Swedish Match Union Retiree Medical Plan

Opinion on the 2025 Financial Statements

We have audited the financial statements of the Swedish Match Union Retiree Medical Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits (modified cash basis) and of plan benefit obligations as of December 31, 2025, the related statements of changes in net assets available for benefits (modified cash basis) and in plan benefit obligations for the year then ended, and the related notes to the financial statements (2025 financial statements).

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits (modified cash basis) and of plan benefit obligations of the Plan as of December 31, 2025, and the changes in its net assets available for benefits (modified cash basis) and in plan benefit obligations for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the 2025 financial statements.

Emphasis of Matter – Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on a modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - 2025 Supplemental Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4j – Schedule of Reportable Transactions for the year ended December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the 2025 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter—Auditor's Report on the 2024 Financial Statements

We performed an audit of the 2024 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, our audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. In our report dated October 13, 2025, we indicated that in our opinion (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SWEDISH MATCH UNION RETIREE MEDICAL PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of the Plan

The following description of the Swedish Match Union Retiree Medical Plan (the Plan) provides only general information. Participants should refer to the Plan agreement or summary Plan documents for more complete information.

General: The Plan is a health benefit plan which provides hospital, medical, prescription, surgical and life benefits for eligible retirees of Swedish Match North America LLC and its affiliates (Company) and their dependents, through fully-insured and self-insured products. Certain Plan assets are held in a voluntary employees' beneficiary association trust (Trust). The Benefits Committee controls and manages the operation and administration of the Plan. The Plan is subject to the provisions of the Employee Retirement Security Act of 1974, as amended (ERISA).

Trustee: Northern Trust Company is the Trustee of the Plan.

Eligibility: Union employees of the Company hired before June 25, 2022, who are at least age 40 with ten years of service are considered active participants in the Plan. Union retirees retiring after June 30, 1992, and who are at least age 55 with at least ten years of service are eligible to receive benefits under the plan.

Benefits: The Plan provides health care benefits (hospital, medical, prescription and surgical) to eligible union retirees of the Company and their dependents. The maximum benefit per lifetime for covered health care benefits received by an eligible member of the Plan is $1,000,000. The Plan also provides life insurance benefits to eligible union retirees in the amount of $30,000.

Insured benefits: The Plan fully insures health care benefits for participants who have reached age 65 and are otherwise eligible for Medicare benefits. Premiums are paid to the insurance companies by the Company and reimbursed with assets of the Trust. A portion of the premiums is also collected from retirees and remitted to the insurance companies by Mercer, one of the Plan's third party administrators. This portion of the premiums is included in the Plan statement of changes in net assets available for benefits, but is not reimbursed by the Trust.

The Plan also provides fully insured benefits for life insurance. Premiums are fully paid to the insurance company by the Company and reimbursed with assets of the Trust.

***Self-insured benefits*:** Health care benefits for participants under age 65 are self-insured. The claims for self-insured medical benefits are processed by Anthem Blue Cross and Blue Shield pursuant to an Administrative Service Only contract. Prescription drug claims are administered by CVS/Caremark Prescription Services pursuant to a Master Services Agreement. The claim processors pay claims directly to or on behalf of participants and are then reimbursed by the Company. The Company is then reimbursed by the Trust. A portion of the contributions is also collected from retirees and remitted to the Trust by Mercer, to fund a portion of the claims expense. Despite the Plan's utilization of a third-party claims processor, ultimate responsibility for payments to providers and participants is retained by the Plan.

Stop loss coverage: The Plan has entered into a stop loss insurance arrangement in an effort to limit its exposure for self-insured benefits (individual participant claims over a specific dollar amount, as well as aggregate exposure for all claims). Payments for stop-loss insurance are included in the accompanying statement of changes in net assets available for benefits. There were no stop-loss refunds received which were related to claims paid for the year ended December 31, 2025.

Note 1. Description of the Plan (Continued)

Contributions: Contributions are made by retirees to provide medical coverage for themselves and their dependents. Contributions are made by the Company in amounts sufficient to fund the Plan expenses which exceed retiree contributions. The Plan Administrator and management of the Company believe that the Plan conforms with the requirements of ERISA.

***Payment of benefits*:** The Plan's maximum payout of health care benefits is $350,000 per covered individual per year. Individual claims over $350,000 were also covered by stop-loss insurance. Any claim amounts exceeding the maximum payout are covered by stop-loss insurance. Premium payments for the stop-loss insurance coverage are funded by the Company and reimbursed by the Trust.

***Plan termination*:** Although it has not expressed any intention to do so, the Company has the right at any time to discontinue the insurance coverage and terminate the Plan subject to the provisions set forth in the Internal Revenue Code (IRC) and ERISA. Upon termination of the Plan, all contributions will terminate and the remaining assets of the Trust will be used to provide benefits to participants.

Note 2. Summary of Significant Accounting Policies

***Basis of accounting*:** The Plan prepares financial statements on the modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles (GAAP). Under this basis of accounting, the only assets recognized in the financial statements is investments. The only liabilities are amounts due to Company (see Note 8) and Plan benefit obligations. Dividends have been recognized as of the ex-dividend date and any dividends receivable are included in the investment balance at year-end. All transactions, unless otherwise noted, are recognized in the financial statements as either cash receipts or cash disbursements. The modified cash basis of accounting differs from GAAP primarily because accounts receivable, prepaid expenses, accounts payable, and accrued expenses (other than those described in Note 7) are not included in the financial statements.

***Use of estimates*:** The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets, benefit obligations, and changes therein, incurred but not reported claims payable, and other disclosures. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Benefits Committee determines the Plan's valuation policies utilizing information provided by the Trustee. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Actuarial cost method: The post-retirement benefit obligation is computed in accordance with the provisions of Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 965 and is equal to that portion of the total Expected Post-retirement Benefit Obligation deemed to have been earned to date, calculated using the projected Unit Credit Method.

Note 2. Summary of Significant Accounting Policies (Continued)

Payment of benefit: Self-insured benefits are recorded when paid by the Company to the Plan's claims processors. Insured benefit payments (premiums) are recorded when paid by the Company.

Rebates: Prescription rebates are paid by the prescription claims processor to the Company as part of an agreement between the Company and the prescription claims processor. Rebates received related to claims paid were $27,608 for the year ended December 31, 2025, and have been netted with claims paid in the accompanying statement of changes in net assets available for benefits.

Subsequent events: The Plan has evaluated subsequent events through October 15, 2026, the date these financial statements were available to be issued.

Note 3. Benefit Obligations

Post-retirement benefit obligations: A post-retirement benefit obligation has been recognized for retiree health care benefits. The benefit obligation represents the actuarial present value of the cost of those estimated future benefits that are attributed by the terms of the Plan to employee service rendered to the date of the financial statements, reduced by the actuarial present value of contributions expected to be received in the future from current retirees of the Plan. The obligations represent the amounts that are expected to be funded by contributions from the Company and from existing assets of the Plan. Post-retirement benefits include future benefits expected to be paid to or for (a) currently retired or terminated employees and their beneficiaries and dependents, and (b) active employees and their beneficiaries and dependents after retirement from service with the Company.

The actuarial present value of the expected post-retirement benefit obligation is determined by an actuary and is the amount that results from applying actuarial assumptions to historical claims-cost data to estimate future annual incurred claims costs per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements, such as those for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

The following are significant assumptions used to determine the post-retirement benefit obligations as of December 31, 2025 and 2024:

	2025	2024
Economic assumptions:		
Discount rates for:		
Benefit obligations	**5.37%**	4.94%
Interest on benefit obligations	**4.89%**	4.66%
Service costs	**5.64%**	5.08%
Interest on service costs	**5.46%**	4.99%
Long-term rate of return on assets for US GAAP	**4.00%**	4.00%
Salary increase	**3.50%**	3.50%

Note 3. Benefit Obligations (Continued)

Demographic assumptions:		
Mortality	**PRI-2012 base table with blue collar adjustment projected generationally using MP-2021**	PRI-2012 base table with blue collar adjustment projected generationally using MP-2021
Percentage married	**5.00%**	5.00%
Spouse age difference (2025 and 2024)	Male spouse 2 years younger than female spouse.	
Plan participation (2025 and 2024)	95% of future eligible retirees and spouses are assumed to elect medical coverage at retirement date.	
Persistency (2025 and 2024)	100% of retirees that elected coverage will maintain coverage the following year.	

The following changes were made for the December 31, 2025, funded status measurement:

- The discount rates were updated to use the September 30, 2025, Mercer Yield Curve.
- The withdrawal and retirement rates are updated based on an experience study completed in 2025 to reflect recent and anticipated future plan experience.
- Health care claims/contributions and the administrative expense assumptions were updated to reflect recent experience.
- Trend rates were updated to reflect recent experience.

The assumed ultimate trend rate and grade-down period are based on macroeconomic principles. These assumptions reflect assumed long term general inflation, nominal gross domestic product growth rates, and the excess of national health expenditures over other goods and services, and an adjustment for an assumed impact of population growth.

The health care cost trend rate assumption has a significant effect on the amounts reported. If the assumed rates increased by one percentage point in each year, it would increase the Plan benefit obligation by $3,846,000 and $4,152,000 as of December 31, 2025 and 2024, respectively.

Claims incurred but not reported: Plan obligations at December 31 for claims incurred but not reported are estimated by the Plan's actuary in accordance with accepted actuarial principles based on claims data provided by the Plan's third-party claims administrators. These amounts are paid by the Plan only if claims are submitted and approved for payment.

Note 4. Fair Value Measurements

FASB ASC 820, *Fair Value Measurement*, provides a framework for measuring fair value. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Money market fund: Valued at the daily closing prices as reported by the fund. The money market fund is an open-end mutual fund that is registered with the Securities and Exchange Commission (SEC). This fund is required to publish its daily net asset value (NAV) and to transact at that price. The money market fund is deemed to be actively traded.

Mutual fund: Valued at the daily closing price as reported by the fund. The mutual fund held by the Plan is an open-end mutual fund that is registered with the SEC. The fund is required to publish its NAV and to transact at that price. The mutual fund held by the Plan is deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurements (Continued)

As of December 31, 2025, the trust had been terminated and held no investments. The following table set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2024:

	Assets Measured at Fair Value at December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual Fund	$ 365,637	$ -	$ -	$ 365,637
Money Market Fund	14,420	-	-	14,420
Total assets at fair value	$ 380,057	$ -	$ -	$ 380,057

Note 5. Investment Information Certified by Trustee

The following is a summary of the Plan's statements of net assets available for benefits (modified cash basis) as of December 31, 2024, included throughout the Plan's financial statements, obtained by management and agreed to or derived from information certified by Northern Trust Company, the Trustee of the Plan. The Plan Administrator has obtained a certification from the Trustee that information provided to the Plan Administrator by the Trustee related to the following assets and income is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears throughout the financial statements related to the following:

a. Information included in the statements of net assets available for benefits (modified cash basis):
   - Fair value of investments

Note 6. Tax Status of the Plan and Trust

The voluntary employees' beneficiary association trust funding certain benefits of the Plan received an exemption letter from the Internal Revenue Service (IRS) dated November 19, 2018, stating that the trust is tax-exempt under the provisions of Section 501(c)(9) of the IRC. However, as a result of the Plan's funding policy, from time to time, the Trust may be subject to income taxes. No state or federal income taxes have been recorded in 2025 for unrelated business taxable income.

In addition, the Plan and the Trust are required to operate in conformity with the IRC to maintain the tax-exempt status of the Trust. The Plan Administrator believes that the Plan is being operated in compliance with the applicable requirements of the IRS and, therefore, believes that the related Trust is tax-exempt.

Auditing standards generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7. Related Party and Party-In-Interest Transactions

The Company is a related party of the Plan. As of December 31, 2025 and 2024, the Trust owes the Company $0 and $275,848, respectively, for claims, premiums and administrative fees that were paid by the Company.

Effective October 6, 2025, the Trust through which the Plan's assets were held was terminated. The Plan continues to operate following the termination of the Trust. In connection with the termination, amounts otherwise due to the Sponsor totaling $1,036,492 were treated as employer contributions to the Plan as of December 31, 2025.

For the year ended December 31, 2025, fees paid by the Plan to service providers that qualify as party-in-interest transactions consisted of the following:

Mercer (US) LLC, actuarial and administrative services, $59,060.

Elevance Health, Inc., claims processing services, $3,756

Northern Trust Corporation, custody and fund services, $3,916.

Note 8. Reconciliation of Financial Statements to Form 5500
