Independent Auditor's Report

Trustees and Investment Committee
Azara Healthcare 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements
We have performed an audit of the 2025 financial statements of Azara Healthcare 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The 2025 financial statements comprise the statements of net assets available for benefits as of December 31, 2025, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2025 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate to the best of their knowledge and belief.

Opinion on the 2025 Financial Statements
In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section:

- The amounts and disclosures in the accompanying 2025 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying 2025 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RSM US LLP is the U.S. member firm of RSM International, a global network of independent assurance, tax, and consulting firms.
Visit rsmus.com/aboutus for more information regarding RSM US LLP and RSM International.

Basis for Opinion on the 2025 Financial Statements
We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—2025 Supplemental Schedule Required by ERISA
The supplemental schedule, Schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. Note 1. Description of the Plan

The following description of Azara Healthcare 401(k) Plan (the Plan) provides only general information. The Plan Agreement should be referred to for a more complete description of the Plan's provisions.

General: The Plan is a qualified defined contribution plan with a cash deferral arrangement covering all eligible employees (participants) of Azara Healthcare, LLC (the Company). The Plan was established on January 1, 2013, and is administered on the basis of the plan year, which is the 12-month period commencing each January 1 and ending on December 31. Effective January 1, 2024, the Plan was amended to change the eligibility requirements for the discretionary match and profit sharing contributions to only include participants who are employed with the Plan Sponsor on the last day of the plan year. This condition is waived for participants whose employment is terminated due to death, disability, or after normal retirement. The Board of Directors is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Participants are offered a selection of mutual funds for the placement of their contributions (participant-directed funds). The determination of the participant-directed funds made available to participants is made by the Plan Administrator.

Eligibility: As defined by the Plan, there is no age, service, or other requirements for participants to be eligible to contribute to the Plan. Eligible participants can enter the Plan on the first day of the month coinciding with or next following the date of hire.

Contributions: Each year, participants may contribute up to 90% of their annual compensation, as defined in the Plan agreement. Participants have the option of contributing a percentage of their taxable compensation as a Roth contribution. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Contributions are subject to certain limitations as outlined in the Internal Revenue Code (IRC). Participants are automatically enrolled in the Plan with a 3% contribution unless elected otherwise.

The Company may make matching or nonelective contributions as permitted by the Plan at the discretion of the Company. For the years ended December 31, 2025 and 2024, the Company made discretionary matching contributions of $530,000 and $400,000, respectively.

Notes receivable from participants: Participants may borrow from their account a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of the vested balance of their account subject to certain Internal Revenue Service (IRS) limitations. Participants may only have one loan outstanding at any given time. Loans are to be repaid within five years, unless the loan is for a primary residence. Loans are secured by the remaining vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are repaid through after-tax payroll deductions on a semi-monthly basis. On December 31, 2025 and 2024, loans bear interest at rates ranging from 5.25% to 10.50% with maturity dates through June 2030.

Vesting: Participants are vested immediately in their deferral contributions, rollover contributions, and any earnings thereon along with discretionary matching or nonelective contributions and earnings.

Forfeitures: Forfeitures may first be used to pay any administrative expenses, then to reduce any employer contribution on a per payroll period basis. As of December 31, 2025 and 2024, there were no unallocated forfeitures.

Note 1. Description of the Plan (Continued)

Payment of benefits: Upon termination of service, retirement, death or disability, distributions under the Plan shall be paid through a single lump-sum amount, equal installments or partial withdrawals. The Plan also allows for hardship withdrawals and in-service withdrawals upon the participant reaching age 59½ of all or a portion of a participant's vested account.

Participant accounts: Each participant's account is credited with (a) the participant's pre-tax elective deferrals, Roth elective deferrals, and rollover contributions, (b) Company's discretionary matching or nonelective contributions and (c) the Plan's net investment earnings. Participant accounts are charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances, or specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants' investments options: Participants must direct their account balances to selected investments as made available by the Plan Sponsor. Participants may change their investment options at any time throughout the year.

Plan administration: The Company is the Plan Sponsor and Plan Administrator. Assets of the Plan are in the custody of ADP Retirement Trust Services, LLC, the Trustee of the Plan. Certain administrative functions are performed by employees of the Company, who receive no compensation from the Plan.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements are prepared in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of estimates: The preparation of financial statements in conformity with U.S. GAAP requires the use of estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein. Such estimates relate primarily to unsettled transactions and events as of the date of the financial statements. Accordingly, upon settlement, actual results may differ from estimated amounts.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note 5). Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold, as well as held, during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Contributions: Contributions from Plan participants and the matching contributions from the employer are recorded in the year in which the participant compensation is earned.

Benefits paid: Benefit payments are recorded when paid.

Administrative expenses: Certain administrative expenses incurred in maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment-related expenses, record keeping, and other Plan administration expenses paid by the Plan are recorded in the net appreciation in fair value of investments and in administrative expenses.

Note 3. Risks and Uncertainties

The Plan provides for various investment fund options. Investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amount reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Note 4. Information Certified and Provided by the Trustees

The following is a summary of the Plan's asset information as of December 31, 2025 and 2024, and for the year ended December 31, 2025, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified as complete and accurate to the best of their knowledge and belief by ADP Retirement Trust Services, LLC as of December 31, 2025 and for the year then ended and Reliance Trust Company as of December 31, 2024, qualified institutions;

	December 31	
	2025	2024
Investments at fair value:		
Mutual funds	$ 16,984,646	$ 10,922,597
Total investments	$ 16,984,646	$ 10,922,597
Notes receivable from participants	$ 106,653	$ 21,494

The Trustee also certified to the completeness and accuracy to the best of their knowledge and belief $1,368,298 of net appreciation in fair value of investments, $883,377 of interest and dividends, and $4,239 of interest income on notes receivable from participants related to the aforementioned assets for the year ended December 31, 2025.

Note 5. Fair Value Measurements

U.S. GAAP provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date.

Level 2: Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability, including assumptions regarding risk.

Note 5. Fair Value Measurements (Continued)

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following are descriptions of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy. There have been no changes in methodologies used at December 31, 2025 or 2024:

Mutual funds: These public investment vehicles are valued using the net asset value (NAV) provided by the administrator of the fund. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. NAV is classified within Level 1 of the valuation hierarchy based on the underlying assets of the account, which are traded on an active market.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31:

	2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 16,984,646	$ -	$ -	$ 16,984,646
Investments at fair value				$ 16,984,646

	2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 10,922,597	$ -	$ -	$ 10,922,597
Investments at fair value				$ 10,922,597

Note 6. Related Party and Party-in-Interest Transactions

Certain Plan investments are shares of investments managed by ADP Retirement Trust Services, LLC, the record keeper and Trustee; therefore, these transactions qualify as party-in-interest transactions for which a statutory exemption exists. Fees paid to the record keeper, Trustee, and investment advisor totaled $48,551 for the year ended December 31, 2025. Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

Administrative fees related to the Trustee's administration of the Plan may be paid by the Company.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 8. Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31 to Form 5500:

	2025	2024
Net assets available for benefits per the financial statements	$ 17,695,066	$ 11,392,209

The following is a reconciliation of the net increase in net assets per the financial statements for the year ended December 31, 2025, to Form 5500:

Net increase in net assets available for benefits per the financial statements	$ 6,302,857
Change in participant contributions receivable	(25,649)
Change in employer contribution receivable	(130,000)
Net income per Form 5500	$ 6,147,208

Note 9. Tax Status

The Plan obtained its latest opinion letter on October 6, 2020, in which the IRS stated the Plan, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator and the Plan's tax counsel believe the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe the Plan is qualified and the related trust is tax exempt as of the financial statement date.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 10. Subsequent Events

The Plan Sponsor has evaluated all subsequent events through October 8, 2026, the date the financial statements were available to be issued and determined that no additional subsequent events had occurred that would require recognition or disclosure in these financial statements, except as discussed below.

In May 2026, Azara Healthcare acquired Advocatia. Former Advocatia employees became employees of Azara Healthcare and are eligible to participate in the existing Azara Healthcare 401(k) plan, and many have enrolled. Advocatia had no pre-existing 401(k) plan; therefore, no retirement-plan merger or transfer of plan assets or liabilities occurred.
