Independent Auditors' Report

To the Trustees and Participants of
Zschimmer and Schwarz, Inc. 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Zschimmer and Schwarz, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution (American United Life Insurance Company) as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditors' Responsibilities for the Audits of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audits of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements conform with the Plan's provisions, including maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements are free from material misstatement, whether due to fraud or error and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance. Therefore, it is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedules *Schedule H, Line 4i - Schedule of Assets (Held at End of Year)* as of December 31, 2025 and *Schedule H, Line 4a - Schedule of Delinquent Participant Contributions* as of and for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or is derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or are derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF THE PLAN

The following description of the Zschimmer and Schwarz, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Adoption Agreement for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan covering substantially all full-time employees of Zschimmer and Schwarz, Inc. (the "Sponsor") and its affiliated company, Zschimmer and Schwarz Interpolymer, Inc. (collectively the "Employers"), who have attained age 21 and have completed 3 months of service. The Plan became effective January 1, 2015, and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA") and the Internal Revenue Code ("IRC").

Contributions
Employees eligible to participate in the Plan (the "participants") may contribute on a pre-tax or after-tax basis any amount of eligible compensation, as defined, to the Plan through a salary deferral arrangement, up to the limit prescribed by the IRC, which is adjusted annually by the Internal Revenue Service ("IRS"). Participants may also make rollover contributions, which represent distributions from other qualified retirement plans.

For eligible participants, the Employers make nonelective safe harbor contributions equal to 3% of the participants' compensation.

Investment options
The Plan's investment assets are held by American United Life Insurance Company (the "Custodian"), the custodian of the Plan's investment assets. Under an arrangement with the Custodian and upon enrollment in the Plan, participants direct all contributions in any whole percentage increment among any of the available investment funds. Participants may change their allocation among the various investment options at any time.

Participant accounts
Each participant's account is credited with (a) the participant's contributions, (b) the Employers' contributions on behalf of the participant, and (c) the earnings and losses of the participant's investments and is charged with any expenses incurred as a result of transactions initiated by the participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are immediately vested in their contributions, rollovers, Employers' safe harbor contributions, and earnings thereon.

Payment of benefits
Upon termination of service with the Employers, attainment of normal retirement age, or by reason of death or disability, a participant may request a distribution in the form of a lump-sum distribution or equal installments equal to the value of his or her vested account. Participants still employed with the Employers may withdraw all or a portion of their account balance upon attainment of age 59 ½ or by reason of financial hardship, as for reasons permitted under the IRC. A participant whose vested account balance does not exceed $1,000 will receive a lump sum distribution of their vested account balance as soon as administratively feasible following termination. A terminated participant whose vested account balance is between $1,000 and $5,000 and who does not elect otherwise, will have their vested account balance distributed from the Plan directly into an individual retirement account in their name.

Notes receivable from participants
Participants may borrow, from their fund accounts, amounts ranging from $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balances. A participant may have no more than one loan outstanding at a time. Loan terms range from one to five years, unless the loan is for the purchase of the participant's primary residence, in which case the term may be extended. The loans are secured by the balance in the participant's account and bear interest at a fixed rate as determined by the plan administrator. At both December 31, 2025 and 2024, the interest rates on outstanding loans ranged from 5.25% to 10.50%. Principal and interest are paid ratably through periodic payroll deductions.

Administrative expenses
Administrative fees relating to certain participant-initiated transactions are paid by the Plan and charged to the accounts of participants initiating the transactions. Recordkeeping and direct investment advisory fees are also paid by the Plan and are allocated amongst participant accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting
The accompanying financial statements are prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America.

Use of estimates in financial statement preparation
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment valuation and income recognition
Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Investments, except for fully benefit-responsive investment contracts, are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements. Interest income is recorded when earned. Net appreciation/ depreciation in the fair value of investments includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Payment of benefits
Benefits are recorded when paid.

Subsequent events
The Sponsor has evaluated subsequent events through October 5, 2026, the date the financial statements were available to be issued.

3. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN (UNAUDITED)

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (the "DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by the Custodian, except for comparing such information to the related information included in the Plan's financial statements and supplemental schedules.

The following information included in the accompanying financial statements and supplemental schedules was prepared and certified to be complete and accurate by the Custodian as of December 31, 2025 and 2024, and for the year ended December 31, 2025:

	2025	2024
Investments at fair value:		
Pooled separate account	$ 15,395,195	$ 12,301,827
Investments in fully benefit-responsive investment contract, at contract value	801,388	986,235
Total investments	$ 16,196,583	$ 13,288,062
Investment income:		
Net appreciation in fair value of pooled separate account	$ 2,094,726	
Interest on fully benefit-responsive investment contract	15,452	
Total investment income	$ 2,110,178	

4. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan holds a guaranteed investment contract with American United Life Insurance Company. Contributions under the contract are maintained in the issuer general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the contract is fully benefit-responsive, contract value is the relevant measurement attribute for net assets available for benefits attributable to the contract. Contract value, as reported to the Plan by the Custodian, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The issuer may terminate the contract upon the Plan's establishment, activation, or material change to a Plan investment fund if the issuer determines that the event or change would prevent it from continuing to operate the contract under its current terms.

The contract does not have a minimum guaranteed interest rate. Interest rates are adjusted annually. During the period held, the interest rate increased from 1.25% to 1.50%.

5. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1
Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2
Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3
Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There were no changes in the methodology used during the year ended December 31, 2025.

- Pooled separate account: Valued at the NAV of shares held by the Plan at year-end. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Sponsor believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

At both December 31, 2025 and 2024, the pooled separate account is measured using NAV as a practical expedient and not required to be included in the fair value hierarchy.

6. RELATED PARTY TRANSACTIONS

The Sponsor incurs certain costs on behalf of the Plan and provides recordkeeping services to the Plan at no cost.

Certain investments held by the Plan are managed by the Custodian. Accordingly, these transactions qualify as party-in-interest transactions as defined by ERISA.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. INCOME TAX STATUS

The Plan uses a prototype document sponsored by One America Financial Partners Inc., who was informed by the IRS by letter dated August 18, 2020, that the Plan, as amended, is designed in accordance with the applicable sections of the IRC. The Plan has not obtained a determination from the IRS on its adoption of the prototype plan. In accordance with Revenue Procedure 2002-6, the Sponsor has chosen to rely on the opinion letter of the prototype plan. Subsequent to this opinion letter, the Plan has been amended. Once qualified, the plan is required to operate in conformity with the IRC to maintain its qualification. The Sponsor believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are no audits for any tax periods in progress and the Plan administrator believes that the Plan is no longer subject to income tax examinations for years prior to 2022.

9. PLAN TERMINATION

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA.
