Independent Auditor's Report

Investment Committee and Participants
Medica 401(k) Matched Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Medica 401(k) Matched Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RSM US LLP is the U.S. member firm of RSM International, a global network of independent assurance, tax, and consulting firms.
Visit rsmus.com/aboutus for more information regarding RSM US LLP and RSM International.

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA
The supplemental schedule, Schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of the Plan

The following description of Medica 401(k) Matched Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

On January 1, 2021, Medica Services Company, LLC was created as a new legal entity, and the majority of employees who were employed by Medica Health Plans, Inc. were transferred to Medica Services Company, LLC. Additionally, as a result of the creation of Medica Services Company, LLC and effective January 1, 2021, the Plan changed plan sponsors from Medica Health Plans, Inc. to Medica Services Company, LLC and the name of the Plan changed from the Medica Health Plans 401(k) Matched Savings Plan to the Medica 401(k) Matched Savings Plan.

On December 18, 2022, a joint venture became effective with Dean Health Plan, Inc. whereby the employees of Dean Health Plan, Inc. became eligible for participation in the Medica 401(k) Matched Savings Plan and received vesting credit for years of service at Dean Health Plan, Inc.

General: The Plan is sponsored by Medica Services Company, LLC (the Company). The Plan is a defined contribution plan covering all eligible employees of the Company who are age 18 or older and scheduled to work at least 20 hours per week. The Plan's Investment Committee is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance. The Company has appointed John Hancock Trust Company LLC to be the trustee and invest and manage the assets of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each year, participants may contribute up to 75% of annual eligible compensation, as defined in the Plan, as a pretax and/or designated Roth contribution. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Plan includes an automatic enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants initially have their deferral rate set at 5% of eligible compensation, and their contributions are invested in a designated balanced fund. Deferral rate and fund elections can be changed immediately upon automatic enrollment at the participant's discretion. The Company contributes a safe harbor match equal to 100% of the amount of an eligible participant's salary reduction contributions up to 3% of the participant's qualifying compensation for the Plan year, plus 50% of the amount of the participant's salary reduction contributions that exceed 3% of the participant's qualifying compensation up to 5% of the participant's qualifying compensation for the Plan year. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participants who are at least age 50 and are maximizing the deferral opportunities under the Plan may elect to make catch-up contributions. Catch-up contributions cannot be made in amounts exceeding IRS limits.

Note 1. Description of the Plan (Continued)

Employer annual contribution: The Company made an employer annual contribution for all participants employed on December 31, 2023, who met the Plan's eligibility requirements and were actively employed or on an approved leave of absence, regardless of whether they made salary reduction contributions to the Plan in 2023. The amount of the contribution varied based on a participant's vesting service as of the last day of the Plan year and the participant's qualifying compensation for the Plan year, as follows:

Years of Vesting Service as of December 31	Employer Annual Contribution (as a Percentage of Qualifying Compensation)
Less than 5 years	1.25
5-9 years	2.00
10-14 years	3.25
Over 15 years	3.75

Participant accounts: Each participant's account is credited with the participant's contributions, the Company's contributions, and an allocation of investment results. Participant accounts are charged with an allocation of administrative expenses that are paid from the Plan. Allocations are based on participant qualifying compensation, account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in Company contributions plus actual earnings thereon varies by the type of Company contribution, as follows:

***Employer match*:** Participants are immediately vested in the employer match pursuant to the safe harbor match rules.

***Employer annual contributions*:** Participants are vested in the annual employer contributions based on a three-year cliff vesting schedule.

Investment options: Upon enrollment in the Plan, a participant may elect to make contributions in various investment options, as more fully described in the Plan's literature. Each option varies in type of investment, rate of return, and investment risk. Participants may also elect to contribute to a self-directed brokerage account. This allows participants to invest their account balances in any investment desired, subject to certain limitations, as more fully described in the Plan's literature. Participants may choose their contribution elections and investment option elections on a daily basis.

Benefit payments: On termination of service, death, permanent disability or retirement, a participant may elect to leave their account balances in the Plan, roll over the balances to another plan, receive partial payments, receive installment payments over a period not to exceed 20 years, or receive a lump-sum amount equal to the vested value of his or her account. The Plan allows for automatic distribution of participant-vested account balances that do not exceed $1,000 upon termination. If the vested account balance exceeds $1,000 but is equal to or less than $5,000, the vested account balance will be rolled over to an individual retirement account (IRA) upon termination unless the participant elects to receive a lump-sum payment. Voluntary withdrawals of participants' account balances are allowed for reasons of financial hardship, as defined, or upon attainment of age 59½. Payment shall be made to the participant as soon as reasonably feasible following approval of the withdrawal request by the Company.

Note 1. Description of the Plan (Continued)

Forfeited accounts: Forfeited nonvested accounts were approximately $141,000 at December 31, 2023 and 2022. These accounts are used to fund future employer contributions. Employer contributions were partially funded by approximately $135,000 in 2023 using forfeited nonvested accounts.

Notes receivable from participants: In accordance with the Plan agreement, participants may borrow from their accounts. The aggregate of all loans to a participant under the Plan may not exceed the lesser of $50,000 or 50% of such participant's total account balance. The loans have terms ranging from one to five years, or up to 15 years for the purchase of a primary residence, and are secured by the balance in the participant's account. The rate of interest on new loans is the prime rate as published at the beginning of each calendar quarter preceding the calendar day on which the loan is granted or renewed, plus 1%. At December 31, 2023, interest rates on loans outstanding range from 4.25% to 9.50% and are due in various amounts through March 2038. Principal and interest are paid ratably through payroll deductions. A loan setup fee of $100 is deducted from the participant's account for each new loan initiated.

Plan termination: Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants would become 100% vested in their accounts.

Basis of accounting: The accounting records of the Plan are maintained on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies utilizing information provided by the Plan's investment advisors and trustee. See Note 5 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2023 or 2022.

Notes receivable from participants have been classified as an investment asset for Form 5500 reporting purposes and, accordingly, have been included as an investment in the supplemental schedule, Schedule H, line 4i—schedule of assets (held at end of year).

Benefit payments: Benefits are recorded when paid.

Note 2. Significant Accounting Policies

Administrative expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included as an offset to net appreciation in fair value of investments.

Risks and uncertainties: The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the 2023 statement of net assets available for benefits.

The Plan Administrator has evaluated subsequent events through October 10, 2024, the date the financial statements were available to be issued.

Note 3. Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments are managed by the trustee and its affiliate. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Note 4. Information Certified or Provided by the Plan Trustee

The following is a summary of the Plan's asset information as of December 31, 2023 and 2022, and for the year ended December 31, 2023, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified by John Hancock Trust Company LLC, the trustee of the Plan. The Plan Administrator has obtained certifications from the trustee that the information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and ERISA-required supplemental schedule related to assets certified by the trustee.

Assets certified by the trustee as complete and accurate as of December 31, 2023 and 2022, were as follows:

	2023	2022
Investments, at fair value:		
Registered investment companies	$ 245,918,815	$ 170,303,977
Collective trust funds	157,400,321	136,034,169
Brokerage accounts	3,788,535	2,224,943
Total investments, at fair value	407,107,671	308,563,089
Notes receivable from participants	4,970,734	3,855,445
	$ 412,078,405	$ 312,418,534

Note 4. Information Certified or Provided by the Plan Trustee (Continued)

The trustee also certified to the completeness and accuracy of $56,093,583 of net appreciation in fair value of investments; $3,166,111 of interest and dividend income related to the aforementioned investments; $225,573 of other income, revenue sharing; and $273,108 of interest income on notes receivable from participants for the year ended December 31, 2023.

Note 5. Fair Value Measurements

Accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy under Accounting Standards Codification (ASC) Topic 820 that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The methods described above may produce fair values that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2023 and 2022:

	Investment Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 245,918,815	$ -	$ -	$ 245,918,815
Brokerage accounts	3,788,535	-	-	3,788,535
Total investment assets in the fair value hierarchy	249,707,350	-	-	249,707,350
Investments measured at net asset value*	-	-	-	157,400,321
Investment assets at fair value	$ 249,707,350	$ -	$ -	$ 407,107,671

	Investment Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 170,303,977	$ -	$ -	$ 170,303,977
Brokerage accounts	2,224,943	-	-	2,224,943
Total investment assets in the fair value hierarchy	172,528,920	-	-	172,528,920
Investments measured at net asset value*	-	-	-	136,034,169
Investment assets at fair value	$ 172,528,920	$ -	$ -	$ 308,563,089

* In accordance with Subtopic 820-10, certain investments that were measured at net asset value (NAV) per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Registered investment companies and brokerage account investments: Registered investment companies and brokerage account investments are valued at quoted prices for identical investments in active markets for shares held.

Note 5. Fair Value Measurements (Continued)

The Plan follows guidance on how entities should estimate fair value of certain alternative investments. The fair value of investments within the scope of the guidance can be determined using NAV per share as a practical expedient, when fair value is not readily determinable, unless it is probable the investment will be sold at something other than NAV. The following table includes categories of investments where NAV is available as a practical expedient. There are no unfunded commitments for the investments below as of December 31, 2023 or 2022.

Investment	Fair Value at December 31 2023	Fair Value at December 31 2022	Redemption Frequency	Redemption Notice Period
L&G S&P 500 DC Collective Investment Trust Fund (a)	$ 72,344,548	$ 58,768,714	Immediate	None
L&G MSCI EAFE DC Collective Investment Trust Fund (a)	12,119,894	9,483,305	Immediate	None
T. Rowe Price Stable Value Common Trust Fund (Class A) (a)	30,561,134	31,741,703	Immediate	None
BlackRock Total Return Collective Investment Trust Fund (a)	37,222,752	31,915,776	Immediate	None
Principal Diversified RA Collective Investment Trust Fund (a)	5,151,993	4,124,671	Immediate	None

(a) **Collective trust funds:** These collective trust funds seek to maintain safety of principal through investing in an actively managed and diverse portfolio of investment contracts, and the associated portfolio of underlying investments. All investment contract issuers and securities utilized by the collective trust funds must be rated investment-grade at the time of purchase. There are no participation redemption restrictions for the collective trust funds; the redemption notice period is applicable only to the Plan. The fair value of the collective trust funds has been determined using the NAV per share, which is based on the fair value of the fund's underlying pool of securities. The NAV is used as a practical expedient to estimate fair value, and the NAV per share was provided to the Plan by the trustee.

Note 6. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2023 and 2022, to Form 5500:

	2023	2022
Net assets available for benefits as presented per the financial statements	$ 418,155,726	$ 316,307,416
Employer contributions receivable	(6,077,321)	(3,888,882)
Net assets available for benefits per the Form 5500	$ 412,078,405	$ 312,418,534

Note 6. Reconciliation of Financial Statements to Form 5500 (Continued)

The following is a reconciliation of the net increase in net assets available for benefits per the financial statement for the year ended December 31, 2023, to Form 5500:

Net increase in net assets available for benefits per the financial statement	$ 101,848,310
Employer contributions receivable, end of year	(6,077,321)
Employer contributions receivable, beginning of year	3,888,882
Net increase in net assets available for benefits per the Form 5500	$ 99,659,871

Note 7. Income Tax Status

The Plan Sponsor received a determination letter from the IRS dated September 16, 2022, stating that the Plan is qualified under section 401(a) of the Internal Revenue Code (IRC) and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
