on other corporate matters for allocated Employer Stock.

Diversification – Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Employer Stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six year period. In each of the first five years, a participant may diversify up to 25% of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. Participants who elect to diversify may elect to have the value of their accounts transferred to another qualified plan.

NOTE 2: SUMMARY OF ACCOUNTING POLICIES

Basis of accounting – The financial statements of the Plan are prepared using the accrual method of accounting.

Cash and cash equivalents – For purposes of Note 6, cash equivalents include time deposits, certificates of deposit, money market funds, and highly liquid debt instruments with maturities of three months or less at the date of their acquisition.

Estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates. The Plan relies on the use of estimates in determining the valuation of Employer Stock.

Investment valuation and income recognition – The Plan's investments are measured at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

NOTE 2: SUMMARY OF ACCOUNTING POLICIES - CONTINUED

Investment valuation and income recognition - continued – The Employer Stock is valued at fair value. Fair value is determined by the trustee based on an annual independent appraisal for the Employer Stock, which was $312.80 and $295.75 per share as of December 31, 2025 and 2024, respectively. The Plan Administrator believes the independent appraisal provides a reasonable estimate of the value of the Employer Stock. Because of the significance of the assumptions required in the valuation of the Employer Stock, the actual value could materially differ had a ready market for the securities existed. Dividends on stock are recorded on the ex-dividend date, and purchases and sales are recorded on a trade date basis. The change in market value from year to year is reported as net appreciation in fair value of investments, net of realized gains and losses. Net appreciation also includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is reported on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

ESOP loan and unallocated shares – The Plan's loan payable to Rise is recorded at its unpaid principal balance, and interest is recorded when paid. Shares of Employer Stock purchased with the loan proceeds are held in a suspense account as collateral and are reported at fair value in the unallocated column, together with the loan. Contributions, interest expense, and distributions received to pay debt service will also be reported in the unallocated column. Beginning with the first scheduled payment on December 31, 2026, shares will be released from collateral based on principal and interest paid and allocated to eligible participants' accounts. No shares were released during 2025.

Payment of benefits – Benefit payments to participants are recorded upon distribution. Distribution is said to occur when participants have made an affirmative election to request a distribution and the distribution amounts have been calculated.

Administrative expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

NOTE 2: SUMMARY OF ACCOUNTING POLICIES - CONTINUED

Subsequent events – The Plan has evaluated subsequent events through October 14, 2026, which is the date the financial statements were available to be issued.

NOTE 3: TAX STATUS

Effective January 1, 2025, the Plan was amended and restated using a pre-approved employee stock ownership plan document. The pre-approved plan document received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the form of the plan document is acceptable under Sections 401 and 4975(e)(7) of the Internal Revenue Code (IRC). Although the Plan has been amended since adopting the pre-approved plan document, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 4: CERTIFIED INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years ended December 31, 2025 and 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Principal Financial Group.

Principal Financial Group has not certified to the completeness and accuracy of the Employer Stock reflected in the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024, the schedule of assets held for investment purposes as of December 31, 2025, and the related investment activity reflected in the statements of changes in assets available for benefits for the years ended December 31, 2025 and 2024.

NOTE 5: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their accounts.

NOTE 6: FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ASC 820, Fair Value Measurements, establishes a framework for measuring fair value and expands disclosures about fair value measurements.

That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets and liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 6: FAIR VALUE MEASUREMENTS – CONTINUED

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and December 31, 2024.

Mutual funds:

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Separate accounts:

Represent pooled separate accounts of Principal Life Insurance Company invested primarily in fixed income securities. Valued at the net asset value (NAV) per unit, which is based on the fair value of the underlying investments, determined principally using observable inputs from a pricing service. The NAV is not publicly quoted but is the basis for current transactions, and units may be redeemed daily at NAV.

Common and collective trust funds:

Valued at the daily net asset value (NAV) per unit, which is publicly published and is the basis for current transactions. The NAV is based on the fair value of the underlying investments held by the fund, less its liabilities.

Cash and cash equivalents:

Valued at the amortized cost or original cost plus accrued interest.

Investment in Rise ESOP Collective, Incorporated common stock:

Valued by the trustee based on an annual independent appraisal. The appraiser utilizes a combination of a market approach and income approach to determine the fair value of the stock. The income approach uses a discounted cash flow model based on the financial statements of the Company, adjusted for extraordinary items. The market approach compares the Company to similar companies in the same industry. Both the market approach and income approach are weighted equally and combined to determine the fair value of Employer Stock.

NOTE 6: FAIR VALUE MEASUREMENTS – CONTINUED

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025:

Assets at Fair Value as of December 31, 2025

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net appreciation in fair value of investments in the statements of changes in net assets available for benefits.

NOTE 7: RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Rise ESOP Collective, Incorporated (Rise), the plan sponsor, and its wholly owned subsidiary OWN, Inc. (OWN), a participating employer, are parties in interest. The Plan's investment in Employer Stock and employer contributions are reflected in the accompanying financial statements. In December 2025, the Plan purchased 2,584.127473 shares of Employer Stock from Rise for $764,256, financed by a loan from Rise, of which $764,256 was outstanding at December 31, 2025 (see Notes 1 and 11).

Delaware Charter Guarantee & Trust Company, d/b/a Principal Trust Company, trustee of the 401(k) component, and its affiliates provide recordkeeping services and manage or issue certain Plan investments. These transactions qualify as party-in-interest transactions.

Certain administrative functions are performed by officers and employees of Rise and OWN, who receive no compensation from the Plan. Rise pays certain administrative, trustee, accounting, appraisal, and audit fees on behalf of the Plan.

NOTE 8: SEPARATED PARTICIPANTS

The Plan holds account balances of individuals who have elected to withdraw from the Plan but have not yet received their distributions. At December 31, 2025 and 2024, the vested account balances of all terminated employees were $5,141,367 and $4,653,607, respectively.

NOTE 9: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities (including Rise ESOP Collective, Incorporated common stock). Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10: GROUP ANNUITY CONTRACT WITH PRINCIPAL

In 2022, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Principal Trust Company (Principal) totaling $1,360,394 for 2025 and $1,069,887 for 2024. Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract

NOTE 10: GROUP ANNUITY CONTRACT WITH PRINCIPAL – CONTINUED

issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 4%. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or the plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable or have occurred that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

NOTE 11: LOAN PAYABLE

On December 23, 2025, the Plan entered into a $764,256 term loan agreement with Rise. The proceeds of the loan were used to purchase 2,584.127473 shares of Rise common stock from Rise. The loan bears interest at 4.55% and is payable in 20 equal annual installments of principal and interest of approximately $59,008, beginning December 31, 2026, with final maturity on December 31, 2045. The Plan may prepay any portion of the loan. Prepayments are applied first to accrued interest and then to principal installments in the inverse order of maturity. The loan is payable solely from Rise contributions to the Plan, distributions on the pledged shares, and earnings on those amounts. Rise's recourse is limited to the unallocated shares and those amounts. The shares purchased by the ESOP are pledged as collateral for the loan and are released for allocation to participants as principal and interest are paid. The loan payable as of December 31, 2025 was $764,256. The scheduled principal amortization of the loan for the next five years is as follows: 2026—$23,472; 2027—$25,302; 2028—$26,453; 2029—$27,657; 2030—$28,915; and thereafter—$632,457.

NOTE 12: EMPLOYER CONTRIBUTIONS

The company is obligated to make contributions in cash to the plan, which when aggregated with the plan’s dividends and interest earnings, equal the amount necessary to enable the plan to make its regularly scheduled payments of principal and interest due on its term loan.

NOTE 13: EMPLOYER STOCK

The plan’s investments, at December 31, are presented in the following table:
