Independent Auditor's Report

Plan Administrator
Independent Bank 401(k) Plan
Memphis, Tennessee

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of the Independent Bank 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from John Hancock Trust Company, LLC as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by John Hancock Trust Company, LLC agrees to, or is derived from, in all material respects, the information prepared and certified by John Hancock Trust Company, LLC that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

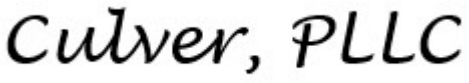

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of the Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by John Hancock Trust Company, LLC agrees to or is derived from, in all material respects, the information prepared and certified by John Hancock Trust Company, LLC that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 – PLAN DESCRIPTION

The following description of the Independent Bank 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Independent Bank (the Company). Newly eligible employees are automatically enrolled in the Plan as soon as administratively possible. Participants have the option to opt out of the Plan within 90 days of automatic enrollment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The trustees are responsible for oversight of the Plan. The investment committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's trustees.

Contributions

Each year, participants may contribute up to the maximum allowable by law of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Company contributes 50% of the first 6% of base compensation that a participant contributed to the Plan. Additional profit sharing and matching amounts may be contributed at the option of the Company's board of directors. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested in the Company's match after six years of credited service.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured with at least fifty percent (50%) of the present value of a participant's vested interest in the Plan. The loan interest rate is set at 2% above the prime rate, as defined. Principal and interest are paid twice monthly through payroll deductions.

NOTE 1 – PLAN DESCRIPTION (CONTINUED)

Mandatory Distribution Provision

On termination of service due to death, disability, retirement, or other reasons, a participant will receive the value of the vested interest in his or her account as a lump-sum distribution if the amount is equal to no more than the mandatory cash-out threshold of $5,000. In the event participant's account is both (1) subject to the mandatory cash-out threshold and (2) exceeds $1,000, the Plan Administrator will direct the distribution to an individual retirement plan designated by the Plan Administrator. If the value of a participant's account exceeds the mandatory distribution threshold, an immediate lump sum distribution will not be made unless the participant, and if applicable, the participant's spouse (or beneficiary), consent to such a distribution.

Payment of Benefits

Upon death, disability, or retirement, the participant or the participant's beneficiary receive their vested account balance in one lump sum without regard to amount. Normal retirement age is 65. The Plan does not provide for early retirement.

Distributions Prior to Termination ("In-Service" Distributions)

Participants are entitled to receive an in-service distribution; however, this distribution is not in addition to other benefits and therefore reduces the value of the benefits received at retirement. This distribution is made at participants' election. To receive an "in-service" distribution, participants must be of age 59 ½ and the amount can only be made from accounts which are 100% vested.

Forfeited Accounts

Forfeited accounts of non-vested participants are used to reduce future employer contributions, restore forfeited account balances of rehires who are eligible for restoration of forfeitures, and to reduce administrative expenses of the Plan. As of December 31, 2025, forfeited nonvested accounts totaled $11,551.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the plan sponsor and are excluded from these financial statements. Other administrative service fees may be charged to participant accounts and are separately disclosed in the accompanying financial statements. Investment-related expenses are included in net appreciation of fair value of investments. Additional fees are charged to participants based on their use of certain plan features.

Separated Participants with Deferred Vested Benefits

As of December 31, 2025, there were 14 participants who had separated from service with vested account balances that remained in the Plan and had not yet been distributed. The aggregate vested account balances of these separated participants totaled $2,030,357 as of December 31, 2025.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Presentation of Financial Statements/Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP). Accordingly, income is recorded in the year earned and expenses are recorded in the year incurred.

Use of Estimates

The preparation of the financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, as well as disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Investment Valuation and Income Recognition

Investments are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan presents in the statements of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of investments which consists of investment income, realized gains and losses, and the unrealized appreciation (depreciation) on investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment isrecorded.

Date of Management's Review

The plan sponsor evaluated the December 31, 2025 financial statements for subsequent events through June 23, 2026, the date the financial statements were available to be issued. Management is not aware of any significant subsequent events that would warrant disclosure in these financial statements.

NOTE 3 – FAIR VALUE MEASUREMENTS

The fair value of assets and liabilities is determined by using a fair value hierarchy that distinguishes between market participant assumptions based on market data obtained from sources independent of the reporting entity, and the reporting entity's own assumptions about market participant assumptions based on the best information available in the circumstances.

The three levels of the fair value hierarchy are described as follows:

Level 1: Unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.

Level 2: Observable inputs other than quoted prices included within Level 1 that are observable for the asset or liability either directly or indirectly. Level 2 inputs include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in markets that are not active so that they are traded less frequently than exchange-traded instruments, quoted prices are not current, or principal market information is not released publicly
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs derived principally from or corroborated by observable market data by correlation or other means

Level 3: Unobservable inputs are supported by little or no market activity and are significant to the fair value of the assets or liabilities. These unobservable inputs reflect the Plan's own assumptions about judgments that market participants would use in pricing the asset or liability. Level 3 assets and liabilities include financial instruments whose values are determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies/sources used for assets measured at fair value.

Mutual Funds. Money Market Funds, and Fixed Income (Bond) Mutual Funds: Valued at the daily closing price (net asset value) of shares held by the Plan as reported by the fund. These funds are registered with the SEC, are required to publish their daily NAV and to transact at that price, and are deemed to be actively traded (Level 1).

Collective Trust Funds: Valued at the NAV (Net Asset Value) of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 – FAIR VALUE MEASUREMENTS (CONTINUED)

The following table presents the fair value hierarchy for the balances of assets of the Plan measured at fair value on a recurring basis as of December 31, 2025:

	Level 1	Level 2	Level 3	**Total**
Money market funds	$ 11,551	$ -	$ -	$ 11,551
Mutual funds	27,431,532	-	-	27,431,532
Fixed income	1,225,384	-	-	1,225,384
	$ 28,668,467	$ -	$ -	$ 28,668,467
Collective trust funds*				608,631
				$ 29,277,098

*Stated at net asset value per share. The funds are not mutual funds registered under the Investment Company Act of 1940, and their units are not registered under the Securities Act of 1933. The funds are only available for investment by eligible, qualified retirement plan trusts, as defined in the declaration of trust and participant agreement. At this time, the Fund does not believe that the occurrence in market value events would limit the Fund's ability to transact at contract value with participants. On December 31, 2025, the Fund did not have any unfunded commitments, any other redemption restrictions, or a redemption notice period.

NOTE 4 – SUMMARY OF INFORMATION CERTIFIED BY ASSET CUSTODIAN

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the asset custodian (John Hancock Trust Company, LLC) has certified that the following data included in the accompanying financial statements and supplemental information is complete and accurate:

- Investments as shown in the statement of net assets available for benefits as of December 31, 2025.
- Investment activity, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025.
- The schedule of assets (held at end of year) as of December 31, 2025.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental information.

NOTE 5 – FEDERAL INCOME TAX STATUS

The Plan has not obtained a separate determination letter from the IRS stating that the Plan was compliant with the applicable requirements of the Internal Revenue Code (IRC). The Plan is relying on the IRS approval of the standardized prototype plan that it is utilizing. The IRS has opined and informed the third-party administrator by a letter dated June 30, 2020 that the prototype plan was designed in accordance with applicable sections of the IRC. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan was qualified and tax-exempt as of the financial statement date.

NOTE 6 – RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Plan investments are managed by John Hancock Trust Company, LLC. John Hancock Trust Company, LLC is the custodian, as defined by the Plan. Therefore, these transactions qualify as party-in-interest transactions. Certain administrative expenses paid directly by the plan sponsor also qualify as party-in-interest transactions. These transactions are exempt from the prohibited transaction provisions of ERISA and the Internal Revenue Code. Fees incurred by the Plan for investment management services are included in net appreciation (depreciation) in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. Notes receivable from participants are also considered party-in-interest transactions.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
