INDEPENDENT AUDITORS' REPORT

To the Trustee and Plan Administrator of the
Turner's Outdoors, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of the Turner's Outdoors, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Turner's Outdoors, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024 and for the year ending December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent Turner's Outdoors, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Turner's Outdoors, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Turner's Outdoors, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Turner's Outdoors, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - DESCRIPTION OF PLAN

Turner's Outdoors Inc. 401(k) Plan is a defined contribution plan providing retirement income, disability, termination and death benefits to eligible employees. The Plan was adopted effective November 1, 2004 with a year end of December 31. Participating employers to the Plan include Turner's Operations, Inc. dba Turner's Outdoorsman and The Outdoor Entity Group, Inc.

In December 2020, the Plan was amended to include the employees of a newly created entity, The Outdoor Entity Group, Inc. Additionally, with this amendment, the plan sponsor was changed from Turner's Outdoorsman, Inc. EIN 20-5179071 to Turners Outdoors, Inc. EIN 20-2388389. The change in the plan sponsor prompted a change in the plan name from Turner's Outdoorsman 401(k) Plan to Turner's Outdoors, Inc. 401(k) Plan.

Effective January 1, 2025, the Plan was amended and restated to comply with various legislative and regulatory changes. Additionally, Plan assets were transferred from American United Life Insurance Company to ADP Retirement Trust Services, LLC on January 22, 2025 with no material changes in plan provisions. The Plan Sponsor believes that the provisions under the new plan document are in compliance with the applicable requirements of the Internal Revenue Code (IRC).

The following description of the Turner's Outdoors, Inc. 401(k) Plan provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

Eligibility and Participation

Prior to October 1, 2024, each employee who is at least 18 years of age became eligible to participate after one year of employment, defined as the completion of at least 1,000 hours of service during the twelve-month period beginning on the date of hire or any plan year beginning after the date of hire. The entry date will be the first day of the month coinciding with or next following the date the employee satisfies the eligibility requirements.

Effective October 1, 2024, the plan amended the eligibility requirements for elective deferrals to age 18 and one month of service, with no hours of service required. The eligibility requirements for safe harbor matching contributions and nonelective contributions will remain at age 18 and one year of service, with 1,000 hours of service required. The entry date will continue to be the first day of the month coinciding with or next following the date the employee satisfies the eligibility requirements.

Participants are eligible for the profit sharing contribution if they meet the eligibility requirements and are employed on the last day of the plan year and complete 1,000 hours of service during the plan year. These conditions do not apply to a participant whose employment ends because of death, total and permanent disability, or termination on or after normal retirement age.

Contributions

Participants may elect to defer up to 90% of eligible compensation annually. Participants who have attained age fifty before the end of the Plan year are eligible to make catch-up contributions. Contributions are subject to Internal Revenue Service (IRS) limitations.

The Company makes a safe harbor matching contribution equal to 100% of salary deferrals that do not exceed 4% of the participant's compensation. The Plan is designed to satisfy the ADP and ACP safe harbor requirements. The safe harbor matching contribution is calculated each payroll period, with no year-end true-up.

Also each year, at its discretion, the Company may elect to make a profit sharing contribution to the Plan. There were no Company profit sharing contributions for the years ended December 31, 2025 and 2024.

Participants may make pre-tax or Roth elective deferrals and contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of contributions into various investment options offered by the Plan. Contributions are subject to certain IRS limitations.

Vesting

Employees are 100% vested in all employee and employer safe harbor contributions. Vesting service is measured using the elapsed time method. A participant's account automatically becomes 100% vested if the participant terminates employment with the Company because of death, total and permanent disability, or reaching normal retirement age of 65. Participants are vested in the employer profit sharing contributions based upon the following schedule:

Years of Service	Percentage Vested
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Participant Accounts

A participant's account is credited with the participant's contributions, allocations of (a) the Company's matching contribution, (b) the Company's profit sharing contribution, and (c) plan earnings. A participant's account is debited with an allocation of plan losses and charged with administrative expenses; as applicable. Allocation of earnings or losses are based upon participant account balances. Allocation of the Company's contributions are based upon eligible compensation. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their account balance, whichever is less. The notes are secured by the balance in the participant's account and bear a reasonable fixed rate of interest (as determined by the Company). Principal and interest are paid through payroll deductions.

Payment of Benefits

The Plan provides for the payment of benefits to the participant or beneficiary at retirement, death, disability or termination of employment. Participants terminating their employment with the Company or attaining age 59 1/2 are entitled to withdraw all or a portion of their vested account balance. "Hardship" distributions, as outlined in the Plan, are permitted subject to the approval of the Company. Participants who qualify for retirement benefits and withdrawals will receive their benefits in the form of a lump sum cash distribution, partial withdrawals or in periodic installments. Benefits under the Plan shall be distributed solely from the assets of the Plan.

If a participant terminates employment and the participant's account balance does not exceed $7,000, the Plan administrator will authorize the benefit payment without the participant's consent. If the balance of the terminated participant's account is above $7,000, the participant may request the vested balance in a lump sum, partial withdrawals, or substantially equal installments as soon as administratively feasible.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Cash and Cash Equivalents

The Plan considers highly liquid investments with an original maturity of three months or less to be cash and cash equivalents.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at the unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 or 2024. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. The investment options have certain management fees which reduce the overall return on assets.

Forfeitures

The nonvested portion of a terminated participant's employer contribution account is forfeited as of the earlier of (1) the last day of the Plan year in which the former participant incurs five consecutive one-year breaks in service, or (2) the distribution of the entire vested portion of the participant's account. As of December 31, 2025 and 2024, the forfeiture account balances were $188 and $12,000, respectively. Forfeitures of non-vested plan sponsor contributions are retained in the Plan and may be used to first pay plan expenses and then reduce employer contribution. For the year ended December 31, 2025, $29,536 of forfeitures were used to pay Plan expenses.

Subsequent Events

The Plan has evaluated subsequent events through October 15, 2026, the date the financial statements were available to be issued, and concluded that there were no events that require recording or disclosure in the financial statements as of December 31, 2025.

NOTE 3 - INFORMATION CERTIFIED BY THE CUSTODIANS

Management, for the year ended December 31, 2025 and 2024, has elected to have the audits of the Plan performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for reporting and Disclosure under ERISA. Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule was obtained by management and agreed to or derived from information certified as complete and accurate by American United Life Insurance Company as of December 31, 2024 and for the period January 1, 2025 through March 31, 2025 and ADP Retirement Trust Services, LLC as of December 31, 2025 and for the year January 1, 2025 through December 31, 2025 (the asset custodians of the Plan).

	December 31, 2025	December 31, 2024
Investments, at fair value	$ 10,901,877	$ 8,648,154
Investment, at contract value	-	415,332
Notes receivable from participants	333,387	301,629
	$ 11,235,264	$ 9,365,115
Net appreciation in fair value of investments	914,206	
Dividends	524,043	
Interest income on notes receivable from participants	18,593	
	$ 1,456,842	

NOTE 4 - FAIR VALUE MEASUREMENT

Accounting guidance provides a framework for measuring fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1	Unadjusted quoted prices for identical, unrestricted assets or liabilities in active markets that a plan has the ability to access.
Level 2	Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means for substantially the full term of the assets or liabilities.
Level 3	Significant unobservable inputs.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the applicable methodologies used at December 31, 2025 and 2024. During the year ended December 31, 2025, there were no transfers of financial instruments into or out of Level 3. Following is a description of the valuation methodology used for assets measured at fair value:

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the United States Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts

A daily unit of value is calculated after the close of the New York Stock Exchange by using the net investment factor (NIF) method. Under this method, the previous day's unit value is multiplied by the current day's investment factor to arrive at the new unit value. The NIF for each day is calculated by dividing the current day's mutual fund share price (NAV), plus any dividend or capital gains per share, by the previous day's mutual fund NAV, minus a daily expense factor, if any.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methods or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 10,901,877	$ -	$ -	$ 10,901,877
Total investments at fair value	$ 10,901,877	$ -	$ -	$ 10,901,877

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts	$ -	$ 8,648,154	$ -	$ 8,648,154
Total investments at fair value	$ -	$ 8,648,154	$ -	$ 8,648,154

NOTE 5 - INSURANCE CONTRACTS

The Plan entered into a fully benefit-responsive guaranteed investment contract with American United Life Insurance Company through the investment in the Fixed Option, a stable value fund. The contract offers a fixed interest investment option through the insurance company's general account and a number of variable investment options through an insurance company's separate account. The guaranteed investment contract issuer is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer and will always equal or exceed the contractually guaranteed rate. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the plan. Contract value, as reported to the Plan by American United Life Insurance Company, represents contributions made under the contract, less withdrawals and administrative expenses, plus interest credited. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the insurance contract at December 31, 2025 and 2024 was $0 as the asset was liquidated during the asset custodian conversion and $415,332 respectively.

Certain events limit the Plan's ability to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including partial or total plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, and (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuer.

NOTE 6 - PLAN TERMINATION

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants would become 100% vested in their Company contributions.

NOTE 7 - TAX STATUS

The Company adopted a Non-Standardized Pre-Approved Defined Contribution Plan sponsored by ADP, Inc. The IRS has determined and informed the provider by a favorable opinion letter dated October 6, 2020, that the Non-Standardized Pre-Approved Defined Contribution Plan is designed in accordance with the applicable sections of the Internal Revenue Code. The Non-Standardized Pre-Approved Defined Contribution Plan's opinion letter is being relied on by the Plan. The Plan has been amended since receiving the opinion letter. However, Plan management believes the Plan as designed, and is currently being operated, in compliance with the applicable requirements of the Code, and therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties such as ADP who may perform services or have fiduciary responsibilities to the Plan. The Plan issues loans to participants which are secured by the balances in participants' accounts. The Company paid certain administrative expenses of the Plan, including audit fees. These transactions qualify as party in interest transactions for which a statutory exemption exists.

Certain administrative functions are performed by officers and employees of the Company. No officer or employee receives compensation from the Plan for these services.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
