Report of Independent Auditors

The Participants and Administrative Committee
Employees Profit Sharing Retirement Plan of Servco Pacific Inc. and Subsidiaries

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of the Employees Profit Sharing Retirement Plan of Servco Pacific Inc. and Subsidiaries (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits – modified cash basis as of December 31, 2025 and 2024 and the related statement of changes in net assets available for benefits – modified cash basis for the year ended December 31, 2025, and the related notes to the financial statements – modified cash basis.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2 to the financial statements.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2 to the financial statements, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature* of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Accuity LLP and Accuity Advisors, LLC practice as an alternative practice structure in accordance with the AICPA Code of Professional Conduct and applicable laws, regulations, and professional standards. Accuity LLP is a licensed independent CPA firm that provides attest services to its clients, and Accuity Advisors, LLC provides tax and business consulting services to their clients. Accuity Advisors, LLC, is not a licensed CPA firm.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental schedule H, Line 4i – Schedule of Assets (Held at End of Year) – modified cash basis as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Accuity LLP is a licensed independent CPA firm that provides attest services to its clients, and Accuity Advisors, LLC provides tax and business consulting services to their clients. Accuity Advisors, LLC, is not a licensed CPA firm.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the Employees Profit Sharing Retirement Plan of Servco Pacific Inc. and Subsidiaries (the "Plan"), provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all eligible employees of Servco Pacific Inc. (the "Company"). The Plan was established effective October 31, 1951 and is subject to the provisions of the Internal Revenue Code ("IRC") and the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. Substantially all employees may participate in the Plan except for employees of Servco Australia Pty, Ltd.

Plan Administration

Fidelity Management Trust Company (the "Trustee") is the trustee of the Plan and manages a trust fund for the Plan on behalf of the Company. The trust agreement provides that the Trustee also acts as the investment manager for the trust fund and provides administrative services to the Plan.

Eligibility

Employees of the Company become eligible to participate in the Plan upon the employee's date of hire (or date of rehire). Employees become eligible to participate in the employer matching contribution portion of the Plan upon hire. Employees become eligible to participate in additional employer matching contributions after earning at least 1,000 hours of service and contributing at least 3% during the Plan year. Additionally, employees must be employed by the Company or a related employer on the last day of the contribution period to receive employer matching or additional employer matching contributions.

There are no age requirements for eligibility in the Plan.

Contributions

The Plan contains an automatic contribution arrangement; whereby eligible employees are automatically enrolled in the Plan, unless elected otherwise. Eligible employees are enrolled at a pre-tax contribution rate of 6% of eligible compensation per pay period.

Participants may elect to defer up to 100% of their eligible compensation and contribute up to the amounts prescribed under the IRC on a pre-tax basis. Unless elected otherwise, plan participants are subject to an automatic rate increase of 1% annually, until a deferral rate of 10% is reached.

Participants who have attained certain age requirements before the end of the Plan year are eligible to make catch-up contributions to the Plan, as stated in the plan document. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company matches 50% of elective deferrals up to 6% of eligible compensation. Employer matching contributions are subject to a true-up calculation as if the employer matching contributions were calculated on an annual basis.

The Company may make an additional employer matching contribution or a discretionary non-elective employer contribution on behalf of eligible participants. During the year ended December 31, 2025, the Company made an additional discretionary non-elective employer matching contribution of $1,000,000.

Participant Accounts
Contributions are invested in participant-directed accounts, as determined by the Plan Administrative Committee (the "Committee").

Each participant's account is credited with the participant's contribution and allocation of (a) the Company's matching contributions, (b) the Company's additional matching and discretionary non-elective contributions, and (c) plan earnings or losses, net of administrative expenses. Allocations are based on the participant's years of service or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting of Benefits
Participants are immediately vested in their elective deferrals and non-elective contributions plus actual earnings thereon. Vesting in employer matching contributions and additional employer matching contributions are based on years of continuous service. A participant is fully vested after completion of three years of service with at least 1,000 hours in each year, the attainment of normal retirement age of 65, or termination by death or permanent disability.

Notes Receivable from Participants
Participants may borrow from their plan accounts, a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are collateralized by the balance in the participant's account and bear interest at a reasonable rate of interest as determined based on prevailing interest rates. Principal and interest are generally paid ratably through semi-monthly payroll deductions not to exceed five years, unless loans were used to purchase or construct a primary residence in which case loan repayments may be extended. The interest rates of notes receivable from participants at December 31, 2025 range from 4.25% to 9.50%.

Participant loans shall generally be deemed to be in default if a scheduled payment is missed and is not received by the end of the calendar quarter subsequent to the calendar quarter in which the missed payment occurred.

Benefit Payments
On termination of service due to death, disability, or retirement, a participant or beneficiary has the option to receive the value of the participant's vested interest in his or her account in a lump sum or periodic installments, as defined in the Plan. Additionally, participants may make certain in-service withdrawals from the Plan, including hardship withdrawals and withdrawals upon attainment of age 59½, subject to the provisions of the Plan.

Forfeitures
At December 31, 2025 and 2024, forfeiture balances amounted to approximately $325,000 and $104,000, respectively. Forfeitures may be used to pay for plan expenses and reduce employer contributions. Forfeited amounts of approximately $101,000 and $27,000 were used to pay employer contributions and administrative expenses, respectively, for the year ended December 31, 2025.

2. Summary of Significant Accounting Policies

Basis of Accounting
The accompanying financial statements have been prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Under this method, additions to net assets available for benefits except for certain investment transactions and interest income on notes receivable from participants, are recognized when

received rather than when earned, and deductions from net assets available for benefits are recognized when paid rather than incurred.

Use of Estimates
The preparation of the Plan's financial statements in conformity with the modified cash basis of accounting requires the plan administrator to make significant estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements, the changes in net assets available for benefits during the reporting period, and when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties
The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits – modified cash basis and the statement of changes in net assets available for benefits – modified cash basis.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Committee determines the Plan's valuation policies utilizing information provided by the Trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a settlement-date basis. Interest income, other than interest income on notes receivable from participants, and dividends are recorded as received. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2025 and 2024.

Payment of Benefits
Benefits are recorded when paid. At December 31, 2025 and 2024, there were no significant elections to withdraw funds which remained unpaid.

Administrative Expenses
Certain expenses of the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses paid by the Company are excluded from the financial statements. Investment-related expenses are included in net appreciation in fair value of investments. Participant fees, fees related to the administration of notes receivable from participants, and special handling fees are charged directly to the participant's account and are included in administrative expenses.

3. Information Certified by the Plan Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

December 31:	2025	2024
Investments at fair value	$ 267,811,839	$ 227,126,457
Notes receivable from participants	753,418	735,987

Year Ended December 31:	2025
Net appreciation in fair value of investments	$ 32,267,987
Interest and dividend income	8,753,090
Interest income on notes receivable from participants	44,808

The Plan's independent auditors did not perform any auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

The accounting guidance for fair value measurements establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

- **Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- **Level 2** – Inputs to the valuation methodology include:
    - Quoted market prices for similar assets or liabilities in active markets;
    - Quoted prices for identical or similar assets or liabilities in inactive markets;
    - Inputs other than quoted prices that are observable for the asset or liability;
    - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- **Level 3** – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. Mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage – The self-directed brokerage account consists primarily of mutual funds which are stated at fair value based on quoted market prices, which represent the NAV of units held by the Plan on the last trading day of the Plan year and cash equivalents that are valued at carrying amount which is equivalent to fair value due to the short-term nature of the fund. The investments held in the self-directed brokerage account are generally categorized as Level 1 in the fair value hierarchy.

Common collective trust fund – The Plan invests in the Galliard Retirement Income Fund, which is a common collective trust stable value fund that is composed of traditional investment contracts and security-backed contracts issued by third parties, which are intended to maintain a constant NAV while permitting participant-initiated benefit-responsive withdrawals for certain events. The underlying investments in the stable value fund qualify as fully benefit-responsive investment contracts. Fair value was estimated using the cost approach at the unit share value as determined by the stable value fund and is generally categorized as Level 2 in the fair value hierarchy.

The preceding measurements described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

	Investment Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 259,238,897	$ -	$ -	$ 259,238,897
Self-directed brokerage	6,517,294	-	-	6,517,294

Total investments	$ 265,756,191	$ 2,055,648	$ -	$ 267,811,839

	Investment Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 221,188,518	$ -	$ -	$ 221,188,518
Self-directed brokerage	4,313,945	-	-	4,313,945
Common collective trust fund	-	1,623,994	-	1,623,994
Total investments	$ 225,502,463	$ 1,623,994	$ -	$ 227,126,457

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the plan document to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, participants will be fully vested in their accounts and are entitled to the balances of their accounts.

6. Tax Status

The Plan is based on the non-standardized pre-approved profit sharing plan sponsored by FMR LLC, an affiliate of the Trustee. The Internal Revenue Service ("IRS") informed FMR LLC by a letter dated June 30, 2020, that the non-standardized pre-approved profit sharing plan upon which the Plan is based is designed in accordance with the provisions of the IRC. The Plan has been subsequently amended; however, in the opinion of the plan administrator, the Plan is currently being operated in compliance with the applicable requirements of the IRC and thus qualifies the Plan for tax exempt status.

The modified cash basis of accounting requires the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2022.

7. Related-Party Transactions

Notes receivable from participants are considered party-in-interest transactions. Certain plan investments represent units of mutual funds managed by an affiliate of the Trustee. Any purchases and sales of these funds are performed on the open market at fair value. Fees paid by the Plan for trustee and recordkeeping services amounted to $66,806 in 2025. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

8. Subsequent Events

The Plan has evaluated subsequent events through October 13, 2026, the date the financial statements were available to be issued, and determined there are no other items to disclose.
