INDEPENDENT AUDITOR'S REPORT

To the Trustees
Kimberly Key Courtesy 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of the Kimberly Key Courtesy 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Kimberly Key Courtesy 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

• the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

• the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Kimberly Key Courtesy 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Kimberly Key Courtesy 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

• Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Kimberly Key Courtesy 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

• Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

• Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Kimberly Key Courtesy 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedules Required by ERISA

The supplemental schedules of Form 5500, Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) and Form 5500 Schedule H, Part IV Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

• the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

• the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

KIMBERLY KEY COURTESY 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

NOTE 1 – PLAN DESCRIPTION

The following description of the Kimberly Key Courtesy 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering substantially all employees of Key Auto Mall, Inc., Kimberly Chrysler Plymouth, Inc., Courtesy Nissan Jeep Eagle, Inc., Kars Leasing, Ltd., AMAS of Iowa, and Tempo Distributing. (Collectively referred to as the Company) who have one year of service and attained age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions - Participants in the Plan may contribute up to 75% of their pretax annual compensation, as defined in the Plan, not to exceed the limit of the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit and defined contribution plans. Participants direct the investments of their contributions into various investment options offered by the Plan. If the participant does not make an investment election, the contributions are invested in the Plan's default investment option. The Company's policy is to make a discretionary matching contribution of $0.25 per $1.00 of salary deferrals up to $500 that a participant contributes to the Plan. In addition, the Company may elect to contribute to the Plan a discretionary nonelective contribution. The Company's contributions are invested in the same manner as participant contributions. Contributions are subject to certain IRS limitations.

Participant Accounts - Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions, and (b) Plan earnings, and charged with the participant's withdrawals. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's accounts.

Forfeited balances of terminated participant's nonvested accounts are used to pay for the Plan's general administrative expenses and/or to reduce employer contributions. Forfeitures included in net assets available for benefits amounted to $1,010 and $1,243 as of December 31, 2025 and 2024, respectively. Forfeitures of nonvested participant accounts used to reduce employer contributions amounted to $2,953 and $0 for the years ending December, 31 2025 and 2024, respectively.

Vesting - Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.

NOTE 1 - (Continued)

Payment of Benefits - On termination of service due to death, disability or retirement, a participant may elect from a lump-sum amount or substantially equal installments over a fixed reasonable period of time not to exceed the life expectancy of the participant or their beneficiary. Terminated participants with vested balances of less than $1,000 can be distributed in lump-sum without participant election. Terminated participants cannot receive a distribution until the next plan year following their severance from employment.

Participant Loans - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of 50% of the participant's vested account balance, not to exceed $50,000. The loans are secured by the participant's vested account balance and bear interest at a reasonable rate determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

Administrative Expenses - Certain administrative expenses relating to investment management fees are paid by the Plan and are recorded in the statement of changes in net assets available for benefits. Certain other expenses relating to the general administration of the Plan are paid by the Company and are excluded from the statement of changes in net assets available for benefits.

Excess Contributions Payable - Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2025 and 2024 excess contributions to the applicable participants on April 7, 2026 and March 15, 2025, respectively.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared under the accrual basis of accounting. The Plan evaluated subsequent events through October 14, 2026 which is the date the financial statements were available to be issued.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments are held in a trust for which Clinton National Bank (CNB) serves as trustee. Effective July 28, 2025, the Plan changed its recordkeeper and third-party administrator to Epic Retirement Plan Services (Epic), and the Plan's investments were transferred in kind to Matrix Trust Company, which serves as custodian through Epic's recordkeeping platform. CNB continues to serve as trustee. Participants direct the investment of their accounts among the investment options offered by the Plan

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

NOTE 2 – (Continued)

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value of investments is based on quoted market prices of national securities exchanges. When marketable securities are not listed in an exchange, price quotations are obtained from securities brokerage firms. See note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes realized and unrealized gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits and Participant Loans - Benefit payments to participants are recorded when paid. Participant loans are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and expensed when they are incurred. If a participant ceases to make loan payments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded based on the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2025 and 2024.

NOTE 3 – FAIR VALUE MEASUREMENTS – UNAUDITED

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access at the measurement date.

Level 2 Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

NOTE 3 – (Continued)

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds and money market funds: Valued at the quoted share prices in an active market.

The following tables sets forth by level, within the fair value hierarchy, the Plan's fair value measurements at December 31, 2025 and 2024:

	Fair Value Measurements at December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$7,569,818	$ - - -	$ - - -	$7,569,818
Money Market Funds	329,609	- - -	- - -	329,609
Total assets in fair value hierarchy	$7,899,427	$ - - -	$ - - -	$7,899,427
Investments at Fair Value	$7,899,427	$ - - -	$ - - -	$7,899,427

	Fair Value Measurements at December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$7,171,294	$ - - -	$ - - -	$7,171,294
Money Market Funds	309,682	- - -	- - -	309,682

Investments at Fair Value	$7,480,976	$ - - -	$ - - -	$7,480,976

Transfers between Levels - There were no significant transfers between levels of the fair value hierarchy for the years ended December 31, 2025 and 2024.

NOTE 4 – INFORMATION CERTIFIED BY TRUSTEE – UNAUDITED

The following information included in the financial statements and supplemental schedules was obtained from information certified as complete and accurate by Clinton National Bank, the trustee of the Plan, and Matrix Trust Company, the custodian of the Plan, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

- Investments, at fair value as shown in the Statement of Net Assets Available for Benefits as of December 31, 2025 and 2024.
- Investment income as shown in the Statement of Changes in Net Assets for the years ended December 31, 2025 and 2024.

NOTE 5 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 6 – TAX STATUS

The Plan uses a prototype plan document sponsored by Clinton National Bank. Clinton National Bank has received a determination letter, in which the Internal Revenue Service stated that the prototype document, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan evaluates the tax benefits of a tax position using the "more likely than not" threshold. As of December 31, 2025, management is not aware of any uncertain tax positions and related tax benefits which would be material to the Plan's financial statements. The Plan files annual information returns which for years subsequent to 2020 are subject to examination by taxing authorities.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes would materially affect the amounts reported in the financial statements.

NOTE 8 – RELATED PARTY TRANSACTIONS

Clinton National Bank is the trustee of the Plan, Epic Retirement Plan Services is the recordkeeper and third-party administrator, and Matrix Trust Company is the custodian; accordingly, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to CNB for trustee services amounted to $36,665 and $38,541 for the years ended December 31, 2025 and 2024, respectively. Fees paid to Epic for distribution and loan processing amounted to $2,024 for the year ended December 31, 2025. Forfeitures of nonvested participant accounts used to reduce fees paid by the plan amounted to $2,253 and $8,552 for the years ending December, 31 2025 and 2024, respectively.

NOTE 9 – CONTRIBUTIONS TO PARTICIPANTS

During the year ended December 31, 2024, operational failures limited the ability of the Plan to withhold the full amount of elective deferrals (pre-tax contributions) from some Plan participants in one or more payroll cycles. The correction for the operational failures that occurred during this year need to comply with ERISA. In order to meet with the applicable rules, it is required that the employer make a qualified nonelective contribution ("QNEC") equal to 50% of the employee's missed deferral plus applicable employer matching contributions that may not have been made, adjusted for earnings. However, a QNEC may not be made until after corrections for other failures, such as an annual discrimination testing failure, have been made.

The QNEC is added to the total amount of elective deferrals made by the employee during the year, if any. During the Plan year ended December 31, 2024, operational failures limited the ability of the Plan to calculate the employer match for one Plan participant in several payroll cycles. The 2024 QNEC was reflected as contributions to the Plan in 2025 of $337. As of the date of the financial statements, management has determined this item did not have a material impact on the Plan's net assets available for benefits and does not expect the item to impact the Plan's tax status. Given the nature of the operational failure there are no ERISA non-compliance implications.

NOTE 10 – SALE OF DEALERSHIPS

During the year ended December 31, 2024, the Company sold its Courtesy Nissan and Kia dealerships to another dealership group. As a result of the sale, employees associated with these dealerships terminated employment with the Company and became eligible to receive distributions from the Plan. Consequently, benefits paid to participants increased in 2024. The sale did not impact the ongoing operations or administration of the Plan for remaining participants.

NOTE 11 – UNTIMELY REMITTANCE

During the year ended December 31, 2025, the Company failed to remit to the Plan's trustee certain employee contributions amounting to approximately $105,000 within the period prescribed by the Department of Labor. Delays in remitting contributions to the trustee were due to administrative errors. The Company is in the process of calculating the required corrections to the Plan to reflect foregone earnings that would have been credited to participants' accounts if the late remittances had been made on a timely basis.
