We have performed audits of the financial statements of GCE International, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of GCE International, Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of GCE International, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about GCE International, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of GCE International, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about GCE International, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter–Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion —

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 Description of Plan

The following description of the GCE International, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan Document and Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of GCE International, Inc. (the "Company" or "Employer"). There is no minimum age or service requirement for participation. The Plan was established on January 1, 1992 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

During the year ended December 31, 2024, the Plan's investments were in the custody of Lincoln Life and Annuity Company of New York ("Lincoln") and the Benefit Practice performed recordkeeping for the Plan. During October 2025, the Plan transferred all investments held with Lincoln to ADP Retirement Trust Services, LLC, who serves as the Trustee.

Employee Contributions

Each employee (also referred to herein as "Participant") of the Company who has met eligibility requirements, may contribute to the Plan from 1% to 99% of their annual compensation, as defined, on a pre-tax basis ("Elective Deferrals") or after-tax basis ("Roth Elective Deferrals"), not to exceed the maximum allowable under the Internal Revenue Code ("IRC") for any plan year. Participants who have attained the age of 50 before the end of the plan year are eligible to make a catch-up contribution. Beginning in 2025, participants ages 60 through 63 are eligible to make increased catch-up contributions. At the discretion of the Plan Administrator, participants may also contribute amounts representing rollover distributions from other qualified defined benefit or defined contribution plans and individual retirement accounts. Employees may make contributions in any combination of Elective Deferrals or Roth Elective Deferrals. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Unless an opt-out form is filled out, automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Effective October 1, 2025, the Plan was amended and each employee who has met eligibility requirements, as defined, will be automatically enrolled into the Plan at 4%. Additionally, the Plan will increase deferrals by 1% of compensation annually, up to a maximum of 10% compensation for participants who are automatically enrolled.

Employer Contributions

The Employer, in its sole discretion, may make matching contributions to the Plan on an annual basis. The percentage of the matching contribution will be determined by the Company and allocated to participants at the end of the plan year. In addition, the Plan allows the Employer to make discretionary contributions. Employer discretionary contributions are allocated based on compensation in relation to all eligible participants. There were no matching contributions or discretionary contributions made by the Company for the year ended December 31, 2025.

Note 1 Description of Plan (continued)

Vesting
Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contributions (collectively "employer contributions") portion of their accounts is based on years of continuous service. A participant is 0% vested during the first two years of credited service and 100% vested after three years of credited service. In addition, upon retirement, permanent disability, or death before retirement, the participant will be fully vested, regardless of years of service.

Participant Accounts
Each participant's account is credited with the participant's contribution, allocations of the Company's contribution (if any), and Plan earnings. Participant accounts are charged with an allocation of certain administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Notes Receivable from Participants
Participants may borrow from their vested account balance a minimum of $1,000 up to a maximum equal to the lesser of (a) 50% of their vested account balance or (b) $50,000. The maximum number of loans that a participant may have outstanding at one time is two. Note repayments are made ratably through bi-weekly payroll deductions, with repayment terms ranging from up to 5 years or up to 30 years if for the purchase of a primary residence. The notes are collateralized by the balance in the participant's account. The loan interest rate, determined quarterly, is set at the prime rate as of the last day of the immediately preceding calendar quarter, plus 1%. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits
On termination of service due to death, disability, retirement or termination of employment, a participant may elect to receive a lump-sum amount equal to the participant's vested interest in their account or payable in installments as defined in the Plan. In-service and hardship withdrawals are also permitted by the Plan. The Plan allows for mandatory distributions for terminated participants whose balance did not exceed certain limits as prescribed by the Plan Document and IRC.

Forfeited Accounts
Forfeitures of non-vested accounts are used at the discretion of the Company, whether to pay Plan expenses or offset future employer contributions. There was no balance of forfeited non-vested accounts for each of the years presented.

Note 2 Summary of Significant Accounting Policies

Basis of Presentation

The financial statements of the Plan are prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP") and, accordingly, are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit responsive investment contract, which is reported at contract value; see Note 4 for discussion of contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable from participants are recorded as benefit payment, reducing the notes receivable from participants balance, based upon the provision of the Plan Document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan allows certain administrative expenses to be paid from Plan assets, unless otherwise paid by the Company. Expenses paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account. Certain investment related expenses are included in net appreciation of fair value of investments.

Note 2 Summary of Significant Accounting Policies (continued)

Excess Contributions Payable
Amounts refundable to participants for contributions in excess of amounts allowed by the IRC are recorded as a liability with a corresponding reduction to participants' contributions. Amounts payable to participants totaled $73,773 as of December 31, 2024 for contributions in excess of amounts allowed by the IRC. The excess contributions for the year ended December 31, 2024 were distributed in 2025.

Note 3 Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. There have been no changes in methodologies used at December 31, 2025 and 2024.

Note 3 Fair Value Measurement (continued)

The following is a description of the valuation methodology used for assets measured at fair value:

- Pooled Separate Accounts: Valued at the net unit value provided by the Custodian, which is based on the fair value of the underlying investments held by the separate accounts. The underlying investments are primarily valued using observable market data, including quoted market prices for similar investments and other market-corroborated inputs.

- Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	**$ 13,963,994**	**$ -**	**$ -**	**$ 13,963,994**
Total investments at fair value	**$ 13,963,994**	$ -	$ -	**$ 13,963,994**

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 12,892,095	$ -	$ 12,892,095
Total investments at fair value	$ -	$ 12,892,095	$ -	$ 12,892,095

Note 4 Guaranteed Investment Contract with Insurance Company

The Plan entered into a benefit-responsive guaranteed investment contract with Lincoln in relation to the Guaranteed Stable Value Account. Lincoln maintains the respective participant-directed contributions in a general account. Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Lincoln, represents the amount participants would receive if they were to initiate a transaction under the terms of the ongoing plan. Interest is credited daily at an interest rate not less than the guaranteed minimum interest rate, as shown on the contract specifications. The interest crediting rate is declared on a quarterly basis. The contract amount maintained in the Guaranteed Stable Value Account is guaranteed against loss of principal, minus all withdrawals, including charges and adjustments. The guarantee is based on Lincoln's ability to meet its financial obligations from general assets. The Guaranteed Stable Value Account could limit the ability of the Plan to initiate or complete a transaction at contract value and could result in an adjustment to the net asset value under certain circumstances as described in the contract provisions. The contract value of the investment contract as of December 31, 2025 and 2024 was $732,149 and $741,253, respectively.

Note 5 Information Prepared and Certified by the Plan's Trustee and Custodian

Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Certain information related to investments and notes receivables from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivables from participants held at December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by the Trustee, ADP Retirement Trust Services, LLC.

Certain information related to the net appreciation in fair value of investments, interest and dividends, and interest income on notes receivables from participants disclosed in the accompanying financial statements for the period January 1, 2025 to October 14, 2025, and for the period October 15, 2025 to December 31, 2025 was obtained by management and agreed to or derived from information certified as complete and accurate by the prior Custodian, Lincoln, and the Trustee, ADP Retirement Trust Services, LLC, respectively.

In addition, certain information related to investments and notes receivables from participants disclosed in the accompanying financial statements, including investments and notes receivables from participants held at December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by the prior Custodian, Lincoln.

Note 6 Tax Status

For the period January 1, 2025 to October 14, 2025 and year ended December 31, 2024, the Plan was based on the Non-Standardized Pre-Approved Profit Sharing Plan with Cash or Deferred Arrangements ("CODA") of FIS Business Systems LLC, which received an opinion letter from the Internal Revenue Service ("IRS") dated June 30, 2020 stating that the Pre-approved Plan was designed in accordance with the provisions of the IRC. During October 2025, the Plan adopted the ADP, LLC Non-Standardized Pre-Approved Profit Sharing/Money Purchase/CODA (Cash or Deferred Arrangement) Plan for which the IRS has determined and informed ADP, LLC by an opinion letter dated October 6, 2020, that the Pre-Approved Plan was designed in accordance with the provisions of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore, believe that the Plan is qualified, and the related trust is tax exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 Plan Termination

Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their account balances including employer contributions and the net assets will be allocated as prescribed by ERISA and regulations pursuant thereto.

Note 8 Party-In-Interest Transactions

A party-in-interest is defined under DOL regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer and certain others. As described in Note 2, certain fees related to the administration of participant accounts and certain other administrative expenses are paid from Plan assets. Therefore, payments to such service providers by the Plan qualify as party-in-interest transactions.

For the period October 14, 2025 to December 31, 2025, ADP Retirement Trust Services, LLC is the Trustee and ADP Retirement Services ("ADP Retirement") is the recordkeeper, as defined by the Plan, and are therefore parties-in-interest. For the period January 1, 2025 to October 14, 2025 and year ended December 31, 2024, Lincoln was the Custodian and was therefore a party-in-interest.

The Plan makes loans to participants and therefore, these transactions qualify as party-in-interest transactions.

Note 9 Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10 Reconciliation of Financial Statements to Form 5500

The Plan files its Form 5500 on the cash basis of accounting.

The following is a reconciliation of the net assets available for benefits per the accompanying financial statements as of December 31, 2025 and 2024 to Schedule H of Form 5500:

	2025	2024

Net assets available for benefits per Schedule H of Form 5500	**$ 14,889,116**	$ 13,771,902

The following is a reconciliation of the net increase in net assets available for benefits in the statement of changes in net assets available for benefits for the year ended December 31, 2025 to Schedule H of Form 5500:
