CANYON CREEK CABINET COMPANY
RETIREMENT SAVINGS TRUST

FINANCIAL STATEMENTS AND
SUPPLEMENTAL SCHEDULE

DECEMBER 31, 2025 and 2024

To the Plan Administrator of
Canyon Creek Cabinet Company Retirement Savings Trust

Independent Auditor's Report

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Canyon Creek Cabinet Company Retirement Savings Trust [Canyon 401(k) Plan], an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Canyon 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section–

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Canyon 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Canyon 401(k) Plan's ability to continue as a going concern for within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Canyon 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Canyon 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - ORGANIZATION AND DESCRIPTION OF THE PLAN

The provisions of Canyon Creek Cabinet Company ("Company") Retirement Savings Trust ("Plan") were effective November 1, 1987. The Plan was restated in 1998, when a prototype plan was adopted. The Plan was most recently restated effective January 1, 2022. The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General -

The Plan is a defined contribution plan covering all full-time employees of the Company who, prior to January 1, 2020, were 19 years of age and had completed one year of service, as defined by the Plan document.

Effective January 1, 2020, the Plan's eligibility conditions were modified to change the age to 18 for all contributions and to decrease the level of service requirement to two months for elective deferrals.

Prior to January 1, 2023, eligibility for the match is one year of service which means completion of 1,000 hours of service. Effective January 1, 2023, eligibility for the match was modified to change the level of service requirement to two months.

Effective January 1, 2023, the entry date for all contributions is the first day of the month coinciding with or next following the date the eligibility requirements are met.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions -

The Plan includes a 401(k) feature whereby eligible employees may contribute a portion of their pre or post tax (effective January 1, 2022) compensation, as defined in the Plan and subject to statutory limitations.

The Plan provides for automatic enrollment of eligible employees at a contribution rate of 4% of eligible compensation unless another rate, including opting out, is elected. Participants may elect to contribute up to 100% of their eligible compensation as defined in the Plan document, within statutory limits. Participants may elect to stop the payroll deductions at any time. Participants may make deferral modifications at any time which become effective on the first day of each Plan quarter. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans.

NOTE 1 - continued:

The Company may make discretionary matching contributions equal to a uniform percentage of a participant's salary deferrals or a discretionary dollar amount. For 2025 and 2024, the Company matched $.50 for each $1.00 the employee contributes up to 7% of their earnings. The Company funds employee and employer matching contributions each pay period.

The Company may also make a discretionary annual profit-sharing contribution which is allocated to all eligible employees based upon their eligible compensation. Profit sharing contributions, if any, are funded in the following Plan year and placed in participant directed investments. There were no profit-sharing contributions to the Plan in 2025 and 2024.

Participant Accounts -

Individual participant accounts are maintained by The Standard Insurance Company (The Standard), the Plan's third-party administrator. Each participant's account is credited or charged with the participant's contributions, allocations of the Company's contributions, if any, allocation of investment earnings and losses on individual account balances, and certain administrative expenses. Allocations are based on participant compensation or account balances as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment options -

Participants direct employee and employer contributions among mutual funds and one stable asset fund held by Reliance Trust Company ("Reliance"), the Plan's custodian.

Vesting -

Participants are immediately vested in their own contributions plus actual earnings thereon. Vesting in the employer contributions (match and profit-sharing) is in accordance with the following schedule: 20% after two years of service, 40% after three years of service, 60% after four years of service and 100% after five years of service. Participants become fully vested upon retirement, death, or total and permanent disability.

Notes receivable from participants -

The Plan allows participants to borrow from their account a minimum of $1,000 up to the lesser of $50,000 or 50% of their vested account balance. Terms of the notes receivable may not exceed five years, except for the purchase of a primary residence. The notes receivable are secured by the balance in the participant's account and bear interest at 1% above the prime rate at the time of the loan commitment. Interest rates range from 4.25% to 9.5% at December 31, 2025. Principal and interest are paid ratably through payroll deductions. No allowance for credit losses has been recorded as of December 31, 2025 or 2024. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

NOTE 1 - continued:

Payment of benefits -

Benefits may be distributed upon retirement, death, disability, hardship or termination of employment. Benefits equal to the value of the participant's vested account may be paid in a lump sum or in installments, depending on certain factors as described in the Plan document and at the participant's election. Upon reaching 59 ½, and under certain hardship circumstances, participants may request a lump-sum distribution of their vested account balances prior to retirement.

Forfeited accounts -

Upon termination, participants' non-vested account balances are forfeited. Forfeitures from non-vested accounts may be used to pay Plan expenses or reduce employer contributions, if any. At December 31, 2025 and 2024, forfeited non-vested accounts totaled $4,709 and $26,468, respectively. During 2025 and 2024, forfeitures of $32,857 and $28,346, respectively, were used to pay Plan administrative fees. During 2025 and 2024, forfeitures of $46,333 and $0, respectively, were used to reduce employer contributions.

Administrative fees -

Mutual fund expenses, including 12(b)1 revenue sharing fees, are deducted from each fund's earnings to arrive at net appreciation (depreciation) as reported in the accompanying statement of changes in net assets available for benefits. Revenue sharing fees are collected by The Standard and its affiliates and are used to offset Plan administrative fees charged by The Standard. The amount of any excess compensation received over and above that used to offset fees charged by The Standard is paid to the Plan. There was no excess compensation for the year ended December 31, 2025. Certain other administrative expenses are paid by the Company.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following are significant accounting policies used by the Plan:

Basis of accounting -

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of estimates -

The preparation of financial statements in conformity with generally accepted accounting principles in the United States (GAAP) requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Valuation of investments and income recognition -

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or

NOTE 2 - continued:

paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants -

Notes receivable from participants are measured at their unpaid principal balances. Delinquent participant loans that are deemed to be in default based upon the terms of the Plan document are reclassified as distributions.

Payments of benefits -

Benefits are recorded as paid.

NOTE 3 - FAIR VALUE OF INVESTMENTS

Fair value is a market-based measurement determined based on assumptions that market participants would use in pricing an asset or liability. There are three levels, which prioritize the inputs used in measuring fair value as follows:

- Level 1: Observable market inputs such as quoted prices (unadjusted) in active markets for identical assets or liabilities,
- Level 2: Observable market inputs, other than the quoted prices in active markets, that are observable either directly or indirectly; and
- Level 3: Unobservable inputs where there is little or no market data, which require the reporting entity to develop its own assumptions.

The inputs or methodology used for valuing investments is not necessarily an indication of the risk associated with investing in those securities.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

NOTE 3 - continued:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$18,090,777	$ -	$ -	$18,090,777

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$16,160,330	$ -	$ -	$16,160,330

NOTE 4 - STABLE ASSET FUND

Effective July 17, 2012, the Plan entered into a fully benefit-responsive guaranteed investment contract with The Standard. The Standard maintains the contributions in a general account that is part of the general corporate assets of The Standard. The account is credited with earnings based on a rate declared by The Standard each quarter and charged for participant withdrawals and administrative expenses. The Standard has a general liability to participants for the balance in the general account. The Standard also guarantees a minimum interest rate of 1%.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by The Standard, represents contributions made under the contract, plus earnings less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of The Standard. The contract value of the investment contract at December 31, 2025 and 2024, was $750,128 and $836,469, respectively. On a quarterly basis, The Standard declares a crediting rate for assets in the general account based on the underlying investments of The Standard. The crediting rate for the investment contract at December 31, 2025 and 2024 was 3.16% and 3.04%, respectively.

Certain events may limit the ability of the Plan to transact at contract value with The Standard. Such events include termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total plan termination, retirement incentive programs, and the liberalization of plan withdrawal or transfer rules. Upon occurrence of any of these events, a payout adjustment may apply. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring.

The guaranteed investment contract does not permit The Standard to terminate the agreement prior to scheduled maturity date.

NOTE 5 - INFORMATION CERTIFIED BY CUSTODIAN

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company, the custodian of the Plan's investments, has certified that the following data included in the accompanying financial statements, notes and supplemental schedule is complete and accurate.

1) Fair value of mutual funds as of December 31, 2025 and 2024.
2) The contract value of the stable asset fund as of December 31, 2025 and 2024.
3) Net appreciation in fair value of mutual funds for the year ended December 31, 2025.
4) Interest and dividends for the year ended December 31, 2025.

NOTE 6 - RELATED PARTY TRANSACTIONS

Reliance Trust Company is the custodian of the Plan's investments; therefore, transactions with Reliance qualify as party-in-interest transactions. The Standard is the third-party administrator and co-fiduciary of the Plan and contracts with Reliance for custodial services. For the year ended December 31, 2025, the Plan paid fees of $43,267 to The Standard and its affiliates for administration and custodial services. In addition, transactions involving the guaranteed investment contract with The Standard qualify as party-in-interest transactions.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE 8 - TAX STATUS

The Plan trustees adopted a non-standardized pre-approved plan. The Internal Revenue Service (IRS) has determined and informed the pre-approved plan by a letter dated June 30, 2020, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the advisory letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and therefore, believe that the Plan is qualified, and related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 - RISK AND UNCERTAINTIES

The Plan allows participants to invest in investment securities which are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with the investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

NOTE 10 - SUBSEQUENT EVENTS

The date to which events occurring after December 31, 2025, have been evaluated for possible adjustment to the financial statements or disclosure therein is October 13, 2026, which is the date on which the financial statements were available to be issued.
