INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of the
McCraw Oil/Kwik Chek 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of McCraw Oil/Kwik Chek 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024 and the related statements of changes in net assets available for benefits for the years then ended and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investments of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2025 and 2024 stating that the certified investment information, as described in Note E to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America. ("US GAAP")

- The information in the accompanying financial statements related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Plan management is responsible for the preparation and fair presentation of the financial statements in accordance with US GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance as to whether the financial statements, as a whole, are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of US GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with US GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule, Form 5500, Schedule H, Line 4i - Schedule of Assets (Held at End of Year), as of December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than what is agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

A. Description of the Plan

General

The following description of the McCraw Oil/Kwik Chek 401(k) Plan (the "Plan") provides only general information. The Plan is sponsored by McCraw Oil Company, Inc. and Kwik Chek Food Stores, Inc. (collectively, the "Plan Sponsor"). Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan, established January 1, 2002, and restated January 25, 2021 and December 29, 2023, is a defined contribution plan, covering substantially all employees of the Company, except for employees covered by a collective bargaining agreement that are excluded from the Plan. The Plan is for Taylor-Smartt, LLC's employees and the employees of its wholly owned subsidiaries, McCraw Oil Company, Inc.; McCraw Transport, Inc.; and Kwik Chek Food Stores, Inc. (collectively, the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Employees who have completed three months of service and attained twenty-one years of age are eligible to participate in the Plan.

The purpose of the Plan is to encourage the Company's employees to systematically save and invest a portion of their current compensation so that they and their families may have a source of additional income upon their retirement or in the event of death.

Plan Administration

The Plan is administered by the finance committee and certain principals and executive officers of the Company (the "Plan Administrator"). Fidelity Management Trust Company ("FMTC") serves as the trustee ("Trustee"). Fidelity Workplace Services LLC serves as recordkeeper for the Plan.

Contributions

Participants may elect to voluntarily defer up to 100% of their pre-tax annual compensation as defined by the Plan document. Participant contributions are subject to certain annual limitations as prescribed by the Internal Revenue Code (the "Code"), which was $23,500 and $23,000 for 2025 and 2024, respectively. Roth elective deferrals are permitted in the Plan. Participants who are eligible to make salary deferral contributions under the Plan and who have attained age 50 before the end of the year are eligible to make catch-up contributions in accordance with, and subject to, the limitations imposed by the Code ($7,500 for 2025 and 2024). Participants ages 60 through 63 during 2025 may make additional catch-up contributions up to $11,250, subject to Code limitations. Participants may make a rollover contribution to the Plan from another qualified plan.

The Plan is referred to as a safe harbor 401(k) plan. In order to maintain safe harbor status, the Company makes a safe harbor matching contribution equal to 100% of the first 3% of compensation, as defined by the Plan, and 50% of the next 2% of eligible compensation. The Company made safe harbor matching contributions of approximately $362,000 and $323,000 for 2025 and 2024, respectively. The Company may at Plan year end make additional discretionary matching employer contributions on behalf of eligible participants. There were no additional discretionary employer contributions for the years ended December 31, 2025 and 2024. All contributions made by the Company are invested based upon participant account elections.

A. Description of the Plan (*continued*)

Participant Accounts

A separate account is maintained for each participant and is credited with the participant's voluntary contributions and an allocation of (a) the Company's contributions, and (b) Plan earnings, net of any administrative expenses applicable to the participant. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Investment Options

Upon enrollment in the Plan, a participant may direct his or her contributions and Company contributions to any of the available investment options, which are comprised of mutual funds and a money market account.

Vesting

Participants are immediately vested in their voluntary contributions and the qualified safe harbor matching contributions plus or minus actual earnings or losses thereon. Vesting in additional discretionary matching employer contributions is based on years of service. Participants become 20% vested each year after one year of credited service on additional discretionary matching employer contributions until fully vested. Additionally, participants or their beneficiaries become immediately and fully vested in their Company contributions and related earnings upon full and permanent disability or death. Upon reaching normal retirement age or after five years in the Plan, the participant becomes 100% vested in the Plan.

Benefits Paid to Participants

Participants who withdraw from the Plan during the year for reasons of military service under the Heroes Earnings Assistance and Relief Tax Act of 2008, disability, retirement, death, or termination are entitled to their vested account balance. In addition, a participant may withdraw any part of his or her vested account after obtaining age 59½. Payment of benefits to participants with balances less than $1,000 will be made in a lump-sum distribution and automatically paid out at the discretion of the Company. Payment of benefits to participants with balances greater than $1,000 can be made in either lump sum or installment payments. The non-vested portion of a terminated participant's account is generally forfeited and applied to reduce Plan administrative expenses or future employer contributions.

Hardship distributions are permitted for certain qualifying expenses during employment with the Company. Participants are allowed to withdraw their own elective deferrals (excluding earnings on their elective deferrals) as well as any vested nonelective contributions. Safe harbor matching contributions are not permitted to be withdrawn in the event of a financial hardship. These distributions require a minimum withdrawal of $500.

Forfeited Accounts

Forfeitures of terminated participants' non-vested amounts may be used to reduce administrative expenses charged to the Plan or applied towards the Company matching contributions. Approximately $0 and $340 in forfeitures were used to pay Plan expenses in 2025 and 2024, respectively. No forfeitures were used to reduce Company matching contributions during 2025 and 2024. Approximately, $0 and $470 of unallocated forfeitures were used during the years December 31, 2025 and 2024, respectively.

A. Description of the Plan (*continued*)

Administrative Expenses

Expenses incurred in administration of the Plan, including costs relating to asset charges and recordkeeping, are paid by the Plan and allocated to all participant accounts on a pro-rata basis, or are charged directly to participant accounts for fees associated with establishment of a benefit payment. Certain expenses incurred in the administration of the Plan may be paid directly by the Company.

B. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are presented using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of certain contingent assets and liabilities. Accordingly, actual results may differ from these estimates.

Contributions

Contributions from the Company and participants are accrued as they become obligations of the Company, as determined by the Plan Administrator, and in the period in which they are deducted, in accordance with salary deferral agreements.

Credit Losses on Plan Receivables

The Plan's financial assets primarily consist of investments measured at fair value. The Plan also maintains receivables for employer contributions, including amounts due for the current period and any delinquent contributions. The Plan evaluated these receivables for collectability and determined that they are fully collectible and therefore no allowance for expected credit losses has been recorded in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic No. 326, *Financial Instruments: Credit Losses*. The Plan will continue to monitor the collectability of receivables and record any necessary allowance if credit losses become probable.

Investment Valuation and Income Recognition

The investments of the Plan are stated at fair value as of the end of the year and are subject to market or credit risks customarily associated with debt and equity investments. Fair value measurements are determined in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic No. 820, *Fair Value Measurements and Disclosures*, which defines fair value, establishes a framework for measuring fair value, and establishes disclosures about assets and liabilities measured at fair value.

The net realized and unrealized gains on investments includes realized gains and losses on sales of investments during the year, using the average cost basis of the securities sold, and unrealized increases or decreases in the market value of investments held at year end. Purchases and sales of investments are reflected on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income.

B. Summary of Significant Accounting Policies (*continued*)

Payment of Benefits

Benefits are recorded as a reduction of net assets available for benefits when paid. At December 31, 2025 and 2024, there were no unpaid benefit requests.

Plan Expenses

Employees of the Company perform certain administrative functions for the Plan with no compensation from the Plan. In accordance with the provisions of the Plan, the Company pays a portion of the expenses incurred in the administration of the Plan, including costs relating to asset charges and recordkeeping and such expenses are not reimbursed by the Plan nor reflected in the accompanying financial statements. Expenses paid by the Plan are allocated to all participant accounts on a pro-rata basis or are charged directly to participant accounts for fees associated with establishment of a benefit payment.

Recent Accounting Pronouncement and Law Changes

The following are ASUs issued by FASB or changes in law considered potentially significant to current or future financial reporting. This is not intended to be an evaluation of all recent accounting pronouncements, accounting standards, or changes in law.

On December 29, 2022, the Setting Every Community Up for Retirement Enhancement Act of 2022 (the "SECURE Act 2.0") was signed into law. The SECURE Act 2.0 is intended to expand coverage, increasing retirement savings, and clarify retirement plan rules. The SECURE Act 2.0 changed existing long-term retirement rules, which included but is not limited to, increasing the age for required minimum distributions, expanding autoenrollment features, increasing the involuntary distribution limit, expanding penalty-free withdrawals, and providing enhanced opportunities for employee savings. The effective dates vary by each provision, however, the Plan will be formally amended to reflect these changes prior to the December 31, 2026 deadline.

The Plan adopted FASB ASU No. 326, *Current Expected Credit Losses* ("Topic 326") as of January 1, 2024, which requires the Plan to immediately recognize expected credit losses on the reporting date financial assets as an allowance account on the Statement of Net Assets Available for Benefit. Financial assets excluded from the scope of Topic 326 include note receivable from participant loans and participant contribution receivables and related credit losses. As of December 31, 2025 and 2024, the Plan does not have credit losses related to employer contribution receivables.

C. Investments

The Plan's investments are held in trust by the Trustee in participant directed accounts. All investment information presented in the accompanying financial statements and the supplemental schedule, Form 5500, Schedule H, Line 4i - Schedule of Assets (Held at End of Year), including investments held and net appreciation/depreciation in fair value of investments and interest and dividends, was obtained or derived from information supplied to the Company and certified as complete and accurate by the Trustee. The investments are reflected at fair value as of December 31, 2025 and 2024.

D. Fair Value Measurements

FASB ASC Topic No. 820 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value and requires that the lowest level input be used.

The three levels defined in FASB ASC Topic No. 820 are as follows:

Level 1: Inputs are unadjusted, quoted prices in active markets for identical assets or liabilities as of the reporting date.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the term of the asset or liability. As of December 31, 2025 and 2024, the Plan had no level 2 investments.

Level 3: Unobservable inputs that are not corroborated by market data. As of December 31, 2025 and 2024, the Plan had no Level 3 investments.

The assets' or liabilities' fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

FASB ASC Topic No. 820 requires a description of the methodologies used to measure the fair value of assets and liabilities. These methodologies were consistently applied to all assets carried as of December 31, 2025 and 2024. The methodology used to measure each major category of assets is as follows:

- *Mutual funds*: The fair value of registered investment company mutual funds are based on the daily quoted closing price as reported by the fund. The mutual funds held by the Plan are actively traded and are classified within Level 1 of the valuation hierarchy.

- *Collective investment trusts* ("CIT"): The fair value of CITs are based on both fair values and net asset values that are classified within Level 1 of the valuation hierarchy as appropriate due to the underlying investment types in those CITs. The investment objective of the CIT is to provide preservation of capital along with stable and competitive returns.

D. Fair Value Measurements (*continued*)

Assets measured at fair value on a recurring basis at December 31, are as follows:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 9,635,166	$ -	$ -	$ 9,635,166
Collective Investment Trusts	$ 1,425,413	$ -	$ -	$ 1,425,413
Total assets at fair value	$ 11,060,579	$ -	$ -	$ 11,060,579

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 8,545,302	$ -	$ -	$ 8,545,302
Collective Investment Trusts	$ 511,439	$ -	$ -	$ 511,439
Total assets at fair value	$ 9,056,741	$ -	$ -	$ 9,056,741

E. Information Certified by the Trustee

The Plan Administrator, having determined it is permissible in the circumstances, has elected the method of compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator limited auditing procedures with respect to the investment information certified by the Trustee to be complete and accurate which included total investments as of December 31, 2025 and 2024, total investment income, including net realized and unrealized gains on investments for the years ended December 31, 2025 and 2024, and all information included in the accompanying supplemental schedule of assets at the end of the year.

The Trustee is considered to be a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency.

F. Income Tax Status

The Company adopted the Fidelity Management and Research Co. FMR, LLC Non-Standardized Pre-Approved Profit Sharing Plan With CODA, which has received a favorable opinion letter from the Internal Revenue Service ("IRS") as of June 30, 2020. The Company may rely on this letter with respect to the qualification of the Plan under Section 401(a) of the Internal Revenue Code ("Code") with certain limitations. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan has been amended since receiving the advisory letter and has not requested or received a determination from the IRS regarding qualifications under the appropriate section of the Code; however, the Company believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and therefore believes that the Plan and related trust are qualified.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the accompanying financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress. The plan administrator believes the Plan is no longer subject to IRS examinations for years prior to 2022.

G. Risk and Uncertainties

The Plan invests in various investment securities which are exposed to risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the financial statements.

H. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the Form 5500 to the schedule of net assets available for benefits per the financial statements as of December 31:

	2025	2024
Net assets available for benefits per Form 5500	$ 11,060,579	$ 9,056,741
Participant receivable	27,372	-
Company receivable	99,560	86,900
Net assets available for benefits per the accompanying financial statements	$ 11,187,511	$ 9,143,641

	2025	2024
Change in assets available for benefits per Form 5500	$ 2,003,838	$ 1,607,751
Participant receivable	27,372	(28,924)
Company receivable	12,660	(2,871)
Change in assets available for benefits per the accompanying financial statements	$ 2,043,870	$ 1,575,956

I. Related Party and Party-In-Interest Transactions

FMTC is the trustee and investment custodian as defined by the Plan. Plan investments in certain mutual funds and collective investment trusts are sponsored and managed by the Trustee, therefore, these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction provisions of ERISA and the Code.

In accordance with Plan provisions, the Company may at its option pay some of the costs associated with the Plan. The Company paid approximately $800 and $1,500 of administrative expenses on behalf of the Plan during 2025 and 2024, respectively.

J. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

K. Subsequent Events

In preparing the accompanying financial statements, the Plan Administrator has evaluated all subsequent events and transactions for potential recognition or disclosure through October 8, 2026, the date the financial statements were available for issuance.
