REPORT OF INDEPENDENT AUDITORS

The Plan Administrator and Participants
Imperial Distributors, Inc. 401(k) Retirement Savings
Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Imperial Distributors, Inc. 401(k) Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of March 31, 2026 and 2025, and the related statement of changes in net assets available for benefits for the year ended March 31, 2026, and the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institutions as of March 31, 2026 and 2025, and for the year ended March 31, 2026, stating that the certified investment information, as described in Note 3 to the financial statements, are complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Imperial Distributors, Inc. 401(k) Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Imperial Distributors, Inc. 401(k) Retirement Savings Plan's ability to continue as a going concern for one year from the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion the

effectiveness of Imperial Distributors, Inc. 401(k) Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Imperial Distributors, Inc. 401(k) Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

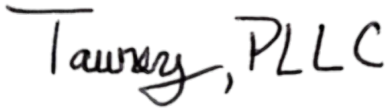

The supplemental schedule of assets (held at end of year) as of March 31, 2026 is presented for the purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and related directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

IMPERIAL DISTRIBUTORS, INC. 401(k) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

March 31, 2026

1. Description of the Plan

The following description of the Imperial Distributors, Inc. 401(k) Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions. The Plan was originally established June 28, 1971.

General

The Plan is a defined contribution plan covering eligible employees of Imperial Distributors, Inc. (the Plan Sponsor or Company). The Plan is subject to the provisions of the Internal Revenue Code of 1986, as amended (the Code) and the *Employee Retirement Income Security Act of 1974* (ERISA). The Plan Administrator and the Plan's trustees are officers of the Company. Transamerica Retirement Solutions, LLC (Transamerica) is the recordkeeper for the Plan and Transamerica Trust Company and Transamerica Life Insurance Company are the Custodians.

The Plan was amended April 1, 2024 to change the elective deferral modification for employees from the first of the month to any business day. The Plan was further amended effective April 1, 2024 to limit the auto-enrollment provision to new hires only.

Eligibility

An employee is eligible to participant in the Plan when the employee completes six months of service and attains the age of eighteen. Once eligible, an employee can enter the Plan on the first day of the next month.

Participant Contributions

Participants may elect to contribute, on a pre-tax or Roth basis, whole percentages or whole dollar amounts of their compensation, subject to certain limitations under the Code. Participants may change the amounts they have elected to contribute on the first day of any month. Participants who attain age 50 by calendar year-end can, subject to certain limitations of the Code, also make catch-up contributions.

The Plan has an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect to not participate in the Plan. Automatically enrolled participants have their deferral rate set at three percent of eligible compensation, as defined in the plan agreement.

1. Description of the Plan (Continued)

Employer Contributions

The Company may make a discretionary matching contribution. For the year ended March 31, 2026, the Company approved a discretionary matching contribution of an amount equal to 30% of participant contributions up to 5% of eligible compensation, as defined. There are no conditions for the employer discretionary contribution all eligible and participating employees are eligible for the discretionary matching contributions. The Company may also make discretionary profit sharing contributions. For the year ended March 31, 2026, the Company made no discretionary profit sharing contributions.

Rollover Contributions

With the approval of the Plan Administrator, the Plan may receive any amounts received by a participant as a distribution from another qualified plan, provided that the receipt of such amounts does not adversely affect the qualified tax status of the Plan. Participants are fully vested in these amounts.

Participant Accounts

Each participant's account is credited with the participant's contributions, the employer's contributions and an allocation of the Plan's earnings or losses. The allocation is based on account balances and the returns on investments elected by each participant. The benefits to which a participant is entitled are those that can be provided from the vested balances in the participant's account.

Vesting

Participant contributions and any earnings thereon are 100% vested upon contribution. Vesting in any employer discretionary matching and profit sharing contributions is based upon years of service as follows:

Years of Service	Vesting Percentage
0-1 years	0
2 years	20
3 years	40
4 years	60
5 years	80
6 years	100

A year of service is defined as 1,000 hours worked in a given plan year. For any participant who terminates at or after the age of sixty or as a result or death or disability, the entire balance in the participant's account becomes 100% vested.

1. Description of the Plan (Continued)

Forfeitures

Participants who leave the Company forfeit the nonvested portion of their account balances. These forfeited amounts are used towards funding the employer matching contributions or paying administrative expenses of the Plan. The balance of unallocated forfeitures as of March 31, 2026 and 2025 was $51,500 and $40,455, respectively. Forfeitures totaling $15,099 were used to fund employer matching contribution for the year ended March 31, 2026.

Investment Elections

Each participant shall direct the investment of his or her own individual account and may select from several mutual funds, and a group annuity contract.

Notes Receivable from Participants

The Plan allows loans to eligible participants, subject to certain statutory limits. Participants may borrow up to the lesser of $50,000 or 50% of the vested portion of their account balances, subject to certain restrictions specified in the Plan. Loans bear interest at a rate similar to those rates charged by commercial lenders, as established by the Plan Administrator at the time of each loan, and are repayable within a period of 5 years unless the loan is for the purchase of the principal residence of the borrower, in which case the term may be up to 10 years. Loans are collateralized by the respective participant's remaining account balance. The Plan permits a maximum of two loans at one time. The interest rate on outstanding loans at March 31, 2026 ranged from 3.25% to 9.50% with various maturities through November 2030. The interest rate on outstanding loans at March 31, 2025 ranged from 3.25% to 9.50% with various maturities through August 2029.

Benefits

Withdrawals may be made from a participant's account upon attaining age 59 ½, death, disability or upon termination of employment. If a participant terminates service, the entire vested amount in his or her account may be distributed or rolled over as directed by the participant. The Plan allows for an involuntary cash-out upon termination of employment up to $7,000. Participants may also be entitled to a hardship withdrawal as determined in accordance with the Plan's provisions. The Plan allows for qualified birth or adoption distributions, as defined.

Administrative Expenses

Administrative expenses related to recordkeeping are paid by the Plan. Investment related expenses are included in net appreciation in fair value of investments. Certain expenses resulting from participant distributions and loan set-up charges are deducted directly from participant accounts. Remaining expenses are paid directly by the Plan Sponsor.

1. Description of the Plan (Continued)

Plan Termination

While it has not expressed any intention to do so, the Company has the right to terminate the Plan, subject to the provisions of ERISA. In the event that the Plan is terminated, the trustees of the Plan will distribute the assets of the Plan to individuals having an interest in the Plan. Upon plan termination, participants become 100% vested in all account balances. Distributions will be made to participants in proportion to the amounts credited to their respective accounts after payment of all expenses and the proportional adjustments of their accounts to reflect plan profits and losses as of the date of termination.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value except for fully benefit-responsive investment contracts, which are stated at contract value, as described in note 3. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan invests in the Transamerica Stable Value Core Option, which is a group annuity contract that is considered fully benefit-responsive. Contract value is the relevant measurement attribute for the portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. Employer initiated events, if material, may affect the underlying economics of investment contracts. These events include discontinued operations, layoffs, Plan termination, bankruptcy or reorganization, merger, tax disqualification of the Plan or other events. The occurrence of one or more employer-initiated events could limit the contract's ability to transact at contract value with Plan participants. As of March 31, 2026, the occurrence of an event outside the normal operations of the Plan which would limit the contract's ability to transact at contract value is not considered probable.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded when earned. Dividends are recorded on the ex-dividend date. In the statement of changes in net assets available for benefits, the Plan presents the net appreciation in the fair value of investments, which consists of realized gains or losses and the unrealized appreciation/depreciation on investments bought and sold as well as held during the year.

2. Summary of Significant Accounting Policies (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of March 31, 2026 or 2025. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default as defined in the plan document, a benefit payment is recorded and the participant loan is reduced.

Benefit Payments

Benefit payments are recorded when paid.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as pandemics or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near future and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Subsequent Events

Events occurring after the date of the statements of net assets available for benefits are evaluated by management to determine whether such events should be recognized or disclosed in the financial statements. Management has evaluated subsequent events through October 19, 2026, which is the date the financial statements were available to be issued.

Income Taxes

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.

3. Investments

The Plan Administrator has elected the method of compliance as permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's auditors not to perform any auditing procedures with respect to the information certified by the custodians except for comparing such information with the related information included in the accompanying financial statements and supplemental schedule. The Plan Administrator has obtained a certification from Transamerica Trust Company and Transamerica Life Insurance Company Inc., the custodians, as of March 31, 2026 and 2025 and for the year ended March 31, 2026, stating that the information provided to the Plan Administrator by the custodians is complete and accurate. The certified information includes investments, notes receivable from participants, interest and dividend income, interest income on notes receivable from participants, net appreciation in fair value of investments, and investment transactions.

The Plan has a fully benefit-responsive group annuity contract with Transamerica Life Insurance Company (TLIC). The underlying assets of the annuity contract are invested in a stable value fund. The stable value fund investment is backed by the general account of TLIC and is guaranteed against loss of principal, less all withdrawals, including charges and adjustments. These guarantees are based on the insurance company's ability to meet its financial obligations from its general assets. There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The contract pays interest at crediting rates which are announced in advance and guaranteed for a specific period of time as outlined in the contract. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees.

4. Tax Status

The underlying non-standardized pre-approved profit sharing plan has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the form of the Plan is qualified under Section 401 of the Internal Revenue Code (the Code). Any employer adopting this form of the plan will be considered to have a plan qualified under section 401 of the Code, and, therefore, the related trust is tax-exempt. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The Plan administrator believes that the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. Related-Party and Party-in-Interest Transactions

The Plan issues loans to participants, which are secured by the balances in the participants' accounts. The Plan paid administrative expenses totaling $82,196 to the Plan's custodians and recordkeeper for the year ended March 31, 2025. The Transamerica Stable Value Core option held by the Plan is issued by TLIC, which is affiliated with the Plan's custodian. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rule under ERISA.

6. Fair Value Measurements

U.S. GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at March 31, 2026 and 2025.

Mutual funds: Mutual funds are valued at quoted market prices. These securities are categorized as Level 1 as they are actively traded and no valuation adjustments have been applied.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value could result in a different fair value measurement at the reporting date.

6. Fair Value Measurements (Continued)

The following tables present for each hierarchy level, the Plan's assets that are measured at fair value as of March 31, 2026 and 2025:

	2026			
Description:	**Level 1**	**Level 2**	**Level 3**	**Total**
