Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Intram Investments Inc's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Intram Investments Inc's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Intram Investments Inc's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A – DESCRIPTION OF PLAN

The following description of Intram Investments Inc (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

1. General

The Plan was formed January 1, 2023. The Plan is a 401 (k) defined contribution plan, covering substantially all employees of Intram Investments Inc (the "Company"). Employees are eligible to participate in the Plan and receive discretionary flexible matching and discretionary non-elective contributions on the next first day of the month following three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

2. Contributions

Participants may elect to defer up to 90 percent of pre-tax and Roth contributions of total compensation each year up to the maximum allowed, which was $23,500 in 2025. Participants who are age 50 or older may make catch-up contributions up to $7,500 in 2025. Participants, with the consent of the Plan, may make rollover contributions from another qualified plan to the Plan.

The Plan elected to have automatic enrollment for eligible participants. All eligible employees are automatically enrolled in the Plan with pre-tax deferral rate of 3% of their total compensation. This deferral rate will increase by 1% at the beginning of the next Plan year and will continue to increase by 1% each subsequent Plan year, up to a maximum deferral rate of 10%. If a participant wishes to change deferral percentage or type, they can log into their account on ADP Retirement Trust Services website and make the changes, including electing to opt out of participation.

The Company may make discretionary flexible matching contributions on the participant's behalf. To receive such employer discretionary flexible matching contributions, employees must be employed for a period of three months by the Company. For 2025, the Company elected not to make a discretionary flexible matching contribution to the Plan.

The Company may also make non-elective contributions on the participant's behalf. To receive such employer non-elective contributions, employees must be employed for a period of three months by the Company. For 2025, the Company elected not to make a non-elective contribution to the Plan.

3. Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of: (a) the Company's contributions, (b) the Company's matching contributions, and (c) Plan earnings or losses. Allocations are based on participant contributions, earnings on participant account balances, as defined in the plan document. The benefit in which a participant is entitled is the benefit that can be provided from the participant's vested account balance. Accounts are valued on a daily basis.

4. Vesting and Forfeitures

Participants are immediately vested in their own contributions and earnings and losses thereon. Participants vest 20% per year at the end of each year of service, starting after the second year of service in the Company's flexible discretionary match and non-elective contributions, plus any related earnings or losses thereon. After six years of service, participants are fully vested in these funds. In the event of retirement, death or disability, participants are fully vested in all funds.

Forfeitures shall be used to pay any administrative expenses of the Plan and any remaining forfeitures will be used to reduce employer contributions. There were no forfeitures available at December 31, 2025.

NOTE A – DESCRIPTION OF PLAN (continued)

5. Notes Receivable

   Under the Plan provisions, a participant may borrow up to the lesser of 50% of his or her vested account balance or $50,000 minus the difference between the highest outstanding balance of loans in the past 12 months and the outstanding balance of loans from the Plan on the date the loan is made, subject to a minimum amount of $500. Participant loans are required to be repaid within five years, except notes for the participant's principal residence, which must be repaid in a reasonable period of time, not to exceed 30 years, and loan repayments shall be made each pay period in accordance with the repayment schedule. Interest is charged at a fixed rate based upon the prevailing prime rate at the time of loan plus two percentage points.

6. Distribution of Benefits

   Payment of the participant's entire account balance under the Plan is available only upon retirement, termination of employment, hardship, the attainment of age 65, death or total disability. The forms of distribution are a lump sum payments, substantially equal installments, and partial withdrawals. Beneficiaries of participants who die while participating in the Plan, or before all benefits are paid, will be entitled to the entire balance and must be paid out within five years of their death. Furthermore, a partial or installment distribution may be permitted if needed to satisfy the required minimum distribution rules.

   Upon attainment of age 59.5 employees may elect to withdraw all or a portion of their entire account balance without penalty while still employed by the Company.

   The Plan's provisions provide for hardship withdrawals for certain qualifying events as more specifically described in the Plan document.

7. Investments

   The Plan is participant directed and participants may invest their contributions in any of the investment funds offered by the Plan. The Plan's service administrator during 2025 was ADP Retirement Trust Services.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

   The accompanying financial statements of the Plan have been prepared under the accrual basis of accounting.

2. Payment of Benefits

   Benefits are recorded when paid.

3. Use of Estimates

   The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates and assumptions.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

4. Investment Valuation and Income Recognition

The Plan follows the fair value measurement requirements of Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, which defines fair value as the exchange price that would be received for the asset or paid to transfer a liability in an orderly transaction between market participants. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the gains and losses on investments bought and sold during the year as well as the change in the unrealized appreciation or depreciation on those investments during the year.

5. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025.

6. Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

7. Subsequent Events

The Plan has evaluated subsequent events through October 14, 2026 the date the financial statements were available to be issued.

NOTE C – FAIR VALUE MEASUREMENTS

FASB ASC 820 provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE C – FAIR VALUE MEASUREMENTS (continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: The investments are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust funds: a stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the NAV of units of the collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's participant-directed investments measured at fair value on a recurring basis by the fair value hierarchy levels described above are as follows:

	Fair Value Measurements as of December 31, 2025			
Description	Level 1	Level 2	Level 3	Total
Mutual funds	$ 234,221	-	-	$ 234,221

	Fair Value Measurements as of December 31, 2024			
Description	Level 1	Level 2	Level 3	Total
Mutual funds	$ 136,810	-	-	$ 136,810

As of December 31, 2025 and 2024 the following table summarizes the Plan’s investments measured at fair value using the NAV per share as a practical expedient. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

NOTE C – FAIR VALUE MEASUREMENTS (continued)

Investment Measured Using NAV per Share Practical Expedient as of December 31, 2025

Description	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Period
Common collective trust funds	$ 31,126	N/A	Daily	30 days

Investment Measured Using NAV per Share Practical Expedient as of December 31, 2024

Description	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Period
Common collective trust funds	$ 1,867	N/A	Daily	30 days

To access the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. The Plan evaluates the significance of the transfer between levels based upon the nature of the investment and the size of the transfer relative to total net assets available for benefits.

NOTE D – INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, ADP Retirement Trust Services have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate as of December 31, and for the years then ended:

	2025	2024
Mutual funds, at fair value	$ 234,221	$ 136,810
Common collective trust funds, at fair value	31,126	1,867
Notes receivable from participants	1,553	7,135
Net appreciation in fair value of investments	12,810	N/A
Interest and dividend income	7,146	N/A
Other income	447	N/A
Interest on notes receivable from participants	332	N/A

NOTE E – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

ADP Retirement Trust Services (the "TPA") provides investment advisory and bookkeeping services to the Plan; transactions with these entities qualify as exempt party-in-interest transactions. Fees paid by the Plan to the custodian and TPA for administration and investment advisory services was $7,912 for the year ended December 31, 2025.

NOTE F – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes of risk associated with certain investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE G – PLAN TERMINATION

It is the intention of the Company to continue the Plan; however, the Company has the right to terminate the Plan at any time, subject to the provisions and penalties set forth by ERISA and the Internal Revenue Code. In the event of plan termination, participants would become 100% vested in the Company's contributions.

NOTE H – TAX STATUS

The Plan has adopted a non-standardized defined contribution pre-approved plan sponsored by ADP. The defined contribution pre-approved plan has received an opinion letter, dated October 6, 2020, from the Internal Revenue Service (IRS) as to the defined contributions pre-approved plan's qualified status. The defined contribution pre-approved opinion letter has been relied upon by the Plan. The plan administrator believes the Plan is designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believes that the Plan is qualified and the related trust is tax exempt. Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that are more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
