INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of:
Integris Composites, Inc. Savings Plan
(formerly known as "TenCate Advanced Armor USA, Inc. Savings Plan")

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of **Integris Composites, Inc. Savings Plan (formerly known as "TenCate Advanced Armor USA, Inc. Savings Plan")** (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

"Assurance Dimensions" is the brand name under which Assurance Dimensions, LLC including its subsidiary McNamara and Associates, LLC (referred together as "AD LLC") and AD Advisors, LLC ("AD Advisors"), provide professional services. AD LLC and AD Advisors practice as an alternative practice structure in accordance with the AICPA Code of Professional Conduct and applicable laws, regulations, and professional standards. AD LLC is a licensed independent CPA firm that provides attest services to its clients, and AD Advisors provide tax and business consulting services to their clients. AD Advisors, and its subsidiary entities are not licensed CPA firms.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

"Assurance Dimensions" is the brand name under which Assurance Dimensions, LLC including its subsidiary McNamara and Associates, LLC (referred together as "AD LLC") and AD Advisors, LLC ("AD Advisors"), provide professional services. AD LLC and AD Advisors practice as an alternative practice structure in accordance with the AICPA Code of Professional Conduct and applicable laws, regulations, and professional standards. AD LLC is a licensed independent CPA firm that provides attest services to its clients, and AD Advisors provide tax and business consulting services to their clients. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, line 4i – Schedule of Assets (Held at End of Year) and Schedule H, line 4a – Schedule of Delinquent Participant Contributions, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedules agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note A – Description of Plan

The following description of the Integris Composites, Inc. Savings Plan (*formerly known as "TenCate Advanced Armor USA, Inc. Savings Plan"*) (the "Plan") provided only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions and the participants' investment options.

General

The Plan is a defined contribution plan covering substantially all employees of Integris Composites, Inc. and its participating Employers (collectively the "Company" or "Employer") that was formed effective August 1, 2021, and was amended and restated effective June 10, 2025. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Employees became eligible to participate in the Plan upon completing three months of service. Participation begins on the first day of the month coinciding with or immediately following the date the eligibility requirements were met. Unless a participant makes an affirmative election, the Employer will automatically defer 5% of compensation for each payroll period, with an annual increase of 1% on the first day of each Plan year, up to a maximum of 10%. Participants with affirmative deferral elections below 10% are also automatically increased by 1% annually, unless they opt out before the change date. Dollar-rate deferrals are excluded from automatic enrollment and escalation. All employees of the Company are eligible once these requirements were satisfied, except for union employees, nonresident aliens, leased employees, part-time employees regularly scheduled to work fewer than 1,000 hours, temporary employees, and seasonal employees.

Effective June 10, 2025, the Plan was amended to change the name of the Plan from TenCate Advanced Armor USA, Inc. Savings Plan to Integris Composites, Inc. Savings Plan.

Administration

The accounting records are maintained by the Company. The Plan assets are held in trust by Matrix Trust Company as Trustee under an agreement with OneAmerica. Following Voya Financial's acquisition of OneAmerica's retirement plan business, custody of Plan assets and trustee responsibilities were transferred to Voya Institutional Trust Company as of December 31, 2025. Recordkeeping for the Plan is provided by Voya Financial as of December 31, 2025.

Contributions

Participants may contribute up to 100% of their compensation to their participant account subject to limitations imposed by the Internal Revenue Code ("IRC"). The maximum participant deferral for the year ended December 31, 2025 was $23,500. A participant who has attained the age of 50 may also make catch up contributions, subject to Internal Revenue Service ("IRS") limitations of $7,500 for the year ended December 31, 2025. For participants aged 60 to 63, they are permitted to make a catch-up contribution up to $11,250.

The Company makes safe harbor matching contributions for each participant who meets the Plan's eligibility requirements. The safe harbor match is equal to 100% of the participant's deferrals on the first 3% of compensation contributed, plus 50% of deferrals on the next 2% of compensation.

Under the terms of the Plan, the Company may also contribute matching and non-elective contributions. During 2025, no discretionary matching contributions were made.

Participants direct the investment of their contributions and Company contributions into various investment options offered by the Plan.

Note A – Description of Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's matching contributions. Each participant's account shall be allocated earnings, gains, expenses, and losses with respect to the investments of the participant's account. Allocations of Plan earnings or losses are based on each participant's investment fund balance in proportion to the total investment fund balance.

Vesting

Participants are immediately 100% vested in their own salary deferral, rollover contributions, Company safe harbor matching contributions and earnings thereon. A participant is 100% vested upon death or permanent disability. Non-elective Company contributions vest ratably based on years of continuous service. A participant is 100% vested after six years of credit service as follows:

Years of Service	Vesting Percentage
Less than 2	0%
2	25%
3	40%
4	60%
5	80%
6	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account. The maximum note repayment period is 5 years unless the note is for the purchase of a primary residence in which case the repayment schedule may be for a term in excess of 5 years. The loan interest rate is set at the prime rate, as defined. Principal and interest are paid ratably through payroll deductions.

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. In the event of a default or termination of employment, the entire outstanding principal and accrued interest shall be immediately due and payable.

Distribution of Benefits

After age 59 ½, upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or installments paid over various periods, as defined in the Plan agreement. If a participant's vested balance is $5,000 or less, the Company may distribute the entire vested account balance to the participant without their consent. Benefits may be received when a participant demonstrates a situation of financial hardship as defined by the IRC.

Forfeitures

Forfeited balances of terminated participants' non-vested accounts are used to pay administrative expenses or reduce future Employer contributions. At December 31, 2025, there were no forfeited non-vested accounts. During the year ended December 31, 2025, there were no forfeitures.

Note A – Description of Plan (continued)

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, each participant's account will become fully vested and non-forfeitable. All appropriate accounting provisions of the Plan will continue to apply until the accounts of all participants have been distributed.

Note B – Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and the changes in net assets available for benefits and disclosure of contingent assets and liabilities during the reporting period. Actual results could differ from these estimates.

Valuation of Investments

The Plan's investments are stated at fair value, except for the fully benefit-responsive investment contracts, which are reported at contract value as described in Note G. Fair value is based on quoted market prices at year-end as reported by the Trustee.

Purchases and sales of securities are recorded on a trade basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Fair Value Measurements

The Financial Accounting Standards Board ("FASB") has established a framework for measuring fair value in ASC 820, *Fair Value Measurements*. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Note B – Summary of Significant Accounting Policies (continued)

Fair Value Measurements (continued)

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: Quoted prices for similar assets or liabilities in active markets; Quoted prices for identical or similar assets or liabilities in inactive markets; Inputs other than quoted prices that are observable for the asset or liability; Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Fair Value Measurements at Reporting Date Using:	
	Assets Measured at Fair Value at 12/31/2025	Quoted Prices in Active Markets (Level 1)
Mutual funds	$ 8,050,125	$ 8,050,125
Total investments at fair value	$ 8,050,125	

	Fair Value Measurements at Reporting Date Using:	
	Assets Measured at Fair Value at 12/31/2024	Quoted Prices in Active Markets (Level 1)
Mutual funds	$ 5,832,937	$ 5,832,937
Total investments at fair value	$ 5,832,937	

Note C – Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Matrix Trust Company and Voya Institutional Trust Company, a qualified institutions. As of December 31, 2025 and 2024, and for the year ended December 31, 2025, the Plan Administrator instructed the auditors not to perform any auditing procedures with respect to the information certified by Matrix Trust Company and Voya Institutional Trust Company, except for comparing such information to the related information included in the financial statements, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note D – Income Tax Status

The IRS has determined that the prototype profit sharing plan is designed in accordance with applicable sections of the IRC and informed the Trustees of such in a letter dated August 19, 2020. The Plan Administrator believes that the Plan and related trust are currently being operated in compliance with the applicable requirements of the IRC.

Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to audit by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note E – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note F – Party-In-Interest Transactions

Fees paid during the year for accounting and other services rendered by parties-in-interest were based on customary and reasonable rates for such services. Notes receivable from participants are also considered to be party-in-interest transactions because they are transacted with Plan participants. Fees paid to parties-in-interest by the Plan for services amounted to approximately $4,000 during the year ended December 31, 2025

Note G – Fully Benefit-Responsive Investment Contracts

Fully benefit-responsive investment contracts, at contract value on the statement of net assets consist of the following investment(s):

Investment Type	Investment name	December 31, 2025	December 31, 2024
Guaranteed interest account	AUL Stable Value Account	$ 69,244	$ 68,352

As of December 31, 2025 and 2024, the Plan invests in a guaranteed interest account (AUL Stable Value Account Series A, "the Fund"). The Fund is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. As described in Note B, because the Fund is fully benefit-responsive, contract value is the relevant measurement attribute for the portion of the net assets available for benefits attributable to the Fund. The investment is included in the financial statements at contract value as reported to the Plan by the Fund. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

Note G – Fully Benefit-Responsive Investment Contracts (continued)

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The Fund issuer is contractually obligated to repay the principal and a specific interest rate that is guaranteed to the Plan.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan,) (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures of spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transactions exempt under ERISA. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with

Note H – ERISA Bonding Requirement

ERISA section 412 and related regulations generally require that every fiduciary of an employee benefit plan and every person who handles funds or other property of such a plan shall be bonded. ERISA's bonding requirements are intended to protect employee benefit plans from risk of loss due to fraud or dishonesty on the part of the persons who "handle" plan funds or other property. ERISA refers to persons who handle funds or other property of an employee benefit plan as "plan officials." A plan official must be bonded for at least 10% of the amount of funds he or she handles, subject to a minimum bond amount of $1,000 per plan with respect to which the plan official has handling functions. In most instances, the maximum bond amount that can be required under ERISA with respect to any one plan official is $500,000 per plan. The Plan, Plan Administrator, and officials were bonded during the 2025 Plan year; however, the bond coverage did not cover the entire plan year, as the policy was effective only beginning July 30, 2025.

Note I – Subsequent Events

Subsequent events have been evaluated through October 15, 2026, which is the date the financial statements were available to be issued.
