INDEPENDENT AUDITORS' REPORT

To the Plan Participants
TSG Cennox, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the accompanying financial statements of TSG Cennox, LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN

The following description of the TSG Cennox, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of Plan provisions.

General

The Plan was established effective January 1, 1999, as a defined-contribution plan covering all employees of TSG Cennox, LLC (the Company), with the exception of non-resident aliens and union employees. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration

The Plan is administered by the trustees. Prior to December 1, 2025, the trustees contracted with an independent third-party administrator to perform recordkeeping responsibilities and Empower Annuity Insurance Company of America (EAICA) served as custodian of the group annuity contract and Empower Trust Company, LLC (Empower) served as the custodian of the mutual funds and the common collective trust (CCT) funds held by the Plan. Effective December 1, 2025, John Hancock Trust Company, LLC (John Hancock) became the trustee and custodian and John Hancock Retirement Plan Services, LLC became the recordkeeper for the Plan.

Eligibility

Prior to December 1, 2025, an employee was eligible to participate in the Plan upon completion of 12 months of service and attainment of 21 years of age. Enrollment of eligible participants occurred on the first day of each quarter following the date the participant completed the eligibility requirements. Effective December 1, 2025, an employee is eligible to participate in the Plan upon completion of two months of service and attainment of 21 years of age. Enrollment of eligible participants occurs on the first day of each month following the date the participant completes the eligibility requirements.

Contributions

Participants may contribute up to 100% of their annual compensation as pretax contributions, Roth 401(k) contributions, or a combination thereof, not to exceed the limitation set forth in Section 402(g) of the Internal Revenue Code (IRC). Participants may make catch-up contributions during any calendar year ending on or after the participant's 50th birthday. Participants may also make rollover contributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company makes safe harbor matching contributions equal to 100% of salary deferrals up to the first 3% of compensation and 50% of deferrals between 3% and 5% of compensation. The Company may also elect to make discretionary nonelective contributions for participants employed by the Company on the last day of the Plan year. Discretionary nonelective contributions, which are computed annually, are allocated to each participant's account based on the ratio of a participant's compensation to all participants' compensation. The Plan also provides that the Company may make a discretionary matching contribution, determined each year, of a percentage of an employee's eligible compensation that is contributed to the Plan as deferral contributions. There were no discretionary nonelective or discretionary matching contributions made during 2025. The Company contributions are invested directly in the various investment options, as directed by the participant.

Participant Accounts
Each participant's account is credited with the participant's contributions and an allocation of the Company's contributions and Plan earnings or losses. Earnings and losses are allocated by fund based on the ratio of a participant's account invested in a particular fund to all participants' investments in that fund. Upon the occurrence of a distribution event, the benefit to which a participant is entitled is the benefit that can be provided from the participant's vested interest in his or her account.

Vesting
Participants are immediately vested in their elective contributions and Company safe-harbor matching contributions, plus or minus any earnings or losses on such contributions. A participant becomes 100% vested in all Company contributions upon death, disability or attaining normal retirement age, as defined by the Plan document. For all other purposes, vesting in the Company's discretionary matching contributions and discretionary nonelective contributions made on the participant's behalf is based on the following schedule:

Prior to December 1, 2025	Percent Vested
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Effective December 1, 2025	Percent Vested
Less than 1 year	0%
1 year or more	100%

Participants are credited with a year of service based on the elapsed time method, as defined by the Plan document.

Notes Receivable from Participants
Participants may borrow from their fund accounts any amount greater than $1,000 up to a maximum equal to the lesser of $50,000, reduced by the highest outstanding loan balance incurred by the participant during the 12-month period ending on the day before the loan is made, or 50% of the participant's vested account balance. Loan repayments are calculated on a fully amortized basis. Loans are collateralized by the vested balance in the participant's account and bear interest at the prime rate, as stated in the Wall Street Journal, plus 1.00%. The loans are general purpose loans with terms from 12 to 60 months.

Payment of Benefits
In the case of a participants' retirement, death, permanent disability or termination of employment, the participant or his or her designated beneficiary may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, unless a participant is required to receive lifetime required minimum distributions (RMDs), in which case participants may elect to receive the RMDs in installments. Distributions are subject to the applicable provisions of the Plan agreement.

Participants may elect to receive a distribution of their vested account balance as a lump-sum distribution upon attainment of 59½ years of age.

Prior to age 59½, hardship withdrawals are permitted from all participants' accounts, with the exception of Company discretionary nonelective or matching contributions.

A mandatory distribution is required if the account balance is less than $1,000 or subject to automatic rollover if less than or equal to $5,000.

Forfeitures
All Company contributions credited to a participant's account, but not vested, are forfeited by the participant upon distribution of the fully vested value of his or her account. Forfeitures are used to pay Plan expenses, and thereafter, to reduce future Company contributions. Forfeitures of $6,765 were used to reduce Company contributions during the year ended December 31, 2025. The balance in the forfeiture account as of December 31, 2025 and 2024, was $27,190 and $32,319, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP), using the accrual method of accounting.

Use of Estimates
The preparation of financial statements in conformity with GAAP requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition
The Plan's investments are stated at fair value, with the exception of the fully benefit-responsive group annuity contract which is reported at contract value through December 1, 2025. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements and Note 5 for discussion of contract value measurements.

Net appreciation in fair value of investments includes realized gains and losses on investments sold during the year as well as unrealized appreciation (depreciation) of investments held at the end of the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Risks and Uncertainties
The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Benefit Payments
Benefit payments to participants are recorded when paid.

Administrative Expenses
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are expensed when they are incurred. Investment related expenses are included in net appreciation in fair value of investments. The Plan entered into a revenue sharing agreement with EAICA. Under the terms of the revenue sharing agreement, EAICA will fund and allocate to a plan expense account revenue credit calculated based upon the agreement terms. The plan expense account is utilized to pay certain Plan expenses. The Plan paid $67,456 in fees through revenue credits that are included in administrative expenses on the statement of changes in net assets for the year ended December 31, 2025.

Subsequent Events
Management has evaluated subsequent events through October 13, 2026, which is the date the financial statements were available to be issued and has determined that there are no subsequent events that require disclosure under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 855, *Subsequent Events.*

3. FAIR VALUE MEASUREMENTS

FASB ASC Topic 820, *Fair Value Measurements and Disclosures* (ASC 820), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from, or corroborated by, observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2025 and 2024.

Mutual funds: Mutual funds are publicly traded investments and are valued daily at the closing price reported on the active market on which the funds are traded.

Common collective trust (CCT) funds: These funds are valued at the net asset value (NAV) of the units of the CCT fund. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the funds will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. There are no unfunded commitments or trading restrictions for the funds.

Pooled separate accounts (held through December 1, 2025): The unregistered pooled separate accounts are divided into investments called sub-accounts. Each sub-account invests in shares of an underlying mutual fund. Sub-account values are measured in terms of accumulation units. The accumulation units of a sub-account are assigned a unit value on a daily basis. Each sub-account is valued based on the net asset value per share of the underlying fund held in the sub-account.

The methodologies described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments as of December 31 2025 and 2024:

	Fair Value Measurement at December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,799,645	$ -	$ -	$ 3,799,645
Total assets in the fair value hierarchy	$ 3,799,645	$ -	$ -	3,799,645
Investments measured at NAV[(a)(b)]				24,703,054
Investments at fair value				$ 28,502,699

	Fair Value Measurement at December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,865,363	$ -	$ -	$ 3,865,363
Pooled separate account	-	426,179	-	426,179
Total assets in the fair value hierarchy	$ 3,865,363	$ 426,179	$ -	4,291,542
Investments measured at NAV[(a)(b)]				21,906,338
Investments at fair value				$ 26,197,880

[(a)] In accordance with ASC Subtopic 820-10, certain investments that were measured at NAV per unit (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items in the statements of net assets available for benefits.

[(b)] Measured using the NAV per unit (or its equivalent) as a practical expedient and held in a fund that files a Form 5500, Annual Return/Report of Employee Benefit Plan, as a direct filing entity.

4. INFORMATION CERTIFIED BY THE CUSTODIANS

Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments held as of December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividend income for the year ended December 31, 2025, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Empower, EAICA and John Hancock, the Plan's custodians.

5. GROUP ANNUITY CONTRACT

Prior to December 1, 2025, the Plan maintained a traditional fully benefit-responsive guaranteed investment contract with EAICA. EAICA maintained the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contracts issuer was contractually obligated to repay the principal and a specified interest rate that was guaranteed to the Plan. The interest crediting rate was based on the underlying assets of the portion of the Great-West general account that was used to determine the account's crediting rate compared to the minimum interest crediting rate and prevailing market conditions. The crediting interest rate is reset at least annually. The crediting interest rate earned by the contract for 2025 and 2024 was 3.00%.

The contract meets the fully benefit-responsive investment contract criteria and was therefore reported at contract value. Contract value is the relevant measure for the fully benefit-responsive investment contract because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan.

Contract value, as reported to the Plan by EAICA, represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. The guarantees are based on the insurance company's ability to meet its financial obligations from the assets of the insurance company.

In certain circumstances, the amount withdrawn from the fixed accounts would be payable at fair value rather than at contract value. Upon the transfer from EAICA to John Hancock, all assets were transferred at contract value.

6. TAX STATUS

Prior to December 1, 2025, the Plan adopted a non-standardized pre-approved profit-sharing plan with CODA sponsored by CCH Incorporated DBA ftwilliam.com. The prototype plan has received an opinion letter dated June 30, 2020. Effective December 1, 2025, the Plan adopted a non-standardized defined contribution plan document sponsored by John Hancock Retirement Plan Services, LLC. The prototype plan document has received an opinion letter dated June 30, 2020, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan itself has not received a determination letter from the IRS. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Accordingly, the accompanying financial statements do not include a provision for income taxes.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Management has evaluated its tax positions and concluded there are no uncertain positions requiring recognition or disclosure as of December 31, 2025 and 2024. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their account balances.

8. PARTY-IN-INTEREST TRANSACTIONS

Prior to December 1, 2025, the Plan held units of a fixed account and a pooled separate account managed by EAICA, a custodian; therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services are included as a reduction of the return earned on each fund. Additionally, for the year ended December 31, 2025, the Plan paid administrative and recordkeeping fees to the Plan's recordkeeper and third-party administrator. Investment advisory fees were paid out of a plan expense account held by EAICA.
