To the Retirement Plan Committee of
TGS-NOPEC Geophysical Company 401(k) Profit Sharing Plan
Houston, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of TGS-NOPEC Geophysical Company 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

(Continued)

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024 and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 – DESCRIPTION OF PLAN

TGS-NOPEC Geophysical Company 401(k) Profit Sharing Plan (the Plan) was established by TGS-NOPEC Geophysical Company (TGS) and adopting employers (collectively, the Company) to provide employees with the opportunity to save for retirement on a tax-advantaged basis. The Plan was adopted on January 1, 1988 as a qualified retirement plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan was amended effective December 31, 2024.

The following provides general information. Participants should refer to the legal plan document for a more complete description of the Plan's provisions.

Eligibility: The Plan is provided for all eligible employees of the Company. With the exception of leased employees, as defined, nonresident aliens and employees covered by a collective bargaining agreement, all other employees become eligible to participate in the Plan on the first day of the month coinciding with or following the date on which the employee reaches the age of 21 and completes a 90-day eligibility service period. Employees will enter the Plan on the first day of the month coinciding with or next following the date they satisfy the eligibility requirements.

Contributions: Eligible participants automatically begin deferring 6% of their compensation once the age and service requirements are met, unless an affirmative election not to contribute or to contribute at a different percentage is made by the participant. The contributions are made on a pre-tax basis unless the participant affirmatively designates that any portion or all the contributions be treated as Roth contributions. On an annual basis and unless an affirmative election is made by the participant stating otherwise, the plan administrator shall increase the participant's existing deferral percentage by 1% for participants contributing at a rate of less than 6%. The increase is effective for the first payroll period following the anniversary date in which the participant became eligible to participate in the Plan.

There are two types of elective deferrals: pre-tax deferrals and Roth deferrals. Participants may revoke or make modifications to their salary deferral election in accordance with procedures that the Company provides. Total deferrals in any taxable year may not exceed the dollar limit which is set by law. If a participant is at least age 50 or will attain age 50 before the end of a calendar year, then the participant may elect to defer additional amounts as catch-up contributions.

The Company makes safe harbor matching contributions equal to 100% of the participants' contributions not to exceed 6% of compensation. Participants are immediately 100% vested in their safe harbor contributions. On an annual basis, the Plan provides for a true-up on safe harbor contributions.

A participant may also be permitted to deposit into the Plan distributions received from other plans as rollover contributions.

Participant Accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contributions, (b) Plan earnings (losses), and charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant contributions, eligible compensation, participant account balances, or specific participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Retirement, Death, and Disability: A participant is entitled to 100% of his or her account balance upon retirement, death, or disability.

(Continued)

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Vesting: Participants are 100% vested at all times in their contributions, the Company's safe harbor matching contributions, and actual earnings thereon. Employer nonelective contributions begin vesting at 34% after one year of service, increasing 33% each year thereafter, with the participant fully vested after three years. Certain participants with account balances from prior plans that were merged into the Plan are subject to grandfathered vesting provisions on the merged portion of their account.

Payment of Benefits: Participants may receive a distribution of some or all of their accounts in the Plan when they terminate employment with the Company. If the vested account balance does not exceed $1,000, a distribution of their vested account balance will be made, regardless of whether the participant consents to receive it, as soon as administratively feasible, in a single lump-sum payment in cash. If a participant's vested account balance exceeds $1,000, but is less than $5,000, it will be distributed to an IRA for their benefit. If the vested account balance exceeds $5,000, a participant's consent is required to distribute the account balance before the participant reaches normal retirement age. Participants are also entitled to receive an in-service distribution upon attaining the age of 59½. Participants may also withdraw money for financial hardship. A hardship distribution may be made to satisfy certain immediate and heavy financial needs that a participant may have.

Notes Receivable from Participants: Loans are available to participants on a reasonably equivalent basis. The amount of the loan will be limited to the lesser of $50,000 or 50% of the participant's vested interest in the Plan. No loan in an amount less than $1,000 will be made. All loans are adequately secured by the balance in the participant's account and charged a reasonable rate of interest. Generally, the term of the loan may not exceed five years unless the loan is for the purchase of a principal residence and a participant may only have one (1) loan outstanding.

When the Plan was amended and restated effective January 1, 2020, certain provisions of the loan policy were amended:

- Existing loans from participants of Spectrum prior January 1, 2020, will have the two (2) loan provision grandfathered.
- Existing loans from participants of Spectrum prior to January 1, 2020, will have the refinancing provision grandfathered.

Investment Options: Participants direct the investment of their entire interest in the Plan into investment options offered by the Plan. The Plan currently offers a money market fund, various mutual funds, pooled separate accounts and a stable value fund as investment options for its participants.

Administrative Fees: Fees and expenses charged under a participant's account will impact their retirement savings and fall into three basic categories: investment fees, administration fees, and transaction-based fees. Investment fees are generally assessed as a percentage of assets invested and are deducted directly from a participant's investment returns. Plan administration fees cover the day-to-day expenses of the Plan for recordkeeping, accounting, legal, and trustee services, as well as additional services that may be available under the Plan, such as daily valuation, telephone response systems, internet access to Plan information, retirement planning tools, and educational materials. Transaction-based fees are associated with optional services offered under the Plan and are charged directly to a participant's account if they take advantage of a particular plan feature that may be available, such as a Plan distribution.

Plan Termination: Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts and distributions will be made as soon as administratively practicable after the Plan terminates.

(Continued)

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Transfers from Other Plan: As a result of the Company's acquisition of Magseis Fairfield, LLC in January 2023, the Plan was amended effective December 31, 2024, to permit the merger of the Magseis Fairfield 401(k) Plan into the Plan. Total transfers related to the merger were $34,859,927, which are included in net assets available for benefits as of December 31, 2024.

Subsequent Events: Plan management has evaluated subsequent events for recognition and disclosure through June 10, 2026, which is the date the financial statements were available to be issued. Effective January 1, 2025, the Plan was amended to incorporate certain administrative and vesting provisions, including provisions related to participants who transferred from the Magseis Fairfield 401(k) Plan. The Plan also adopted an amendment increasing the mandatory cash-out limit from $5,000 to $7,000 for distributions made on or after January 1, 2025. In addition, effective January 1, 2025, A2D Technologies, Inc. and Magseis Fairfield, LLC became adopting employers of the Plan.

Effective January 1, 2026, the Plan was amended to revise the definition of Plan Compensation for contribution allocation purposes.

Effective March 2, 2026, the Plan was amended to provide for the merger of the Petroleum Geo-Services, Inc. 401(k) Savings and Profit Sharing Plan into the Plan. Total transfers related to the merger were approximately $497,000 (unaudited).

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires the Company to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: The Plan's investments, other than the fully benefit responsive investment contract, are reported at fair value as further described in Notes 4 and 5. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Contract value is the relevant measure for the Plan's fully benefit-responsive investment contracts, because contract value is the amount Plan participants generally receive when executing transactions under the terms of the contract and Plan provisions.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Dividends are recorded on the ex-dividend date. Interest and other income are recorded on an accrual basis.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits: Benefits are recorded when paid.

(Continued)

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES (Continued)

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks such as interest rate, market, liquidity, credit, and risks resulting from global events. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 3 – CERTIFIED INFORMATION

Certified information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2024 and 2023, net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Trust Company, LLC and Empower Annuity Insurance Company.

The Dreyfus Government Cash Management Institutional investment, which amounts to $30,532,495 as of December 31, 2024, is excluded from the certifications described above.

NOTE 4 – FAIR VALUE MEASUREMENTS

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

Money Market Mutual Fund: The fair value of money market mutual fund investments is determined using quoted market prices for the fund's net asset value (NAV) per share (Level 1 inputs).

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

(Continued)

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

Pooled Separate Accounts: The fair values of participation units held in pooled separate accounts are based on the net asset values (NAV) reported by the fund managers as of the financial statement dates and recent transaction prices. Each pooled separate account provides for daily redemptions by the Plan with no advance notice requirements and has redemption process that are determined by the fund's NAV per unit.

Stable Vale Fund: The fair value of participation units held in the Stable Value Fund is based on the net asset value (NAV) per unit of the fund as reported by the fund administrator as of the financial statement date. The fund permits daily redemptions by the Plan with no advance notice requirements. Redemptions are processed at the fund's NAV per unit.

Investments measured at fair value on a recurring basis are summarized below:

	2024			
	Level 1	Level 2	Level 3	Total
Money market mutual fund	$ 30,532,495	$ -	$ -	$ 30,532,495

Pooled separate accounts measured at NAV, practical expedient *				15,610,729
Investments at fair value				$ 86,403,537

*Investments measured at fair value using NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statement of NAV for benefits.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The following table provides additional information for the investments which are measured using NAV as a practical expedient as of December 31, 2024 and 2023:

NOTE 5 – GUARANTEED INVESTMENT CONTRACT AND STABLE VALUE FUND

The Plan held a fully benefit-responsive guaranteed investment contract with Empower Annuity Insurance Company totaling $17,632,031 as of December 31, 2023. During 2024, the Plan transitioned from a single general account guaranteed investment contract to a Stable Value Fund composed of multiple underlying investment contracts issued by Empower Annuity Insurance Company.

Effective December 31, 2024, participant investments were unitized into the Stable Value Fund and participants hold units of the fund rather than direct interests in the underlying contracts. The Plan held investments in the Stable Value Fund totaling $19,370,131 as of December 31, 2024. The underlying investments of the Stable Value Fund consist of a guaranteed income fund and a separate account guaranteed investment contract issued by Empower Annuity Insurance Company.

The underlying contracts are fully benefit-responsive investment contracts whereby contributions are credited with earnings based on interest rates established by the issuer and charged for participant withdrawals and administrative expenses. The issuer is contractually obligated to repay principal and credited interest under the contracts. The crediting rates are periodically reset in accordance with contract provisions and are not less than zero. The Stable Value Fund is measured at fair value using the net asset value (NAV) per unit practical expedient. The fair value of participation units held in the Stable Value Fund is based on the NAV per unit reported by the fund administrator as of the financial statement date. The fund permits daily redemptions by the Plan with no advance notice requirements, and redemptions are processed at the fund's NAV per unit.

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company. The Plan holds units of pooled separate accounts and a stable value fund managed by Empower Annuity Insurance Company. Empower Annuity Insurance Company and Empower Trust Company are service providers to the Plan and, therefore, these transactions and the Plan's payment of fees to the service providers qualify as party-in-interest transactions. Notes receivable from participants also reflect party-in-interest transactions.

NOTE 7 – TAX STATUS

The Internal Revenue Service issued an opinion letter dated September 16, 2022 indicating that the non-standardized pre-approved profit sharing plan adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code. Although the Plan has been amended from the original non-standardized pre-approved profit sharing plan document, Plan management believes that the Plan is currently being operated in accordance with the Internal Revenue Code.

GAAP requires Plan management to evaluate tax positions taken by the Plan. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

NOTE 8 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2024 and 2023, to the Form 5500:
